Pakistan From Hash To Heroin By Haq Ikramul:

Pakistan, from Hash to Heroin Ikramul Haq, 1991 **US-Pakistan Relationship** A.Z. Hilali, 2017-07-05 Hilali provides an excellent study into the US Pakistan partnership under the Reagan administration. The book explores the causes of Pakistan's involvement in the Afghanistan war and the United States support to prevent Soviet adventurism. It shows that Pakistan was the principal channel through which assistance was provided to Afghan freedom fighters; it also provided access to its military bases to use against the Soviet Union. The study looks at the consequences of the war on Pakistan and explains how it became enmeshed within its domestic politics. Furthermore, it evaluates the role of Pakistan as a key partner in the global coalition against terrorism and discusses how General Pervez Musharraf brought about Pakistan's development towards a progressive, moderate and democratic society. Ideally suited to courses on foreign policy.

India's Sentinel: Select Writings of Air Commodore Jasjit Singh AVSM, VrC, VM (Retd) Dr Manpreet Sethi, Dr Shalini Chawla, 2014-07-15. Air Commodore Jasjit Singh was one of India's foremost strategic analysts. The only constant for him in over three decades of research, analyses and writing was the centrality of national interest. Indeed, the man never let the nation down, whether as an air warrior or a strategist, ever ready to voice his views irrespective of how the wind was blowing and always remaining practical in approach. Ever an optimist, he believed that India would inevitably rise to power by the sheer size of its economy and human resource potential. A greater concern for him, however, was the need to sensitize his compatriots to the national security challenges that would arise as the country rose and to equip them with the capability to optimally address these. He did so through his writings and talks. This book is a modest compilation of his select writings on two specific issues: nuclear strategy and Pakistan, since he considered these as critical amongst India's many security challenges. Of course, the range of Jasjit Singh's writings and the expanse of his knowledge is immense and beyond capture in one book. But this is a small effort in the direction of spreading his message/ideas to the current and future generation of scholars and policy makers. Hopefully, it will encourage students of national security to look for more of his writings beyond the few that we have been able to carry in this volume.

Pakistan Ikramul Haq, 2003. The author has meticulously documented a twin threat to Pakistan's very existence in his excellent study on the drug trap and interrelated debt trap. His clearly stated intention and obligation as an advocate of a strong civil society is to alert his fellow countrymen against Pakistan's journey from Kingdom of Heroin to Bankrupt nuclear State. Dr Ikramul Haq's concern, however, is not only confined to his home country Pakistan. On the one hand, he thoroughly analyses how military and civilian leaders have led their country into a crippling debt trap and which the role of narco money has played in

this power game On the other hand he painstakingly reveals the external factors which have facilitated and accelerated Pakistan's fall into the debt trap He rightly argues that Pakistan's ill fated situation illustrates the deep problems of poor countries in general Everyone will agree with his strong appeal that in the global village it is the obligation of the rich countries to support the poorest ones in getting out of their debt trap P x *Index of Islamic Literature* ,1993 **The Herald** ,1991 *Civil Society and Pakistan's Economy* Fayyaz Baqir,2023-03-17 This book analyses the paradoxes of Pakistan's economy meritocratic domestic policy and the role of the state and the civil society It argues that the transition in the country's foreign policy from geo politics to geo economic depends on a fundamental domestic policy transition from kleptocracy to meritocracy Civil Society and Pakistan's Economy discusses how the prevalence of rent seeking practices has undermined merit based practices by increasing the cost of doing business and converting public loss into private profit by awarding inappropriate subsidies and imposing regressive taxes The analyses are supported by describing the instruments and mechanisms used for rent seeking practices and the creation of public awareness of options available to change these practices through citizen's action and civil society engagement The book also shows the path of transformation and the role of participation and argues that aspiring for and capturing power is not the only way to transform Pakistan A novel analysis depicting macro micro linkages of encroachment of socio economic space by the power elites and effective strategies used for its reappropriation by the people the book will be of interest to academics researching South Asian Studies in particular South Asian economics and politics *Accessions List, South Asia* Library of Congress.
