

Pakistan: Political Roots and Development 1947-1999

Safdar Mahmood

The focus of the book is on Pakistan's political history. With a chapter on the establishment of Pakistan as a backgrounder, the book thoroughly examines constitution-making and the characteristic features of various constitutions and why and how these did not work effectively. It analyses the working of the military governments of Ayub Khan, Yahya Khan, and Ziaul Haq as well as the working of the elected civil governments after Pakistan's return to civilian rule in 1985. It also analyses the programmes and functioning of various political parties along with their election performance and leadership. The book critically examines the genesis, functioning and causes for the periodic breakdown of the democratic process in Pakistan. It offers a concise analytical statement on the major aspects of Pakistan's history, constitution-making, political parties and the democratic process and foreign policy. No other single volume covers such a long period of history, examining a variety of subjects and issues.

Safdar Mahmood holds a Ph.D. from Punjab University in Political Science and a Diploma in Personnel Management from Oxford University. A member of the Central Superior Services of the Government of Pakistan, he has held leading positions in the provincial and federal governments, including Secretary, Ministry of Education, and Ministry of Information and Broadcasting, and Federal Secretary Ministry of Religious Affairs.

... has several original aspects. The author offers a succinct analysis of the major political events, entities, constitutions, and processes. It's a kind of a capsule of information and data, giving an excellent introduction to Pakistan's political history and foreign policy.

Jihad as Grand Strategy S. Contemporary Pakistani Fiction in English Cara Cilano, 2013-04-12 Looking at a wide selection of Pakistani novels in English this book explores how literary texts imaginatively probe the past convey the present and project a future in terms that facilitate a sense of collective belonging The novels discussed cover a range of historical movements and developments including pre 20th century Islamic history the 1947 partition the 1971 Pakistani war the Zia years and post 9 11 Pakistan as well as pervasive themes including ethnonationalist tensions the zamindari system and conspiracy thinking The book offers a range of representations of how and whether collective belonging takes shape and illustrates how the Pakistani novel in English often overshadowed by the proliferation of the Indian novel in English complements Pakistani multi lingual literary imaginaries by presenting alternatives to standard versions of history and by highlighting the issues English language literary production bring to the fore in a broader Pakistani context It goes on to look at the literary devices and themes used to portray idea nation and state as a foundation for collective belonging The book illustrates the distinct contributions the Pakistani novel in English makes to the larger fields of postcolonial and South Asian literary and cultural studies

Pakistan's Tactical Nuclear Weapon: Conflict Redux Brigadier Gurmeet Kanwal, Dr Monika Chansoria, 2013-10-15 Tactical Nuclear Weapons TNWs often referred to as battlefield sub strategic or non strategic nuclear weapons usually have a plutonium core and are typically distinct from strategic nuclear weapons Therefore they warrant a separate consideration in the realm of nuclear security The yield of such weapons is generally lower than that of strategic nuclear weapons and may range from the relatively low 0.1 kiloton to a few kilotons Pakistan's quest to acquire tactical nuclear weapons has added a dangerous dimension to the already precarious strategic equation in South Asia The security discourse in the subcontinent revolves around the perennial apprehension of a conventional or sub conventional conflict triggering a chain reaction eventually paving the way for a potential nuclear crisis haunting peace and stability in the region Pakistan believes that the successful testing of the 60 km nuclear capable short range missile Hatf 9 Nasr adds deterrence value to Pakistan's strategic weapons development programme at shorter ranges In paradox the fact remains that this step has further lowered Pakistan's nuclear threshold through the likely use of TNWs The introduction of TNWs into the tactical battle area further exacerbates credibility of their control Pakistan has not formally declared a nuclear doctrine but it is well known that nuclear weapons are its first line of defence The use of TNWs in

the India Pakistan case will alter the strategic scenario completely as Pakistan would threaten India with the use of TNWs in the event of New Delhi responding against Islamabad with a conventional strike in reaction to a 26/11 style terrorist attack. Pakistan forgets that given its offensive strategic posture and continuing involvement in terror strikes in India it is New Delhi which is confronted with the problem of developing a strategy to counter Pakistan's first strike and proxy war in the light of its declared no first use policy. This edited volume attempts to address and decipher complex issues including aspects such as China's WMD collaboration with Pakistan, nuclear command and control dynamics within Pakistan, overall rationale and implications of TNWs, safety and security of nuclear weapons, scenarios for nuclear usage, India's potential response options and more specifically the technical aspects of the Nasr delivery system.

From Jinnah to Jihad Arvin Bahl, 2007. Former American President Bill Clinton Referred To Kashmir As The Most Dangerous Place On Earth. In 1999 Nuclear Armed Powers India And Pakistan Fought A War Over Kashmir And Again In 2002 They Came Close To Another The Kashmir Dispute Represents One Of The World's Oldest And Most Intractable Conflicts Having Befuddled Policymakers Since The Partition Of The Subcontinent In 1947. Author Arvin Bahl Attempts To Analyze This Conflict In The Context Of International Relations Theory Drawing On A Variety Of Sources Including Interviews With Leading Figures Of The Indian And Pakistani Establishments. Bahl Argues That The Question Of The Kashmir Dispute Is Really The Question Of Why The Liberation Of The Kashmir Valley From Indian Rule Has Been A Foremost Pakistani National Interest. Since The Partition Realism The Dominant Theory Of International Relations Argues That Regardless Of Era Region Ideology Or Domestic Politics States Will Behave In The Same Ways When Faced With Similar Situations In The International System Namely They Will Try To Maximize The State's Interests Yet Pakistan's Quest For Control Of The Kashmir Valley Represents A Case In Which A Country's Foreign Policy Cannot Be Explained By Realism And Realism's Main Assumption Of The State As A Rational Actor Appears To Be Violated. The Kashmir Valley Has Little Strategic Importance To Pakistan Pakistan Has Almost No Chance Of Obtaining It Against A Much Stronger Power That Dismembered It In A Previous War And Its Economy Is Being Destroyed By Military Confrontation With India Which Also Threatens Its Security. This Study Attempts To Explain The Puzzle Of Pakistan's Seemingly Irrational Policy Behavior On Kashmir By Developing A Framework Combining Liberal And Constructivist Approaches. Constructivists Emphasize The Importance Of Ideas Ideologies And Identities When Observing How States Behave. The Ideology That Pakistan Was Founded On The Two Nation Theory Makes Ending Indian Rule Over The Kashmir Valley Of Utmost National Interest For Pakistan To Concede That A Muslim Majority Region That Is Contiguous With It Can Be A Part Of India Would Be For Pakistan To Accept That There Was No Need For The Partition Of The Subcontinent Along Religious Lines And The Creation Of Pakistan In The First Place. Liberals Focus On Understanding Domestic Politics In Order To Understand A Country's Actions In The International System. The Pakistani Military The Country's Most Powerful Institution Since Its Formation Has Used The Conflict With India To Bring About And Legitimize Its Dominance Of The

Country South Asia Gained Prominence In American Foreign Policy After The 9 11 Attacks And The Standoff That Ensued Between India And Pakistan In Early 2002 Thus This Study Concludes With Policy Recommendations Primarily To American Policymakers For Dealing With Pakistan And Kashmir Based On The Analysis Developed In The Preceding Chapters This Book We Hope Is An Eye Opener For All General Readers It Will Be Found Immensely Useful And Informative By Students Researchers And Teachers Of History Political Science International Relations And South Asian Studies **Political Parties in Pakistan** Nazeer Ahmad,2004 **Afghanistan's Political Stability** Dr Ahmad Shaye Qassem,2013-03-28

Political stability has been a central theme of policy for all governments and political systems in the history of modern Afghanistan Since its inception in the mid nineteenth century the country experimented with a diverse succession of political systems and state ideologies matched by few other countries political histories In the span of less than nine decades since independence in 1919 the Afghan state was substantially restructured at least a dozen times This volume looks at Afghanistan s historic relations with Central and South Asia ethno nationalism and development Soviet occupation and transformation of relations with Pakistan stability of the Islamic State and regional cooperation It examines how Afghanistan s different political systems reformed and readjusted policies to make them more conducive to political stability Yet political stability at best has remained a dream unrealized in Afghanistan *Crafting Peace in Kashmir* Verghese Koithara,2004-08-30 Presenting a completely new perspective on the Kashmir conflict this book argues that resolving the situation can be brought about through a peace strategy rather than a war strategy Through an analysis of the conflicts in Northern Ireland Sri Lanka and Palestine the author draws parallels between the India Pakistan conflict He also presents reasons why a durable peace based on the Line of Control becoming the settled border and the two parts of Jammu and Kashmir being given parallel and substantial autonomy can be achieved in today s conditions The book concludes that peace between India and Pakistan is possible based on political realism and that strategic solutions that safeguard the interests of both countries are available

Vying for Allah's Vote Haroon K. Ullah,2013-12-17 What is driving political extremism in Pakistan In early 2011 the prominent Pakistani politician Salmaan Taseer was assassinated by a member of his own security team for insulting Islam by expressing views in support of the rights of women and religious minorities Benazir Bhutto the former prime minister was killed by gunfire and explosive devices as she left a campaign event in December 2007 strong evidence links members of extremist organizations to her slaying These murders underscore the fact that religion politics and policy are inextricably linked in Pakistan In this book Haroon K Ullah analyzes the origins ideologies bases of support and electoral successes of the largest and most influential Islamic parties in Pakistan Based on his extensive field work in Pakistan he develops a new typology for understanding and comparing the discourses put forth by these parties in order to assess what drives them and what separates the moderate from the extreme A better understanding of the range of parties is critical for knowing how the US and other Western nations can engage states where Islamic political parties hold both political and moral authority

Pakistan's current democratic transition will hinge on how well Islamic parties contribute to civilian rule shun violence and mobilize support for political reform Ullah's political party typology may also shed light on the politics of other majority Muslim democracies such as Egypt and Tunisia where Islamist political parties have recently won elections Roots of 1971 Tragedy Asif Haroon, 2005 Minority Accommodation through Territorial and Non-Territorial Autonomy Tove H. Malloy, Francesco Palermo, 2015-10-08 Minority Accommodation through Territorial and Non-Territorial Autonomy explores the relationship between minority territory and autonomy and how it informs our understanding of non-territorial autonomy NTA as a strategy for accommodating ethno-cultural diversity in modern societies While territorial autonomy TA is defined by a claim to a certain territory NTA does not assume that it is derived from any particular right to territory allocated to groups that are dispersed among the majority while belonging to a certain self-identified notion of group identity In seeking to understand the value of NTA as a public policy tool for social cohesion this volume critically dissects the autonomy arrangements of both NTA and TA and through a conceptual analysis and case study examination of the two models rethinks the viability of autonomy arrangements as institutions of diversity management This is the second volume in a five-part series exploring the protection and representation of minorities through non-territorial means examining this paradox within law and international relations with specific attention to non-territorial autonomy NTA **The Defiant Border** Elisabeth Leake, 2017 This book explores why the Afghan-Pakistan borderlands have remained largely independent of state controls throughout the twentieth century Pathways to Power Arjun Guneratne, Anita M. Weiss, 2013-12-19 Pathways to Power introduces the domestic politics of South Asia in their broadest possible context studying ongoing transformative social processes grounded in cultural forms In doing so it reveals the interplay between politics cultural values human security and historical luck While these are important correlations everywhere nowhere are they more compelling than in South Asia where such dynamic interchanges loom large on a daily basis Identity politics not just of religion but also of caste ethnicity regionalism and social class infuses all aspects of social and political life in the sub-continent Recognizing this complex interplay this volume moves beyond conventional views of South Asian politics as it explicitly weaves the connections between history culture and social values into its examination of political life South Asia is one of the world's most important geopolitical areas and home to nearly one and a half billion people Although many of the poorest people in the world live in this region it is home also to a rapidly growing middle class wielding much economic power India Pakistan and Bangladesh together the successor states to the British Indian Empire the Raj form the core of South Asia along with two smaller states on its periphery landlocked Nepal and the island state of Sri Lanka Many factors bring together the disparate countries of the region into important engagements with one another forming an uneasy regional entity Contributions by Arjun Guneratne Christophe Jaffrelot Pratyoush Onta Haroun-er-Rashid Seira Tamang Shabnum Tejani and Anita M Weiss
