Pages From A Workers Life:

Pages from a Worker's Life William Zebulon Foster, 1978 **"Women, Workers, and Race in LIFE Magazine "** Dolores Flamiano, 2017-07-05 The tension between social reform photography and photojournalism is examined through this study of the life and work of German girl Ansel Mieth 1909-1998 who made an unlikely journey from migrant farm worker to LIFE photographer. She was the second woman in that role after Margaret Bourke White. Unlike her colleagues, Mieth was a working class reformer with a deep disdain for LIFE's conservatism and commercialism. In fact, her work often subverted LIFE's typical representations of women workers and minorities. Some of her most compelling photo essays used skillful visual storytelling to offer fresh views on controversial topics: birth control, vivisection, labor unions, and Japanese American internment during the Second World War. Her dual role as reformer and photojournalist made her a desirable commodity at LIFE in the late 1930s and early 40s, but this role became untenable in Cold War America when her career was cut short. Today, Mieth's life and photographs stand as compelling reminders of the vital yet overlooked role of immigrant women in twentieth-century photojournalism. **Women Workers and Race in LIFE Magazine** draws upon a rich array of primary sources, including Mieth's unpublished memoir, oral histories, and labor archives. The book seeks to unravel and understand the multi-layered, often contested stories of the photographer's life and work. It will be of interest to scholars of photography history, women's studies, visual culture, and media history.

Pages from a Worker's Life, 1916-26 Bob Davies, 1961 *History from the Bottom Up and the Inside Out* James R. Barrett, 2017-08-04 James R. Barrett rethinks the boundaries of American working class history by investigating the ways in which working class people's personal lives intersected with their activism and religious, racial, ethnic, and class identities.

Forging American Communism Edward P. Johanningsmeier, 2014-07-14 A major figure in the history of twentieth-century American radicalism, William Z. Foster (1881-1961) fought his way out of the slums of turn-of-the-century Philadelphia to become a professional revolutionary as well as a notorious and feared labor agitator. Drawing on private family papers, FBI files, and recently opened Russian archives, this first full-scale biography traces Foster's early life as a world traveler, railroad worker, seaman, hobo, union activist, and radical journalist, and also probes the origins and implications of his ill-fated career as a top echelon Communist official and three-time presidential candidate. Even though Foster's long and eventful life ended in Moscow, where he was given a state funeral in Red Square, he was portrayed here as a thoroughly American radical. The book not only reveals the circumstances of Foster's poverty-stricken childhood in Philadelphia but also vividly describes his work and travels in the American West. Also included are fascinating accounts of his early political career as a Socialist, Wobbly, and anarcho-syndicalist, and of his activities as the architect of giant organizing campaigns by the American Federation of Labor involving hundreds of thousands of workers in the meatpacking and steel industries. The author views Foster's influence in the American Communist movement from the perspective of the history of American labor and unionism, but he also offers a realistic assessment of Foster's career in light
