The Material Life of Human Beings Michael Brian Schiffer, 2002-01-22 In this ground breaking work the distinguished anthropological theorist Michael Brian Schiffer presents a profound challenge to the social sciences Through a broad range of examples he demonstrates how theories of behaviour and communication have too often ignored the fundamental importance of objects in human life In *The Material Life of Human Beings* the author builds upon the premise that the most important feature of human life is not language but the relationships which take place between people and objects The author shows that artifacts are involved in all modes of human communication be they visual auditory or tactile By creatively folding elements of postmodernist thought into a scientific framework he creates new concepts and models for understanding and analysing communication and behavior Challenging established theories within the social sciences Michael Brian Schiffer offers a reassessment of the centrality of materiality to everyday life **Serials Catalog: Subject heading index** Iowa State University. Library, 1985 *Library of Congress Subject Headings* Library of Congress. Office for Subject Cataloging Policy, 1991 *Historical Dictionary of The Gambia* David Perfect, 2016-05-27 When The Gambia achieved its independence from Great Britain on 18 February 1965 as mainland Africa s smallest state its future seemed uncertain It retained this status for nearly 30 years An attempted coup d tat in July 1981 was put down but ironically when other African states were returning to democratic government Gambian democracy finally succumbed to a military coup on 22 July 1994 While civilian rule was restored in 1996 full democracy was not and a number of subsequent presidential and parliamentary elections have been far from free and fair while The Gambia s human rights record has been very poor since 1994 This fifth edition of *Historical Dictionary of The Gambia* contains a chronology an introduction and an extensive bibliography The dictionary section has over 700 cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent access point for students researchers and anyone wanting to know more about The Gambia
