The Chicago Tribune Tower Competition Katherine Solomonson,2003-11-15

In 1922 the Chicago Tribune sponsored an international competition to design its new corporate headquarters. Both a serious design contest and a brilliant publicity stunt, the competition received worldwide attention for the hundreds of submissions from the sublime to the ridiculous it garnered. In this lavishly illustrated book, Katherine Solomonson tells the fascinating story of the competition, the diverse architectural designs it attracted, and its lasting impact. She shows how the Tribune used the competition to position itself as a civic institution whose new headquarters would serve as a defining public monument for Chicago. For architects, planners, and others, the competition sparked influential debates over the design and social functions of skyscrapers. It also played a crucial role in the development of advertising, consumer culture, and a new national identity in the turbulent years after World War I.

No Human Involved Cheryl L. Neely, 2025-01-21. An urgent examination of the invisibility of Black women and girls as victims of targeted killings and the lack of police intervention and media coverage. When Black women and girls are targeted and murdered, their cases are often categorized by police officers as N H I (No Humans Involved). Dehumanized and invisible to the public eye, they are rarely seen as victims. In the United States, Black women are killed at a higher rate than any other group of women, but their victimhood is not covered by the media, and their cases do not receive an adequate level of urgency. Utilizing intensive historical research of cases in cities such as Boston, Cleveland, Chicago, Detroit, and Los Angeles, Cheryl Neely calls attention to serial cases of Black female murder victims and a lack of police action. Neely approaches each case and story with detailed care. Instead of focusing solely on the killings and the murderers, she highlights the lives of the women and girls and their communities that never stopped fighting for justice. With media neglect and police indifference, Neely argues that because law enforcement is less likely to conduct serious investigations into the disappearances and homicides of Black women, they are particularly vulnerable to become victims. Diving deep into the unseen and unheard, Neely uses personal interviews, court records, media reports, and analytical data to understand how and why Black women are disproportionately more likely to die from homicide in comparison to their white counterparts. Sounding an urgent alarm, *No Human Involved* contends that it is time for Black women's lives to matter, not only to their families and communities but especially to those commissioned to protect them.

The Wages of Wins David Berri, Martin Schmidt, Stacey Brook, 2007-09-04. *The Wages of Wins* is a proper analysis of the data generated by professional sports; it tells many tales that are inconsistent with the myths put forward by the media industry and consumers of professional sport.

Longlisted for the 2025 PEN Open Book Award, A Martin Cruz Smith Award for Emerging Diverse Voices Finalist in the CALIBA 2024 Golden Poppy Book Awards. This debut novel breaks all the rules, capturing loss in all its belligerent rage and raw humor. Oprah Daily: Full of heart. PureWow: A tender wry and shamelessly honest novel following a Japanese widow raising her son between worlds with the help of her Jewish mother-in-law as she wrestles with grief, loss, and the strangest of all joys. Shortly after her husband Levi's untimely death, Kyoko decides to raise their young son Alex in San Francisco rather than return to Japan. Her nosy yet loving Jewish mother

in law Bubbe encourages her to find new love and abandon frugality but her own mother wants Kyoko to celebrate her now husbandless life Always beside her is Alex who lives confidently no matter the circumstance Four sections of vignettes reflect Kyoko's fluctuating emotional states sometimes ugly other times funny but always uniquely hers While freshly mourning Levi Kyoko and Alex confront another death that of Alex's pet fish Kyoko and Bubbe take a road trip to a psychic and discover that Kyoko carries bad karma On visits back to Japan Kyoko and her mother clash over how best to connect Alex with his Japanese heritage and as Alex enters his teenage years and brings his first girlfriend home Kyoko lets her imagination run wild as she worries about teen pregnancy In this openhearted and surprising novel about the choices and relationships that sustain us there are times where Kyoko is lonely but never alone and others in which she is alone but never lonely Through these moments she learns how much more there is to herself in the wake of total and unexpected upheaval A penetrating look at the complexities of grief love and joy Booklist See Loss See Also Love is also a testament to the spiraling awareness of the vast range of human emotion we experience every day

American Education ,1915 **Annual Report of the Department of the Interior** United States. Department of the Interior,1916 *James T. Farrell and Baseball* Charles DeMotte,2019-12-01 James T Farrell and Baseball is a social history of baseball on Chicago s South Side drawing on the writings of novelist James T Farrell along with historical sources Charles DeMotte shows how baseball in the early decades of the twentieth century developed on all levels and in all areas of Chicago America s second largest city at the time and how that growth intertwined with Farrell s development as a fan and a writer who used baseball as one of the major themes of his work DeMotte goes beyond Farrell s literary focus to tell a larger story about baseball on Chicago s South Side during this time when Charles Comiskey s White Sox won two World Series and were part of a rich baseball culture that was widely played at the amateur semipro and black ball levels DeMotte highlights the 1919 20 Black Sox fix and scandal which traumatized not only Farrell and Chicago but also baseball and the broader culture By tying Farrell s fictional and nonfictional works to Chicago s vibrant baseball history this book fills an important gap in the history of baseball during the Deadball Era **Plagued by Fire** Paul Hendrickson,2019-10-01 Frank Lloyd Wright has long been known as a rank egotist who held in contempt almost everything aside from his own genius Harder to detect but no less real is a Wright who fully understood and suffered from the choices he made This is the Wright whom Paul Hendrickson reveals in this masterful biography the Wright who was haunted by his father about whom he told the greatest lie of his life And this we see is the Wright of many other neglected aspects of his story his close and perhaps romantic relationship with friend and early mentor Cecil Corwin the eerie unmistakable role of fires in his life the connection between the 1921 Black Wall Street massacre in Tulsa Oklahoma and the murder of his mistress her two children and four others at his beloved Wisconsin home In showing us Wright s facades along with their cracks Hendrickson helps us form a fresh deep and more human understanding of the man With prodigious research unique vision and his ability to make sense of a life in ways at once unexpected poetic and undeniably brilliant he has given us the defining book on Wright
