Understanding Badiou, Understanding Modernism Arka Chattopadhyay, Arthur Rose, 2024-05-16 In his philosophical project aesthetic orientation and political leanings Alain Badiou is a product of and a leading advocate for European modernism From the milieu of May 1968 to the contemporary postmodern ethos Badiou returns time and again to avant garde modernist texts aesthetic political philosophical and scientific as inspiration for his response to present situations Drawing upon disciplines as varied as architecture cinema theatre music history mathematics poetry and philosophy *Understanding Badiou* Understanding Modernism shows how Badiou's contribution to philosophy must be understood within the context of his decades long conversation with modernist thinking As with other volumes in the series *Understanding Badiou* Understanding Modernism follows a three part structure The first section explores Badiou's readings of aesthetic political and scientific modernities both introducing his system and pointing to how Badiou offers manifold readings of modernism The middle portion of the book connects Badiou's thought with the various strands of aesthetic philosophical amorous and political modernisms in relation to which it can be extended The final section is a glossary of key concepts and categories that Badiou uses in his interface with modernism *Understanding Blanchot, Understanding Modernism* Christopher Langlois, 2018-06-14 Maurice Blanchot occupies a central though still overlooked position in the Anglo American reception of 20th century continental philosophy and literary criticism On the one hand his rigorous yet always playful exchanges with the most challenging figures of the philosophical and literary canons of modernity have led thinkers such as

Georges Bataille Emmanuel Levinas Jacques Derrida and Michel Foucault to acknowledge Blanchot as a major influence on the development of literary and philosophical culture after World War II On the other hand Blanchot's reputation for frustrating readers with his difficult style of thought and writing has resulted in a missed opportunity for leveraging Blanchot in advancing the most essential discussions and debates going on today in the comparative study of literature philosophy politics history ethics and art Blanchot's voice is simply too profound too erudite and too illuminating of what is at stake at the intersections of these disciplines not to be exercising more of an influence than it has in only a minority of intellectual circles Understanding Blanchot Understanding Modernism brings together an international cast of leading and emergent scholars in making the case for precisely what contemporary modernist studies stands to gain from close inspection of Blanchot's provocative post war writings *Understanding James, Understanding Modernism* David H. Evans, 2017-04-20

Ethics and Time in the Philosophy of History Natan Elgabsi, Bennett Gilbert, 2023-01-12. This interdisciplinary volume connects the philosophy of history to moral philosophy with a unique focus on time. Taking in a range of intellectual traditions, cultural and geographical contexts, the volume provides a rich tapestry of approaches to time, morality, culture, and history. By extending the philosophical discussion on the ethical importance of temporality, the editors disentangle some of the disciplinary tensions between analytical and hermeneutic philosophy of history, cultural theory, meta-ethical theory, and normative ethics. The ethical and existential character of temporality reveals itself within a collection that resists the methodological underpinnings of any one philosophical school. The book's distinctive cross-cultural approach ensures a wide range of perspectives with contributions on life and death in Japanese philosophy, ethics and time in Maori philosophy, non-traditional temporalities, and philosophical anthropology, as well as global approaches to ethics. These new directions of study highlight the importance of the ethical in the temporal, inviting further points of departure in this burgeoning field.
