## Pale Rider:

**God in the Movies** Andrew M. Greeley, 2017-07-05 The religious imagination is alive and well in the movies Contrary to those who criticize Hollywood popular movies very often have metaphorically represented God on the screen From Clint Eastwood as an avenging angel in Pale Rider and Nicolas Cage as a lovesick angel in City of Angels to Jessica Lange as an angel of death in All That Jazz and from George Burns as God in Oh God to Audrey Hepburn in Always to pure white light in Fearless and Flatliners God is very much present in the movies

**PALE RIDER** Myrna Temte, Yoko Tadatsu, 2018-03-15 When actress Blair visits a ranch in Wyoming she meets cowboy Dillon When Blair asks him to train her for her next role as a rancher Dillon doesn't look interested he has a dark past and pain written on his face But Blair doesn't mind his scar at all she finds herself falling for Dillon who continues to keep his heart shut no matter how drawn to her he may be

**Pale Horse, Pale Rider** Katherine Anne Porter, 1939 *Scripture on the Silver Screen* Adele Reinhartz, 2003-01-01 Om amerikanske film som tolkes ud fra tekster i Bibelen

*God, Pandemics, and the Holocaust* Clifford Chalmers Cain, 2025-02-11 How is a loving powerful good and cognizant God related to human lives that are beset with pain and suffering and plagued by diseases and natural catastrophes What is the role and activity of God in history and nature How does God help us in our struggles and our tragedies God Pandemics and the Holocaust suggests answers to these questions and others through the prisms of the bubonic plague the Spanish flu COVID 19 and the attempted genocide of the Jewish people in the Holocaust Religious insights from these time periods are noted and additional and alternative points of view are also considered The existence of God is not examined what is explored is the kind of God who God is What conceptions of God are no longer satisfactory to human experience and what understandings of God can make sense in a world that is both wonderful and woeful

**Saint Paul at the Movies** Robert Jewett, 1993-01-01 Star Wars Amadeus A Separate Place Tender Mercies Grand Canyon Tootsie Ordinary People Empire of the Sun Pale Rider Red Dawn and Dead Poets Society all these movies show concern for deep human issues also treated in the Bible The films provide evidence that many of the apostle Paul's themes in his New Testament letters are relevant for today Contemporary movies according to Robert Jewett influence many Americans more than their formal education or religious training And since Paul interpreted the gospel on other people's turf Jewett believes that today his forum would involve the movies a primary source of discovering and debating important moral cultural and religious issues Jewett treats film and biblical passages with equal respect He brings their ideas and metaphors into relationship so that new insights emerge about both the ancient texts and the American cultural situation

**Practical Oracle SQL** Kim Berg Hansen, 2020-02-19 Write powerful queries using as much of the feature rich Oracle SQL language as possible progressing beyond the simple queries of basic SQL as standardized in SQL 92 Both standard SQL and Oracle's own extensions to the language have progressed far over the decades in terms of how much you can work with your data in a single albeit sometimes complex SQL statement If you already know the basics of SQL this book provides many

examples of how to write even more advanced SQL to huge benefit in your applications such as Pivoting rows to columns and columns to rows Recursion in SQL with MODEL and WITH clauses Answering Top N questions Forecasting with linear regressions Row pattern matching to group or distribute rows Using MATCH\_RECOGNIZE as a row processing engine The process of starting from simpler statements in SQL and gradually working those statements stepwise into more complex statements that deliver powerful results is covered in each example By trying out the recipes and examples for yourself you will put together the building blocks into powerful SQL statements that will make your application run circles around your competitors What You Will Learn Take full advantage of advanced and modern features in Oracle SQL Recognize when modern SQL constructs can help create better applications Improve SQL query building skills through stepwise refinement Apply set based thinking to process more data in fewer queries Make cross row calculations with analytic functions Search for patterns across multiple rows using row pattern matching Break complex calculations into smaller steps with subquery factoring Who This Book Is For Oracle Database developers who already know some SQL but rarely use features of the language beyond the SQL 92 standard And it is for developers who would like to apply the more modern features of Oracle SQL but don't know where to start The book also is for those who want to write increasingly complex queries in a stepwise and understandable manner Experienced developers will use the book to develop more efficient queries using the advanced features of the Oracle SQL language

*Clint Eastwood's America* Sam B. Girgus, 2014-01-08 The steady rise of Clint Eastwood's career parallels a pressing desire in American society over the past five decades for a figure and story of purpose meaning and redemption Eastwood has not only told and filmed that story he has come to embody it for many in his public image and film persona Eastwood responds to a national yearning for a vision of individual action and initiative personal responsibility and potential for renewal An iconic director and star for his westerns urban thrillers and adventure stories Eastwood has taken film art to new horizons of meaning in a series of masterpieces that engage the ethical and moral consciousness of our times including *Unforgiven* *Million Dollar Baby* and *Mystic River* He revolutionized the war film with the unprecedented achievement of filming the opposing sides of the same historic battle in *Flags of Our Fathers* and *Letters from Iwo Jima* using this saga to present a sharply critical representation of the new America that emerged out of the war a society of images and spectacles This timely examination of Clint Eastwood's oeuvre against the backdrop of contemporary America will be fascinating reading for students of film and popular culture as well as readers with interests in Eastwood's work American film and culture

*Undead in the West II* Cynthia J. Miller, A. Bowdoin Van Riper, 2013-10-18 The undead are back In *Undead in the West* Vampires Zombies Mummies and Ghosts on the Cinematic Frontier Cynthia J Miller and A Bowdoin Van Riper assembled a collection of essays that explored the unique intersection of two seemingly distinct genres in cinema the western and the horror film In this new volume *Undead in the West II* They Just Keep Coming Miller and Van Riper expand their examination of undead Westerns to include not only film but literature sequential art gaming and

fan culture fan fiction blogging fan editing and zombie walks These essays run the gamut from comics and graphic novels such as American Vampire Preacher and Priest and games like Darkwatch and Red Dead Redemption to novels and short stories by celebrated writers including Robert E Howard Joe R Lansdale and Stephen King Featuring a foreword by renowned science fiction author William F Nolan Logan s Run and an afterword by acclaimed game designer Paul O Connor Darkwatch this collection will appeal to scholars of literature gaming and popular culture as well as to fans of this unique hybrid

**The Fifth Horseman** G. Wells Taylor, PANDORA CITY sits on the cattle trail north to Babylon One day a wounded rider arrives with death stalking hard on his heels The legends say that four horsemen will come to burn the earth and one will come to save it So who is this rider Over two centuries have passed since events chronicled in The Forsaken Survivors have climbed out of the ruins and struggle to build a new life on the frontier of a dying world The Apocalypse Trilogy gallops to its horrifying conclusion in The Fifth Horseman This explosive mix of classic western storytelling and Gothic horror delivers a terrifying and bloodstained final act to G Wells Taylor s doomsday epic

**Westerns in a Changing America, 1955-2000** R. Philip Loy, 2014-07-15 For many the Westerns of 1930 to 1955 were a defining part of American culture Those Westerns were one of the vehicles by which viewers learned the values and norms of a wide range of social relationships and behavior By 1955 however Westerns began to include more controversial themes cowardly citizens emotionally deranged characters graphic violence marital infidelity racial prejudice and rape among other issues This work examines the manner in which Westerns reflected the substantial social economic and political changes that shaped American culture in the latter half of the twentieth century Part One of this work considers shifting themes as the genre reacted to changes unfolding in the broader social landscape of American culture Part Two examines the manner in which images of cowboys outlaws lawmen American Indians and women changed in Westerns as the viewers were offered new understanding of the frontier experience

**Aftershocks** Colin Kahl, Thomas Wright, 2021-08-24 Two of America s leading national security experts offer a definitive account of the global impact of COVID 19 and the political shock waves it will have on the United States and the world order in the 21st Century Informed by history reporting and a truly global perspective this is an indispensable first draft of history and blueprint for how we can move forward Ben Rhodes The COVID 19 pandemic killed millions infected hundreds of millions and laid bare the deep vulnerabilities and inequalities of our interconnected world The accompanying economic crash was the worst since the Great Depression with the International Monetary Fund estimating that it will cost over 22 trillion in global wealth over the next few years Over two decades of progress in reducing extreme poverty was erased just in the space of a few months Already fragile states in every corner of the globe were further hollowed out The brewing clash between the United States and China boiled over and the worldwide contest between democracy and authoritarianism deepened It was a truly global crisis necessitating a collective response and yet international cooperation almost entirely broke down with key world leaders hardly on speaking terms Colin Kahl and Thomas Wright s Aftershocks offers a riveting and comprehensive

account of one of the strangest and most consequential years on record Drawing on interviews with officials from around the world and extensive research the authors tell the story of how nationalism and major power rivalries constrained the response to the worst pandemic in a century They demonstrate the myriad ways in which the crisis exposed the limits of the old international order and how the reverberations from COVID 19 will be felt for years to come **The Chronicles of Articia; Children of the Dead** K. D. Enos,Edward Enos,2013-05-22 Pursued by a great evil the children of the king are on the run Along the way they find pain fear longing and loss they discover surprising truths about themselves and the youngest of the royal children learns a great secret about her own fantastic power She has the power to destroy the world

Faulkner and the Politics of Reading Karl F. Zender,2023-10-18 With this study Karl F Zender offers fresh readings of individual novels themes and motifs while also assessing the impact of recent politicized interpretations on our understanding of Faulkner s achievement Sympathetically acknowledging the need to decenter the canon Zender s searching interrogation of current theory clears a breathing space for Faulkner and his readers between the fustier remnants of New Criticism and the excesses of post structuralism Each chapter opens with a balanced presentation of the genuine gifts contemporary theory has bestowed on our comprehension of a particular novel or problem in Faulkner criticism and then proceeds with a groundbreaking reading The Politics of Incest challenges older psychoanalytic interpretations of Faulkner s use of the incest motif and Faulkner s Privacy defends the novelist s difficulty or reticence as an aesthetic resistance against the rude candor of deregionalized and depersonalized culture Subsequent chapters take up the volatile issues of Faulkner s representations of women and of African Americans and a close reading of the classic Barn Burning critiques the current tendency to blur the concepts of patriarchy and paternity The elegiac final chapter Where is Yoknapatawpha County draws on a comparison with John Updike s Pennsylvania fiction and a reading of Joan Williams s The Wintering to explore Faulkner s disinclination to represent the quotidian realities of southern life in his later novels Zender shows that Faulkner s stylistic withdrawal attempts to transform into beauty his alienation from the postwar world and his fear of aging That Faulkner and the Politics of Reading itself recovers and gives new luster to Faulkner s beauty will surely please in the author s words those readers for whom literature is less a mechanism of social change than a source of pleasure The originality of its critical vision will inspire Faulkner scholars students of American literature and general readers **Picturing the Apocalypse** Natasha

O'Hear,Anthony O'Hear,2015 An original introduction to the book of Revelation through the use of art history with attention also given to the reception of the text in music literature and popular culture **Screening The Sacred** Joel Martin,2018-03-05 What are the religious impulses in the 1976 film Rocky and how can they work to shape one s social identity Do the films Alien and Aliens signify the reemergence of the earth goddess as a vital cultural power What female archetypes borne out of male desire inform the experience of women in Nine and a Half Weeks These are among the several compelling questions the authors of this volume consider as they explore the way popular American film relates to religion

Oddly religion and film two pervasive elements of American culture have seldom been studied in connection with each other In this first systematic exploration the authors look beyond surface religious themes and imagery in film discovering a deeper implicit presence of religion They employ theological mythological and social and political criticism to analyze the influence of religion in all its rich variety and diversity on popular film Perhaps more importantly they consider how the medium of film has helped influence and shape American religious culture secular or otherwise More than a random collection of essays this volume brings to the study of religion and film a carefully constructed analytic framework that advances our understanding of both Screening the Sacred provides fresh and welcome insight to film criticism it also holds far reaching relevance for the study of religion Progressive in its approach instructive in its analyses this book is written for students scholars and other readers interested in religion popular film and the impact of each on American culture      **The Cinema of Clint Eastwood**

David Sterritt,2014-11-25 He became a movie star playing The Man With No Name and today his name is known around the world Measured by longevity productivity and profits Clint Eastwood is the most successful actor director producer in American film history This book examines the major elements of his career focusing primarily on his work as a director but also exploring the evolution of his acting style his long association with screen violence his interest in jazz and the political views sometimes hotly controversial reflected in his films and public statements Especially fascinating is the pivotal question that divides critics and moviegoers to this day is Eastwood a capable director with a photogenic face a modest acting talent and a flair for marketing his image Or is he a true cinematic auteur with a distinctive vision of America s history traditions and values From A Fistful of Dollars and Dirty Harry to Million Dollar Baby and beyond The Cinema of Clint Eastwood takes a close up look at one of the screen s most influential and charismatic stars      **The Wild West** Will Wright,2001-08-09 Will

Wright explores the continuing popularity of the myth of the Wild West demonstrating how as a cultural icon it speaks deeply to a desire for individualism and liberty The author discusses the myth through market and social theory      Pale Horse, Pale Rider: Three Short Novels Katherine Anne Porter,2014-03-25 The classic 1939 collection of 3 novellas by the Pulitzer Prize and National Book Award winning author and journalist including the famous title story set during the influenza epidemic of 1918 In Noon Wine a family struggling to live on a farm in Texas is saved by the unexpected arrival of a mysterious stranger only to have their world upended again by the arrival nine years later of a second stranger The three parts of Old Mortality introduce the teenager Miranda and chronicle her journey of self discovery as she gradually realizes her family s romantic nostalgia for her absent uncle and late aunt bears little resemblance to the truth Miranda returns in the title story Pale Horse Pale Rider She is now working as a drama critic for a newspaper in Denver where she falls in love with a soldier Adam during the influenza epidemic of 1918 When Miranda falls ill Adam cares for her until she is moved to a hospital Throughout her ordeal on everyone s mind is the war the war the WAR to end WAR war for Democracy for humanity a safe world forever and ever Available in this exclusive Library of America e book edition      Clint Eastwood Paul Smith,1993 This book is a large

extent to show concern with the way such images have resonated in and with American culture and history during the last twenty or thirty years Clint Eastwood and his films are in part because of their popularity and their significance role in this cultural discourse
