Lose Weight with No Pain Sandra Martinez, 2010-02-06 Have you ever felt there is more to weight gain than the equation calories in calories out Have you ever felt there was something utterly wrong with some of the things they say are good for you when you put them into practice Well if you have this little book might be a good find In just 80 pages packaged as tips for easy reading and no fluff it deals with most of the myths truths and issues around weight loss and sneaks in solutions for sticky problems like how much water you really need or what is the best moment to eat that chocolate cake you just can t go without If you are looking for another diet or exercise plan this is not for you it does have some recipes and talks about exercise but it is not that type of book It is

based on two main ideas 1 We are not machines and our emotions play a very important role in our weight journey 2 Our body is our best friend even when we don't return the favor When we shine the light of these ideas on our weight issues things change For example Emotional eating is not weakness but a tool some people develop to cope with stressful situations a tool that can get out of control We don't gain weight because of the bad things we eat but as a consequence of the good things we don't eat Killing yourself in the gym or following eating schedules designed by others people who don't know you at all ain't gonna help unless you use them to create your own system It also deals with difficult subjects like rejection and beating yourself up about your appearance or your life In short this book provides a fresh approach to big issues and the author handles them with affection and respect

Personal Development With Success Ingredients Mo Abraham, 2016-10-21 The team of successful people is a network of readers whose feedback have remained frankly remarkable They have transformed themselves into an epitome of success by studying and practicing the principles outlined in the book The book titled Personal Development with Success Ingredients written by Mo Abraham is a step by step guide for success wealth and happiness and the formula are by far tried and proven The 12 In 1 book covering over fifty topics on Health Mental Development Personal Social Development and Financial Development was written with the sole aim of illuminating the minds of those who are disappointed at so called success books as many of them are only theoretical and somewhat not applicable in a different localized setting and hence not workable But Personal Development with Success Ingredients is a book embracing principles which are very much universal and can be found in virtually everyone It's also like a whole library of knowledge wisdom key secrets and more packed into one book For those wondering where the real secret of success can be found it can be surely found in this book The book was written by Mo Abraham an experienced entrepreneur who has gained success by applying these same principles in his own life and business He was a former merchant navy officer who also worked in big telecommunication companies occupying very high positions until he set up his own business in 2003 Like everyone else Mo Abraham was also faced with the same struggle everyone faced but overcame those using strategic universal laws which he has hidden in the pages of this great book The principles are affluently assuring and guarantee a life changing experience The author has deliberately set an affordable price so that anyone can have the alluring experience this book has to offer The massive book contains over 900 pages of LIFE TRANSFORMING information that have been proven to work for thousands and thousands of successful people around the world today
