Titian Tom Nichols,2013-11-15 Titian is best known for paintings that embodied the tradition of the Venetian Renaissance but how Venetian was the artist himself In this study Tom Nichols probes the tensions between the individualism of Titian s work and the conservative mores of the city showing how his art undermined the traditional self suppressing approach to painting in Venice and reflected his engagement with the individualistic cultures emerging in the courts of early modern Europe Ranging widely across Titian s long career and varied works Titian and the End of the Venetian Renaissance outlines his radical innovations to the traditional Venetian altarpiece his transformation of portraits into artistic creations and his meteoric breakout from the confines of artistic culture in Venice Nichols explores how Titian challenged the city s communal values with his competitive professional identity contending that his intensely personalized way of painting resulted in a departure that effectively brought an end to the Renaissance tradition of painting Packed with 170 illustrations this groundbreaking book will change the way people look at Titian and Venetian art history *The Glory of Venice* Jane Martineau,Andrew Robison,Royal Academy of Arts (Great Britain),National Gallery of Art (U.S.),1994-01-01 This text examines the whole range of the arts in Venice during the 18th century It includes paintings pastels and gouaches drawings watercolours prints sculpture furniture and other decorative arts together with essays considering major aspects of the art of the period *Venice and the Renaissance* Manfredo Tafuri,1995-03-27 Pursuing the intersections of Venetian culture from the beginning of the sixteenth century through the first decades of the seventeenth Manfredo Tafuri develops a story crowded with characters and full of surprises He engages the doges Andrea Gritti and Leonardo Dona architects and artists Sansovino Serlio Palladio and Scamozzi and scientists Francesco Barozzi and Galileo He records the battle that was fought for architecture as metaphor for absolute truth and good government and contrasts these with the myths that inspired them **Venice** Margaret Plant,2002-01-01 Margaret Plant presents a wide ranging cultural history of the city from the fall of the Republic in 1797 until 1997 showing how it has changed and adapted and how perceptions of it have shaped its reality
