Cooper, Jr., 2005 Art Deco made its formal appearance in Paris at the 1925 L Exposition Internationale des Arts D ecoratifs et Industriels Modernes a showcase for art architecture and design that promoted progress modernity and the present The greatest export from this exhibition

was a style that has since been recognized as one of the great design movements of the 20th century Art Deco's growing recognition coincided with the growth of Los Angeles as the entertainment capital. Between the world wars the city's architecture sprouted characteristic signs of Art Deco: the interplay of vertical and horizontal features, geometric shapes, use of exotic and modern materials as well as simplified streamlined forms. This volume's collection of images celebrates Los Angeles's Art Deco heritage showcasing such structures as Bullock's Wilshire Sunset Tower, the Oviatt Penthouse, the Wilburn and Pantages Theatres and many more. From publisher description **Los Angeles Magazine**, 2000-10 Los Angeles magazine is a regional magazine of national stature. The magazine continues to be the definitive resource for an affluent population that is intensely interested in a lifestyle that is uniquely Southern Californian. **Painting the Towns** Robin J. Dunitz, James Prigoff, 1997 **Chicana/o Remix** Karen Mary Davalos, 2017-07-25 Rewrites our understanding of the last 50 years of Chicana/o cultural production. Chicana/o Remix casts new light not only on artists such as Sandra de la Loza, Judy Baca, and David Botello among others, but on the exhibitions that feature their work and the collectors, curators, critics, and advocates who engage it. Combining feminist theory, critical ethnic studies, art historical analysis, and extensive archival and field research, Karen Mary Davalos argues that narrow notions of identity, politics, and aesthetics limit our ability to understand the full capacities of Chicana/o art. She employs fresh vernacular concepts such as the errata exhibit or the staging of exhibits that critically question mainstream art museums and the remix or the act of bringing new narratives and forgotten histories from the background and into the foreground. These concepts, which emerge out of art practice itself, drive her analysis and reinforce the rejection of familiar narratives that evaluate Chicana/o art in simplistic traditional terms such as political versus commercial or realist versus conceptual. Throughout Chicana/o Remix, Davalos explores undocumented or previously ignored information about artists, their cultural production, and the exhibitions and collections that feature their work. Each chapter exposes and challenges conventions in art history and Chicana/o studies, documenting how Chicana artists were the first to critically challenge exhibitions of Chicana/o art, tracing the origins of the first Chicano arts organizations and highlighting the influence of Europe and Asia on Chicana/o artists who traveled abroad. As a leading scholar in the study of Chicana/o artists, art spaces, and exhibition practices, Davalos presents her most ambitious project to date in this re-examination of fifty years of Chicana/o art production. **Postcard America** Jeffrey L. Meikle, 2016-01-20 This illustrated history of the colorized linen postcards of the 1930s and 40s is an incredible tour. A veritable treasure trove of American culture. Crave Online. From the Great Depression through the early postwar years, any postcard sent in America was more than likely a linen card. Colorized in vivid, often exaggerated hues and printed on card stock embossed with a linen-like texture, linen postcards celebrated the

American scene with views of majestic landscapes modern cityscapes roadside attractions and other notable features These colorful images portrayed the United States as shimmering with promise quite unlike the black and white worlds of documentary photography or Life magazine Linen postcards were enormously popular with close to a billion printed and sold Postcard America offers the first comprehensive study of these cards and their cultural significance Drawing on the production files of Curt Teich Co of Chicago the originator of linen postcards Jeffrey L Meikle reveals how photographic views were transformed into colorized postcard images often by means of manipulation adding and deleting details or collaging bits and pieces from several photos He presents two extensive portfolios of postcards landscapes and cityscapes that comprise a representative iconography of linen postcard views For each image Meikle explains the postcard's subject describes aspects of its production and places it in social and cultural contexts In the concluding chapter he shifts from historical interpretation to a contemporary viewpoint considering nostalgia as a motive for collectors and others who are fascinated today by these striking images
