of attention *Maximal God* Yujin Nagasawa, 2017 Yujin Nagasawa presents a new stronger version of perfect being theism the conception of God as the greatest possible being Although perfect being theism is the most common form of monotheism in the Judeo Christian Islamic tradition its truth has been disputed by philosophers and theologians for centuries Nagasawa proposes a new game changing defence of perfect being theism by developing what he calls the maximal concept of God Perfect being theists typically maintain that God is an omniscient omnipotent and omnibenevolent being according to Nagasawa God should be understood rather as a being that has the maximal consistent set of knowledge power and benevolence Nagasawa argues that once we accept the maximal concept we can establish perfect being theism on two grounds First we can refute nearly all existing arguments against perfect being theism simultaneously Second we can construct a novel strengthened version of the modal ontological argument for perfect being theism Nagasawa concludes that the maximal concept grants us a unified defence of perfect being theism that is highly effective and economical **This Is Philosophy** Steven D.
