Literature is by far the most comprehensive work of its kind ever written. Its three volumes cover the whole sweep of Latin American literature including Brazilian from pre Colombian times to the present and contain chapters on Latin American writing in the USA. Volume 3 is devoted partly to the history of Brazilian literature from the earliest writing through the colonial period and the Portuguese language traditions of the nineteenth and twentieth centuries and partly also to an extensive bibliographical section in which annotated reading lists relating to the chapters in all three volumes of *The Cambridge History of Latin American Literature* are presented. These bibliographies are a unique feature of the History further enhancing its immense value as a reference work.

World Authors, 1985-1990 Vineta Colby, 1995. Representing a broad range of ethnic diversity, these in depth profiles present fascinating accounts of lives and careers, the circumstances under which works were produced and their literary significance. World Literature Today, 1990. *Latin America* Greg Price, 1990. Fascinating series of conversations between the author, an Australian journalist and traveller, and a clutch of noted Latin American writers. Interviews with novelists such as Isabel Allende, Mario Vargas Llosa, Octavio Paz and Manuel Puig range over literary theory, culture and cultural conflict, politics and imperialism and a host of other interesting subjects. Includes notes on each author and a select bibliography.
