White House We remember our history the good along with the bad in order to learn from our mistakes Consequently in this book you will find all the great moments in the Gordon history since 66BC all the way up to 2020 You will also find the truth and the facts that point to unspeakable acts carried out sometimes in the name of the Gordon families other times just out of coincidence to them bearing the name of Gordon One such example would be the Highland clearances carried out by the Duke of Sutherland whose wife was Countess Elizabeth Gordon He committed an act of ethnic cleansing in the north of Scotland This is not something that gives me pride it is though part of my history and if you are a Gordon then it is part of your history especially if you can trace your roots back to that period in America Canada Newfoundland and Australia These were the predominant areas that the crofters from the north of Scotland were forced to flee too Gordons fought on both sides of the American Civil War The Gordons fought during the crusades it is even said that it was a Gordon that was responsible for the death of Richard The Lionheart This book is not a romanticised novel where facts are cherry picked I have written this as a non fiction work and as a starting point for any genealogical work you wish to embark upon I have taken information for many sources in order to complete this and I give thanks to the Encyclopaedia Britannica Wikipedia Ancestry online The Gordon Highlanders UK Census as well as reading many books on Scottish History and land ownership Long and Short of this book is that it is written by a Gordon for all Gordons
