Angels, Demons and the New World Fernando Cervantes, Andrew Redden, 2013-02-07 When European notions about angels and demons were exported to the New World they underwent remarkable adaptations Angels and demons came to form an integral part of the Spanish American cosmology leading to the emergence of colonial urban and rural landscapes set within a strikingly theological framework Belief in celestial and demonic spirits soon regulated and affected the daily lives of Spanish Indigenous and Mestizo peoples while missionary networks circulated these practices to create a widespread and generally accepted system of belief that flourished in seventeenth century Baroque culture and spirituality This study of angels and demons opens a particularly illuminating window onto intellectual and cultural developments in the centuries that followed the European encounter with America The volume will be of interest to scholars and students of religious studies anthropology of religion history of ideas Latin American colonial history and church history **Cumulated Index Medicus**, 1971 **Coloniality in Discourse Studies** Solange Maria de Barros, Viviane Resende, 2022-08-29 The volume examines the discourse based critique of coloniality It brings together an extensive interdisciplinary dialogue that reveals what different research fields such as sociology of language social psychology history and political science among others have to say about discourse criticism and de coloniality In doing so it also invites a critique of critical thinking acknowledging the relevance of dissonant voices that arise from this debate The essays in this volume discuss possibilities to decolonize discursive studies without losing sight of its contradictions The book delves into how one can as an intellectual who enjoys the privileges of coloniality in academic environments of the Global North deal with the limitations and paradox of a radical critique through discourse It discusses how ideas entrenched in privilege can be extracted shared and applied while ensuring the radicality of their local contextualization These ideas then must not only make sense within themselves but also resonate with other contexts readings and peoples in the South without repeating the mistakes of hermetic scholarly lexicons A key reading on decoloniality critical thinking methodologies ideas ideologies language and critical discourse analysis this volume will be of immense interest to scholar and researchers of language and literature political science the social sciences and Global South Studies *Diccionario universal de mitología o de la fábula*, 1-2 B. works as Mario Vargas Llosa's *La guerra del fin del mundo* Abel Posse's *Los perros del paraíso* Gabriel García Márquez's *El general en su laberinto* and Carlos Fuentes' *La campaña* A chapter on the Jewish Latin American novel focuses on several works that deserve greater recognition such as Pedro Orgambide's *Aventuras de Edmund Ziller en tierras del Nuevo Mundo* Moacyr Scliar's *A estranha nação* de Rafael Mendes and Angelina Muñoz's *Tierra adentro* Malas y Perversos Linda S. Kauffman, 2000-05 La cultura contemporánea no está saturada de pornografía sino de fantasía y los actores cineastas y escritores que aparecen en estas páginas se dedican a descodificar estas fantasías Las malas de este libro son satíricas salvajes con un agudo sentido del absurdo Algunos de los perversos exponen de forma similar sus propios cuerpos como especímenes médicos otros utilizan la medicina como material y como metáfora En conjunto el trabajo de las mujeres y de los hombres de quienes se ocupa aquí la autora es demasiado literal para el arte demasiado visceral para la pornografía La cultura popular es una máquina productora de deseo Hoy día la confusión sobre el impacto que tiene la cultura popular permea el discurso público los activistas contra la pornografía insisten en que las imágenes de sexo y violencia tienen un impacto directo sobre el público mientras que los activistas en contra de la censura lo niegan Este libro muestra que ambos bandos están equivocados la cultura popular produce un impacto pero no de la manera que imaginan unos y otros
