Whigham,2025-02-21 It s a known fact that most butterflies struggle getting their wings It seems as if the pain of leaving the cocoon is often times just too much to bear However without this experience the butterfly will never gain the strength to fly So even in the midst of all of the pain and strife the butterfly presses on anyway But what happens to the butterflies that don t leave the cocoon Do they just go back to being plain old caterpillars Or due to the absence of their wings do they become crippled for life If truth be told most people float through life just like this With the pain of the past just harboring too close to home many people stumble through life too afraid to step over their failures to cut ties with their pain or even to fly by their heartaches But no matter how hard they try to avoid confronting these issues they can never grow into the person that God has called them to be without it As I turned this truth into reality I begin to write this piece This book deals with the lives of two young ladies Taja and Nicki who come from very different backgrounds Just as butterflies struggle to leave the cocoon both of these young ladies are struggling to press their way through life They ve allowed their past situations to cripple them in their growth emotionally and in their walk with God spiritually Through an unusual twist of events both Taja and Nicki will learn that both redemption and love are possible for those who believe As the story unfolds they ll finally learn how it feels to spread their wings and fly
