The Legacy of Rome Cyril Bailey, 1924 This book is an endeavour to trace in many fields the extent of the inheritance which the modern world owes to Ancient Rome The chapters have been written independently and it will be seen that they are not all on the same plan Some writers have described the contribution of Rome to civilization and have left it to the reader to infer the extent of the legacy others have traced the steps by which the legacy has come to us and to this subject Professor Foligno has devoted a valuable chapter

Memory in the Ontopoiesis of Life Anna-Teresa Tymieniecka, 2009-09-30 From Aristotle to the present memory has been grasped as a trace or impression of lost reality bridging physiological experience and consciousness Philosophers have vainly sought the nature of this bridge The present day physiologizing naturalizing of consciousness is not resolving their congenital continuity in which the very existence and practice of life is rooted We have to change our approach Erwin Straus The Aristotelian congenital ties between memory and temporality acquire crucial significance in our primogenital ontopoiesis of life Tymieniecka It reveals memory to be the factor that carries this coalescence and the becoming of life itself This can be the fruit only of the generative springs of life first phenomenology philosophy the ontopoietic logos of life In this collection we explore memory in the constitution of reality remembering and interpretation consciousness action facts imagination history myths self realization metamorphosis

Text and the City Ai Maeda, 2004-03-25 The first translation into English of essays on modern Japanese literature culture and urban ethnography written by the late Ai Maeda arguably the most prominent

20th century Japanese literary and cultural critic *The Mistress Art* Reginald Blomfield, 2025-07-01 Reprint of the original first published in 1908 The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage **The Artist and the Bridge** John Sweetman, 2019-05-23 First published in 1999 this book explores how from the stone bridges of neoclassicism which soar out of wild woods to span pastoral valleys to the post 1750 engineer s bridge with its links to the more industrial landscape the bridge was a popular feature in painting throughout the period 1700 1920 Why did so many artists choose to portray bridges In this lavishly illustrated and intriguing book John Sweetman seeks to answer this question He traces the history of the bridge in painting and printmaking through a vast range of work some as familiar as William Etty s *The Bridge of Sighs* and Claude Monet s *The Railway Bridge at Argenteuil* and others less well known such as Wassily Kandinsky s *Composition IV* and C R W Nevinson s *Looking Through the Brooklyn Bridge* Distinctive characteristics emerge revealing the complex role of the bridge as both symbol and metaphor and as a place of vantage meeting and separation

Interpreting Urban Spaces in Italian Cultures Andrea Scapolo, Angela Porcarelli, 2025-10-01 Made up of both material and symbolic elements the urban space is always dynamic and transitional it brings together or separates the past and the present the public and the private the center and the periphery The present volume focuses on the interaction between the social processes and spatial forms that shape the identity of Italian cities Using both canonical and less well known texts along with cultural artifacts the essays in the volume deprovincialize the Italian city interpreting the material and symbolic practices that have made it into a unique entity whose enduring influence extends far outside Italy

Neoclassicism and Romanticism Silvestra Bietoletti, 2009 Neoclassicism which arose during the 18th Century s Age of Enlightenment was inspired by the rationality simplicity and grandeur of ancient Greece and Rome This book focuses on the influential Neoclassic and Romantic art movements It illuminates the ideas and events that shaped this era of artistic ferment

Rome Christian Eling, 2019-07-08 This book deals with the city of Rome and its buildings in the period between Bernini s death in 1680 and the year 1797 when Thorvaldsen came to the papal city It focuses on dealing mainly with some types of architectural monuments such as monasteries public civic buildings and town houses **The Ruins Lesson** Susan Stewart, 2020-01-15 How have ruins become so valued in Western culture and so central to our art and literature Covering a vast chronological and geographical range from ancient Egyptian inscriptions to twentieth century memorials Susan Stewart seeks to answer this question as she traces the appeal of ruins and ruins images and the lessons that writers and artists have drawn from their haunting forms Stewart takes us on a sweeping journey through founding legends of broken covenants and original sin the Christian appropriation of the classical past and images of decay in early modern allegory Stewart looks in depth at the works of Goethe Piranesi Blake and Wordsworth each of whom found in ruins a means of reinventing his art Lively and engaging *The Ruins Lesson* ultimately asks what can resist ruination and finds in the self transforming ever

Architecture of Ruins Designs on the Past Present and Future identifies an alternative and significant history of architecture from the sixteenth century to the twenty first century in which a building is designed occupied and imagined as a ruin This design practice conceives a monument and a ruin as creative interdependent and simultaneous themes within a single building dialectic addressing temporal and environmental questions in poetic psychological and practical terms and stimulating questions of personal and national identity nature and culture weather and climate permanence and impermanence and life and death Conceiving a building as a dialogue between a monument and a ruin intensifies the already blurred relations between the unfinished and the ruined and envisages the past the present and the future in a single architecture Structured around a collection of biographies this book conceives a monument and a ruin as metaphors for a life and means to negotiate between a self and a society Emphasising the interconnections between designers and the particular ways in which later architects learned from earlier ones the chapters investigate an evolving interdisciplinary design practice to show the relevance of historical understanding to design Like a history a design is a reinterpretation of the past that is meaningful to the present Equally a design is equivalent to a fiction convincing users to suspend disbelief We expect a history or a novel to be written in words but they can also be delineated in drawing cast in concrete or seeded in soil The architect is a physical novelist as well as a physical historian Like building sites ruins are full of potential In revealing not only what is lost but also what is incomplete a ruin suggests the future as well as the past As a stimulus to the imagination a ruin s incomplete and broken forms expand architecture s allegorical and metaphorical capacity indicating that a building can remain unfinished literally and in the imagination focusing attention on the creativity of users as well as architects Emphasising the symbiotic relations between nature and culture a building designed occupied and imagined as a ruin acknowledges the coproduction of multiple authors whether human non human or atmospheric and is an appropriate model for architecture in an era of increasing climate change Bookseller's catalogues Priestley and Weale,1823
