Pakistani Episode:

Pakistani Episode Gretia H. Spaur, 1972 *Fiction, Film, and Indian Popular Cinema* Florian Stadler, 2013-10-30 This book analyses the novels of Salman Rushdie and their stylistic conventions in the context of Indian popular cinema and its role in the elaboration of the author's arguments about post independence postcolonial India Focusing on different genres of Indian popular cinema such as the Social Mythological and Historical Stadler examines how Rushdie's writing foregrounds the epic the mythic the tragic and the comic linking them in storylines narrated in cinematic parameters The book shows that Indian popular cinema's syncretism becomes an aesthetic marker in Rushdie's fiction that allows him to elaborate on the multiplicity of Indian identity both on the subcontinent and abroad and illustrates how Rushdie uses Indian popular cinema in his narratives to express an aesthetics of hybridity and a particular conceptualization of culture with which India has become identified in a global context Also highlighted are Rushdie's uses of cinema to inflect his reading of India as a pluralist nation and of the hybrid space occupied by the Indian diaspora across the world The book connects Rushdie's storylines with modes of cinematic representation to explore questions about the role place and space of the individual in relation to a fast changing social economic and political space in India and the wider world *A Person of Pakistani Origins* Ziauddin Sardar, 2018-09-01 What does it mean to be a Pakistani Can it mean more than one thing And what do others think it means Ziauddin Sardar explores what makes a Pakistani and whether it's something one wants or ought to be Reflecting on his culture and heritage through tales of the Pakistanis in his life *A Person of Pakistani Origins* is a whirlwind tour of dueling poets Bollywood films a bookish auntie who harbors feminist urges and a vanishing uncle who reappears miles away Thoughtful and generously laced with humor this book delves deep into Pakistan's eclectic culture and the humble insanity of everyday life for a person of Pakistani origins Sardar richly celebrates the importance of where we come from and of who we become *Human Rights in Translation* Michal Jan Rozbicki, 2018-10-26 This volume reflects on what happens when the idea and practice of universal human rights cross the cultural borders between different communities of knowledge Although such rights are usually presumed to be founded on certain globally shared beliefs the norms and values of many cultures are often incommensurable with these universal principles and hence the need to translate and vernacularize them Any law that would successfully institutionalize them must frame human rights in a way that defers to the historically constituted cultural capital of the society in which it is to function The essays in this book seek to illuminate different cognitive contexts that produce different meanings of rights identify spaces of intercultural crossings where differences can coexist and offer usable narratives and metaphors that could help mediate between distinct cultures They show that the path forward does not lead through a unified theory of human rights that can be applied globally nor through mere repackaging of rights in a more understandable language What is needed is a deep understanding of the process of intercultural dialogue the cultural grammar involved in relationships of difference **No Exit from Pakistan** Daniel S. Markey, 2013-10-07 This book tells the

story of the tragic and often tormented relationship between the United States and Pakistan Pakistan's internal troubles have already threatened US security and international peace and Pakistan's rapidly growing population nuclear arsenal and relationships with China and India will continue to force it upon America's geostrategic map in new and important ways over the coming decades This book explores the main trends in Pakistani society that will help determine its future traces the wellsprings of Pakistani anti American sentiment through the history of US Pakistan relations from 1947 to 2001 assesses how Washington made and implemented policies regarding Pakistan since the terrorist attacks on the United States on September 11 2001 and analyzes how regional dynamics especially the rise of China will likely shape US Pakistan relations It concludes with three options for future US strategy described as defensive insulation military first cooperation and comprehensive cooperation

Regional Cases in U.S. Foreign Policy Donald M. Snow, 2017-05-01 *Regional Cases in U S Foreign Policy* is the perfect accompaniment to *U S Foreign Policy Back to the Water's Edge* It provides micro level bilateral interactions among specific states material that is often ignored or downplayed in more general treatments of the subject Each of the seven chapters is devoted to a region of the world in which the United States conducts significant foreign policy Each chapter features case studies of American interaction with two different countries in that region allowing students the opportunity to compare policy interactions across as well as within particular regions

Ethnic Minorities, Media and Participation in Hong Kong Lisa Y.M. Leung, 2021-02-15 Second and third generation South and Southeast Asian minorities in Hong Kong being marginalized from mainstream social and political affairs have developed an ambivalent sense of belonging to their host society Unlike their forefathers who first settled in Hong Kong under British colonial rule these younger generations have spent their formative years in the territory As such they have increasingly engaged in the public and political realms of society partly in response to the territory's rapid political changes Leung discusses and analyses the complex and diverse engagement of migrant and minority youths in Hong Kong and their struggle for recognition while desiring to be long to a place they call home Some are joining the calls for democratic changes in the territory In particular she argues that much of this struggle can be seen in minorities involvement in creative sectors of society While it will be of especial interest to scholars with an interest in Hong Kong this book presents a compelling case study for anyone interested in the dynamics of migrant and minority engagement in the creative sector as a strategy for engagement

The Bloomsbury Handbook of Muslims and Popular Culture Hussein Rashid, Kristian Petersen, 2023-09-21 *The Bloomsbury Handbook of Muslims and Popular Culture* illustrates how Muslims participate in a broad spectrum of activities Moving beyond a framework that emphasizes ritual legal historical or theological issues this book speaks to how Muslims live in the world in relation to their religion and the realities of the world around them The international team of contributors provide in depth analysis that chronicles Islamic cultural products in regional and transnational contexts explores dominant and emerging theories about popularization and offers provocations in the field of religion and popular culture The handbook is structured

in six parts spaces appetites performances readings visions and communities The book explores a variety of Muslim societies and communities within the last 100 years ranging from the Islamic presence in Latin American architecture to Muslim Anglophone hip hop and Muslims in modern Indian theatre

Strategic Dynamics and Nuclear Weapons Proliferation in South Asia Bhumitra Chakma, 2004 This book analyses India and Pakistan's decision to go nuclear against the odds of Nuclear Non Proliferation Treaty based nuclear order It reflects upon the key factors that contributed to and the process that prompted India and Pakistan's nuclear programmes to take a military orientation which eventually culminated in the May 1998 nuclear tests It also explains the motivation which underscored both India and Pakistan's determination to advance nuclear postures in 1998 that appeared to be inconsistent with the post Cold War global strategic environment Further this book explains why international and regional nuclear non proliferation regimes were ineffective in preventing India and Pakistan from going nuclear

Pakistan - The Political Economy of Growth, Stagnation and the State, 1951-2009 Matthew McCartney, 2011-06-07 This book provides a comprehensive reassessment of the development of the economy of Pakistan since independence to the present It employs a rigorous statistical methodology which has applicability to other developing economies to define and measure episodes of growth and stagnation and to examine how the state has contributed to each Contesting the orthodox view that liberalisation has been an important driver of growth in Pakistan the book places the state at the centre of economic development rather than the market It examines the state in relation to its economic roles in mobilising resources and promoting a productive allocation of those resources and its political roles in managing the conflict inherent in economic development The big conclusions for economic growth in Pakistan are that liberalisation the market and the external world economy in fact have less influence than that of the state and conflict Overall the book offers analyses of the different successive approaches to promoting economic growth and development in Pakistan relates these to medium term economic outcomes periods of growth and stagnation and thereby explains how the mechanisms by which the state can better promote growth and development

Brokering Peace in Nuclear Environments Moeed Yusuf, 2018-05-08 One of the gravest issues facing the global community today is the threat of nuclear war As a growing number of nations gain nuclear capabilities the odds of nuclear conflict increase Yet nuclear deterrence strategies remain rooted in Cold War models that do not take into account regional conflict *Brokering Peace in Nuclear Environments* offers an innovative theory of brokered bargaining to better understand and solve regional crises As the world has moved away from the binational relationships that defined Cold War conflict while nuclear weapons have continued to proliferate new types of nuclear threats have arisen Moeed Yusuf proposes a unique approach to deterrence that takes these changing factors into account Drawing on the history of conflict between India and Pakistan Yusuf describes the potential for third party intervention to avert nuclear war This book lays out the ways regional powers behave and maneuver in response to the pressures of strong global powers Moving beyond debates surrounding the widely accepted rational deterrence model Yusuf

offers an original perspective rooted in thoughtful analysis of recent regional nuclear conflicts With depth and insight *Brokering Peace in Nuclear Environments* urges the international community to rethink its approach to nuclear deterrence

American Post-Conflict Educational Reform N. Sobe, 2009-11-23 This edited volume brings together historians of education and comparative education researchers to study the educational reconstruction projects that Americans have launched in post conflict settings across the globe

The Language of Evaluation J. Martin, Peter R.R. White, 2007-09-27 This is the first comprehensive account of the Appraisal Framework The underlying linguistic theory is explained and justified and the application of this flexible tool which has been applied to a wide variety of text and discourse analysis issues is demonstrated throughout by sample text analyses from a range of registers genres and fields

Cosmopolitan Dreams Jennifer Dubrow, 2018-10-31 In late nineteenth century South Asia the arrival of print fostered a dynamic and interactive literary culture There within the pages of Urdu language periodicals and newspapers readers found a public sphere that not only catered to their interests but encouraged their reactions to featured content *Cosmopolitan Dreams* brings this culture to light showing how literature became a site in which modern daily life could be portrayed and satirized the protocols of modernity challenged and new futures imagined Drawing on never before translated Urdu fiction and prose and focusing on the novel and satire Jennifer Dubrow shows that modern Urdu literature was defined by its practice of self critique and parody Urdu writers resisted the cultural models offered by colonialism creating instead a global community of imagination in which literary models could freely circulate and be readapted mixed and drawn upon to develop alternative lines of thinking Highlighting the participation of readers and writers from diverse social and religious backgrounds the book reveals an Urdu cosmopolis where lively debates thrived in newspapers literary journals and letters to the editor shedding fresh light on the role of readers in shaping vernacular literary culture Arguing against current understandings of Urdu as an exclusively Muslim language Dubrow demonstrates that in the late nineteenth century Urdu was a cosmopolitan language spoken by a transregional transnational community that eschewed identities of religion caste and class The Urdu cosmopolis pictured here was soon fractured by the forces of nationalism and communalism Even so Dubrow is able to establish the persistence of Urdu cosmopolitanism into the present and shows that Urdu's strong tradition as a language of secular critical modernity did not end in the late nineteenth century but continues to flourish in film television and on line In lucid prose Dubrow makes the dynamic world of colonial Urdu print culture come to life in a way that will interest scholars of modern Asian literatures South Asian literature and history cosmopolitanism and the history of print culture

The Origins Of War In South Asia Sumit Ganguly, 2019-06-26 In examining the forces that made the Indo Pakistani relationship prone to conflict Dr Ganguly focusses first on the nature of the British colonial disengagement policy a hasty and ill conceived procedure that served to exacerbate the ideological differences between India's major political parties the Congress and the Muslim League Their competing views the Congress espoused a secular polity while the League drew its inspiration from Islamic tenets

formed the basis of the two polities that emerged from the collapse of the British Indian empire. Disputes also arose over the uncertain status of Kashmir. With the lapse of the British doctrine of paramountcy, recognition of the British as the sovereign power in India, the so-called princely states had to join either India or Pakistan on the basis of geographic location and demographic composition. Kashmir posed a problem because of its location and because it had a Hindu monarch ruling a Muslim majority population. This peculiar status made it the center of a Pakistani irredentist claim. This claim was rejected by India intent upon demonstrating that all minorities could thrive under the aegis of secular government. Once set in motion by the interplay of domestic regional and systematic factors, these three forces—disengagement, ideological differences, and the conflict over Kashmir—brought the subcontinent to war in 1947, 1948, 1965, and 1971. Dr. Ganguly provides a comprehensive and comparative analysis of these three Indo-Pakistani conflicts, as well as an assessment of both the impact of the Soviet invasion of Afghanistan on the security of South Asia and the changes in the perceptions of that security.

Screening Bosnia Stephen Harper, 2017-03-09 The Bosnian war of 1992–1995 was one of the most brutal conflicts to have erupted since the end of the Second World War. But although the war occurred in Europe's backyard and received significant media coverage in the West, relatively little scholarly attention has been devoted to cultural representations of the conflict. Stephen Harper analyses how the war has been depicted in global cinema and television over the past quarter of a century. Focusing on the representation of some of the war's major themes, including humanitarian intervention, the roles of NATO and the UN, genocide, rape, and ethnic cleansing, Harper explores the role of popular media culture in reflecting, reinforcing, and sometimes contesting nationalist ideologies.

Pakistan Usama Butt, Julian Schofield, 2012-02-13 The killing of Osama Bin Laden highlighted the tense relationship between the US and Pakistani governments. This book considers the evolving nature of this relationship and Pakistan's place within the global order. Whereas standard accounts focus on the US-Pakistan relationship in isolation, *Pakistan: The US Geopolitics and Grand Strategies* provides a broader geopolitical perspective. It analyses Pakistan's relations with the US after a decade of the war on terror, as well as Pakistan's regional relations, which provides the reader with a comprehensive understanding of Pakistan's interests. Contributions from experts in both Pakistan and the West make this book vital reading for anyone seeking to understand this troubled nation.

Pakistan's Nuclear Weapons Bhumitra Chakma, 2012-10-12 Pakistan is a vitally important country in the contemporary global political system. It is a de facto nuclear state and a pivotal country in the War on Terror. This book provides a comprehensive study of a nuclear-armed Pakistan, investigating the implications of its emergence as a nuclear weapons state. Setting out the historical background of Pakistani nuclear development, the book examines the lessons for proliferation that can be drawn from the Pakistan case. It explains the changes and continuities of Pakistan's nuclear policy, assessing its emerging force posture and the implications for Pakistani, South Asian, and global security. It also considers the extent to which Pakistan can be said to have a nuclear doctrine, the Pakistani nuclear command and control system, and the relationship between Pakistan and the

Non Proliferation regime Addressing the issue of whether Pakistan should be viewed as a proliferator and the implications of a nuclear Pakistan for global terrorism Pakistan's Nuclear Weapons is an important study of all the major issues surrounding Pakistan's emergence as a nuclear power Pakistan? Ziauddin Sardar, Robin Yassin-Kassab, 2012 A quarterly magazine of ideas and issues showcasing ground breaking thinking on Islam and what it means to be a Muslim in a rapidly changing interconnected world **Rethinking Identities in Contemporary Pakistani Fiction** A. Kanwal, 2015-03-09 This book focuses on the way that notions of home and identity have changed for Muslims as a result of international war on terror rhetoric It uniquely links the post 9 11 stereotyping of Muslims and Islam in the West to the roots of current jihadism and the resurgence of ethnocentrism within the subcontinent and beyond
