Giotto the Painter. Volume 2: Works Michael Viktor Schwarz, 2023-04-17 The paintings examined and contextualised in this volume are those secured for Giotto through early written sources These sources also help to reconstruct the sequence of his works and artistic inventions as is plausible in the context of media culture in the decades around and after 1300 while Giotto was spiritually and intellectually formed in the sphere of the Florentine Dominicans his artistic path began in Rome in the shadow of the Curia The breakthrough to his own artistic concept came immediately before and during his work in Padua In addition to prominent churchmen ecclesiastical institutions and the King of Naples his clients were predominantly members of Italy's urban and financial elites The adoption and further development of his inventions by other especially Sienese painters

pressured him in his later years to try new approaches again *Giotto the Painter. Volume 1-3* Michael Viktor Schwarz, 2023-04-17 Vol 1 Life Giotto 1334 is the first European artist about whom it is possible to write following the schema of life and work The situation of the sources however is complicated On Giotto's life there are on the one hand biographical accounts from the mid fourteenth century onwards that responded to various ideological requirements patriotism humanism Renaissance ideology cult of the artist on the other there is extensive documentary material from Giotto's lifetime which seems to reflect less the biography of an artist than that of a bourgeois businessman resolutely climbing the social ladder The present volume focuses on this second aspect of the Giotto figure's double life relating it to the form of existence of the pre modern artist Vol 2 Works The paintings examined and contextualised in this volume are those secured for Giotto through early written sources These sources also help to reconstruct the sequence of his works and artistic inventions as is plausible in the context of media culture in the decades around and after 1300 while Giotto was spiritually and intellectually formed in the sphere of the Florentine Dominicans his artistic path began in Rome in the shadow of the Curia The breakthrough to his own artistic concept came immediately before and during his work in Padua In addition to prominent churchmen ecclesiastical institutions and the King of Naples his clients were predominantly members of Italy's urban and financial elites The adoption and further development of his inventions by other especially Sienese painters pressured him in his later years to try new approaches again Vol 3 Survival Giotto is considered by many to be the founder of modern painting This thesis is discussed and modified in the present volume on an empirical basis What emerges is that Giotto's impact cannot be reduced simply to the introduction of the study of nature Rather his art was involved in the development of pictorial idioms that were attuned to the skills and interests of their audiences The new approaches in his painting contributed in particular to the possibility of examining and communicating psychological narrative and allegorical content of great complexity outside the media of language and text which not only changed the face of European art but certainly contributed to the intellectual opening of Western societies

Representations of Art and Art Museums in Children's Picture Books Perry Nodelman, 2024-10-17 What happens when the assumptions and practices of museum curators and art educators intersect with the assumptions and practices of publishing for children This study explores how over three hundred children's picture books most of them published in the last three decades in English introduce children to art and art museums It considers how the books emerge from and relate to a range of theories and assumptions about childhood and childhood development children's literature and culture illustration visual art museology and art education As well as examining how these theories and assumptions influence what picture books teach young readers about visiting museums and about how to look at and think about art it examines which artists and artworks appear most often in picture books and offers a survey of different kinds of art related picture books ones that claim to be purely informational ones that make looking at art a game or a puzzle ones in which children visit art museums and many more Since the books all include

reproductions of or allusions to museum artworks the study also considers the problems illustrators face in depicting museum artworks in illustrations in a different style F. Junii ... de pictura veterum, etc. The painting of the ancients in three bookes: declaring by historicall observations and examples, the beginning, progresse, and consummation of that most noble art ... Written first in Latine by Franciscus Junius ... and now by him Englished, with some additions and alterations François DU JON (the Younger.),1638 Sidney and Junius on Poetry and Painting Judith Dundas,2007 Franciscus Junius the Younger 1591 1677 is famous as virtually the founder of Germanic philology But he also composed at the request of the Earl of Arundel whom he served as librarian an influential treatise on the art of painting as it is viewed in ancient literature This book discusses his marginalia to the works of Philip Sidney **Coming Home!** Carol Crown,2004 A fascinating examination of the Bible s influence on seventy three self taught artists and 122 works of art *The Shadow Lantern* Teresa Flavin,2014-07-22 Sunni and Blaise face their most dangerous challenge yet in their third and final adventure When a mysterious oil lantern and a box of painted slides appear at Blackhope Tower Sunni and Blaise are drawn back to the place where their adventures first began When they discover that the slides conceal secrets about artist magician Fausto Corvo the pair find themselves once again caught up in a deadly pursuit An old enemy is still tracking Corvo and will stop at nothing to find him Sunni and Blaise must fight to protect Corvo s secrets and rid themselves of Soranzo s evil threat once and for all

Short Fiction By Hispanic Writers of the United States Nicol's Kanellos,1993-01-01 Short Fiction by Hispanic Writers of the United States includes representative works by the most celebrated Cuban American Mexican American and Puerto Rican writers of short fiction in the country The texts cover a full range of expression themes and styles of US Hispanics and are introduced by informative entries which place the authors in their cultural and historic frameworks In these pages the reader will not find picturesque folksy or touristy renditions of Hispanic culture Instead Short Fiction by Hispanic Writers of the United States brings together works that are clear incisive and authentic representations of Hispanic life in the United States The selections are as diverse as Hispanic culture itself and as varied as the personalities of their authors Here are Max Mart nez s outrageous challenge of racial and social structures Roberta Fern ndez s construction of Hispanic women s aesthetics Roberto Fern ndez s subversion of the English language Nicholasa Mohr s humorous attack on patriarchy and Judith Ortiz Cofer s poetic evocation of childhood and biculturalism This collection engages in aesthetic and cultural experience that will result in a re defined canon and a new identity for the country as whole They are re focusing our perception of ourselves as a people and a culture The pressure and the commitment to do so of course make for excellence and innovation in literary expression It also makes for enjoyable reading Short Fiction by Hispanic Writers of the United States is recommended for the general fiction reader and for use in high school and college literature classes in search of a multicultural perspective *Georges Rouault and Material Imaging* Jennifer Johnson,2020-11-26 This book considers questions of materiality and painting focalized through the notoriously obscure work of Georges Rouault and offers an

innovative critical approach to the various questions raised by this challenging modernist. Described as a difficult and dark painter, Rouault's oeuvre is deeply experimental. Images of the circus emerge from a plethora of chaotic marks, while numerous landscapes appear as if ossified in thick paint. Rouault's work explodes the genre of painting, drawing upon the residue of Gustave Moreau's symbolism, the extremities of Fauvism, and the radical theatrical experiments of Alfred Jarry. The repetitions and re-workings at the heart of Rouault's process defy conventional chronological treatment and place the emphasis upon the coming into being of the work of art. Ultimately, the book reveals the process of making as both a search for understanding and a response to the problematic world of the 20th century.
