Sentimental Men Mary Chapman, Glenn Hendler, 1999-10-12 This text analyses cultural forms to demonstrate the centrality of masculine sentiment in American literary and cultural history They analyze sentimentalism not just as a literary game but as a structure of feeling manifested in many areas **Association Men**, 1916 Rewriting White Masculinities in Contemporary Fiction and Film Josep M. Armengol, 2024-03-25 This book focuses on the construction of hegemonic masculinity as well as its representations in literature culture and film Although white heterosexual masculinity continues to be the dominant model it remains paradoxically largely invisible in gender terms While the first three chapters thus offer introductory theoretical perspectives on the latest research on white masculinities the following chapters concentrate on applying masculinity theory to the analysis of both social constructions and cultural i e literary and film representations of men s emotions with a special focus on new fatherhood models friendships between men as well as gender based violence

Modern Sentimentalism Lisa Mendelman, 2019-12-17 Modern Sentimentalism examines how American female novelists reinvented sentimentalism in the modernist period Just as the birth of the modern woman has long been imagined as the death of sentimental feeling modernist literary innovation has been understood to reject sentimental aesthetics Modern Sentimentalism reframes these perceptions of cultural evolution Taking up icons such as the New Woman the flapper the free lover the New Negro woman and the divorcee this book argues that these figures embody aspects of a traditional sentimentality while also recognizing sentiment as incompatible with ideals of modern selfhood These double binds equally beleaguer the protagonists and shape the styles of writers like Willa Cather Edith Wharton Anita Loos and Jessie Fauset Modern sentimentalism thus translates nineteenth century conventions of sincerity and emotional fulfillment into the skeptical self conscious modes of interwar cultural production Reading canonical and under examined novels in concert with legal briefs scientific treatises and other transatlantic period discourse and combining traditional and quantitative methods of archival research Modern Sentimentalism demonstrates that feminine feeling far from being peripheral to twentieth century modernism animates its central principles and preoccupations **Wounded Hearts** Jennifer Travis, 2006-05-18 The literary study of emotion is part of an important revisionary movement among scholars eager to recast emotional politics for the twenty first century Looking beyond the traditional categories of sentiment sensibility and sympathy Jennifer Travis suggests a new approach to reading emotionalism among men She argues that the vocabulary of injury with its evaluations of victimhood and its assessments of harm has deeply influenced the cultural history of emotions From the Civil War to the early twentieth century Travis traces the history of male emotionalism in American discourse She argues that injury became a comfortable vocabulary particularly among white middle class men through which to articulate and to claim a range of emotional wounds The debates about injury that flourished in the cultural arenas of medicine psychology and the law spilled over into the realm of fiction as Travis demonstrates through readings of works by Stephen Crane William Dean Howells

Willa Cather Henry James and Edith Wharton Travis concludes by linking this history to twenty first century preoccupations with pain centered politics which she cautions too often focuses only on women and racial minorities *The Cambridge Companion to Nineteenth-Century American Women's Writing* Dale M. Bauer, Philip Gould, 2001-11-15 Providing an overview of the history of writing by women in the period this 2001 Companion establishes the context in which this writing emerged and traces the origin of the terms which have traditionally defined the debate It includes essays on topics of recent concern such as women and war erotic violence the liberating and disciplinary effects of religion and examines the work of a variety of women writers including Harriet Beecher Stowe Rebecca Harding Davis and Louisa May Alcott The volume plots new directions for the study of American literary history and provides several valuable tools for students including a chronology of works and suggestions for further reading

Narratives of Confinement in American Literature Firuze Güzel, 2025-10-06 American literature has a rich potential for delivering the narratives of the American people who are often confined by their race ethnicity gender social class economic situation or in very simple terms by the conditions of their birth In this context the volume focuses on the confinement narratives within the products of literature with a wide array of chapters from different periods of American literary history

Private Woman, Public Stage Mary Kelley, 2017-11-01 In the decades spanning the nineteenth century thousands of women entered the literary marketplace Twelve of the century's most successful women writers provide the focus for Mary Kelley's landmark study Maria Cummins Caroline Howard Gilman Caroline Lee Hentz Mary Jane Holmes Maria McIntosh Sara Parton Catharine Maria Sedgwick E D E N Southworth Harriet Beecher Stowe Mary Virginia Terhune Susan Warner and Augusta Evans Wilson These women shared more than commercial success Collectively they created fictions that Kelley terms literary domesticity books that both embraced and called into question the complicated expectations shaping the lives of so many nineteenth century women Matured in a culture of domesticity and dismissed by a male writing establishment they struggled to reconcile public recognition with the traditional roles of wife and mother Drawing on the 200 volumes of published prose and on the letters diaries and journals of these writers Kelley explores the tensions that accompanied their unprecedented literary success In a new preface she discusses the explosion in the scholarship on writing women since the original 1984 publication of *Private Woman Public Stage* and reflects on the book's ongoing relevance

From Panthers to Promise Keepers Judith Lowder Newton, 2005 From Panthers to Promise Keepers draws on intimate observations of the men and networks who were involved in what some have called Othe menOs

movement and tells us why these networks mattered. Focusing on the decades between 1950 and 2000 it argues that while public structural change is necessary for gender equality getting men involved in efforts at social justice may well depend on their making changes with respect to feelings and with respect to their unconscious fears and anxieties as well. **John Neal and Nineteenth-Century American Literature and Culture** Edward Watts, David J. Carlson, 2012-02-01 John Neal and Nineteenth Century American Literature and Culture critically reassesses the significance of American novelist editor critic and activist John Neal to the transatlantic literary culture of the nineteenth century. Long appreciated primarily as a powerful advocate of literary nationalism in the United States Neal is presented in this volume as an innovative literary stylist a penetrating cultural critic a pioneering regionalist and a vital participant in the business of letters in America over a sixty year career. The volume's contributors including scholars from the United States Germany England Italy and Israel employ a wide range of critical methodologies legal studies psychoanalysis cultural studies etc to survey Neal's career from his early novel writing in the 1820s to his culminating autobiography published in 1869. Special attention is paid to his work as an editor journalist critic and publisher in a variety of journals. Throughout this discussion Neal emerges as a vastly underappreciated artist and a figure of considerable importance to the ongoing reassessment of the American Renaissance and the broader cultural history of the nineteenth century. The editors' introduction and the volume as a whole offers an overview of the present vitality of the new Neal scholarship while also suggesting a number of areas for future research and inquiry. *Handbook of Gender Research in Psychology* Joan C. Chrisler, Donald R. McCreary, 2010-03-12 Donald R. McCreary and Joan C. Chrisler The Development of Gender Studies in Psychology. Studies of sex differences are as old as the field of psychology and they have been conducted in every sub-field of the discipline. There are probably many reasons for the popularity of these studies but three reasons seem to be most prominent. First social psychological studies of person perception show that sex is especially salient in social groups. It is the first thing people notice about others and it is one of the things we remember best. Fiske, Haslam, Stangor, Lynch, Duan, Glass 1992. For example people may not remember who uttered a witty remark but they are likely to remember whether the quip came from a woman or a man. Second many people hold firm beliefs that aspects of physiology suit men and women for particular social roles. Men's greater upper body strength makes them better candidates for manual labor and their greater height gives the impression that they would make good leaders. In people we look up to. Women's reproductive capacity and the caretaking tasks e.g. breastfeeding baby minding that accompany it make them seem suitable for other roles that require gentleness and nurturance. Third the logic that underlies hypothesis testing in the sciences is focused on difference. Researchers design their studies with the hope that they can reject the null hypothesis that experimental groups do not differ. *Welfare Bulletin* Illinois. Dept. of Public Welfare, 1920.

Battling Girlhood Kristen B. Proehl, 2018-07-11 From Jo March of *Little Women* 1868 to Katniss Everdeen of *The Hunger Games* 2008 the American tomboy figure has evolved into an icon of modern girlhood and symbol of female

empowerment Battling Girlhood Sympathy Social Justice and the Tomboy Figure in American Literature traces the development of the tomboy figure from its origins in nineteenth century sentimental novels to twentieth and twenty first century literature and film **Love's Whipping Boy** Elizabeth Barnes,2011-03-14 Working to reconcile the Christian dictum to love one's neighbor as oneself with evidence of U S sociopolitical aggression including slavery corporal punishment of children and Indian removal Elizabeth Barnes focuses her attention on aggressors rather than the weak or abused to suggest ways of understanding paradoxical relationships between empathy violence and religion that took hold so strongly in nineteenth century American culture Looking at works by Herman Melville Frederick Douglass Nathaniel Hawthorne and Louisa May Alcott among others Barnes shows how violence and sensibility work together to produce a more sensitive citizenry Aggression becomes a site of redemptive possibility because salvation is gained when the powerful protagonist identifies with the person he harms Barnes argues that this identification and emotional transformation come at a high price however as the reparative ends are bought with another's blood Critics of nineteenth century literature have tended to think about sentimentality and violence as opposing strategies in the work of nation building and in the formation of U S national identity Yet to understand how violence gets folded into sentimentality's egalitarian goals is to recognize importantly the deep entrenchment of aggression in the empathetic structures of liberal Christian culture in the United States

Sacramental Shopping Sarah Way Sherman,2013 Illuminates modern consumer culture and its challenges to American identity and values in two classic novels *Roads Not Taken* Earl J. Wilcox,Jonathan N. Barron,2000 In *Roads Not Taken* Earl J Wilcox and Jonathan N Barron bring a new freshness and depth to the study of one of America's greatest poets While some critics discounted Frost as a poet without technical skill rhetorical complexity or intellectual depth over the past decade scholars have begun to view Robert Frost's work from many new perspectives Critical hermeneutics cultural studies feminism postmodernism and textual editing all have had their impact on readings of the poet's life and work This collection of essays is the first to account for the variety of these new perceptions
