Phonetic Regularity In Welsh Poetry Welsh Studies S:

Phonetic Regularity in Welsh Poetry Toby D. Griffen, 2004 Traditional Welsh poetry has been marked by patterns of correspondences among sounds in alliterations and rhyme Ostensibly these correspondences have depended upon precise phonetic matches following prescribed patterns However throughout the history of Welsh literature there have been apparent lapses and exceptions to this phonetic regularity This work proposes that these apparent phonetic irregularities in the history of Welsh literature derive not from the actual acoustic phonetic perceptions of the poets and reciters but rather from the manner in which we have described the sounds themselves as letters or as phonetic segments This work is of importance not only to Welsh and Celtic Studies in general but also to phonetics linguistics and poetics **Early Welsh**
