Christian Philosophy J. Aaron Simmons, 2019 One of the marks of being a philosopher is participating in debates about what counts as philosophy Of particular note in such debates is the question of how to distinguish philosophy from theology Although a variety of answers to this question have been offered in the history of philosophy in recent decades the prominence of Christian philosophy has been heralded by many as a genuine triumph over the problematic narrowness of strong foundationalism positivism and scientism For others however it signals that philosophy continues to risk being replaced by confessional theology Wherever one comes down on such issues and however one interprets recent trends in philosophy of religion the idea of Christian philosophy continues to present pressing questions for those working in meta philosophy epistemology metaphysics hermeneutics and value theory In this volume established scholars representing a variety of cultural traditions religious perspectives and philosophical priorities all wrestle with how the idea of Christian philosophy should be understood appropriated and engaged in light of where philosophy is and where it is likely to go The volume includes classical essays that have deeply marked the field and also new essays that explore the relevance of Christian philosophy to issues in disability studies engaged pedagogy lived phenomenology the academic study of religion and the workings of social power Rather than offer a unified view that seeks to settle things the contributors demonstrate that Christian philosophy remains a topic of lively debate Wherever one comes down on the issues considered here this volume shows that Christian philosophy is neither merely of historical interest nor of interest only to Christians but instead remains a thoroughly philosophical topic worthy of serious consideration and substantive critique With a Foreword by Nicholas Wolterstorff Noah Porter Professor Emeritus of Philosophical Theology at Yale University Senior Research Fellow in the Institute for Advanced Studies in Culture at the University of Virginia and Honorary Professor of Australian Catholic University

and how difficulties in life relate to the concept of divine salvation *For Faith and Clarity* James K. Beilby,2006-06 Leading
Christian philosophers demonstrate the contributions of philosophy to the theological task **The Christian Faith**
Friedrich Schleiermacher,1999-03-11 The classic work of Christian theology which seeks to present the Christian faith in its
entirety Schleiermacher was equally at home in the theological systems of Protestant orthodoxy and the new world of
thought shaped by the historical and natural sciences and German philosophy He follows a confident course through the
entire range of themes in dogmatics but leaves both the dogmatic task and the individual themes transformed by a powerful
and original mind A new foreword by B A Gerrish summarises the dogmatic goals of *The Christian Faith* and corrects some
common misreadings of his work The Christian Idea of God Keith Ward,2017-09-28 In this book eminent theologian Keith
Ward takes a fresh look at the ancient philosophy of Idealism connects it with findings in modern science and shows that a
combination of good science good philosophy and a passion for truth and goodness can underpin religious faith Going back to
first principles he argues for the Idealist view that all knowledge begins with experience Critically examining the idealism of
Plato Kant and Hegel Ward shows how this philosophy is strengthened by a knowledge of modern physics and how it can lead
to a new and vivid presentation of Christian faith A work of philosophical rigour that makes clear the rational nature of belief
in God this book challenges the easy assumptions of materialism and the relativity of truth that undermine both science and
religion Ward writes in an accessible and readable style that gives new life and practical usefulness to idealist philosophy
