

The background of the book cover is a photograph of railroad tracks stretching from the bottom center towards a bright, hazy horizon. The tracks are made of wooden ties and metal rails, and they converge as they recede into the distance. The sky is a mix of blue and orange, suggesting a sunrise or sunset. The overall mood is one of vastness and journey.

The Voyage Perilous Susan J. Rosowski, 2001-01-01 *They Voyage Perilous* is the first extended interpretation of Willa Cather's writing within the literary tradition of romanticism Although she partook of the familiar subjects and themes of the Wordsworthian school of romanticism Cather was not nearly so concerned with what we see as how we see Her intensely individual perspective more creatively romantic than has been previously recognized gave her work its own kind of elegant form Susan J Rosowski argues that Willa Cather early took up the romantic challenge to vindicate imaginative thought in a world threatened by materialism then pursued it with remarkable consistency throughout her career The early essays and stories set out the terms of this life long commitment In the early novels Cather celebrates imaginative possibilities in the middle ones she presents increasingly desperate circumstances asking what is left when the imagination is eclipsed by commercial values in the late novels she writes in a Gothic mode the dark counterspirit to optimistic romanticism The book is organized chronologically with a chapter devoted to each novel The chapters can be read independently or as part of a unified argument providing a larger picture

Stout, 2005-01-02 A compilation of essays focusing on the significance of material culture to Cather's work and Cather scholarship *Willa Cather and Material Culture* is a collection of 11 new essays that tap into a recent and resurgent interest among Cather scholars in addressing her work and her career through the lens of cultural studies One of the volume's primary purposes is to demonstrate the extent to which Cather did participate in her culture and to correct the commonplace view of her as a literary connoisseur set apart from her times The contributors explore both the objects among which Cather lived and the objects that appear in her writings as well as the commercial constraints of the publishing industry in which her art was made and marketed Essays address her relationship to quilts both personally and as symbols in her work her contributions to domestic magazines such as *Home Monthly* and *Woman's Home Companion* the problematic nature of Hollywood productions of her work and her efforts and successes as a businesswoman By establishing the centrality of material matters to her writing these essays contribute to the reclaiming of Cather as a modernist and highlight the significance of material culture in general to the study of American literature *Silent Film and the Formations of U.S. Literary Culture* Sarah Gleeson-White, 2024-05-14 *Silent Film and the Formations of U.S. Literary Culture* Literature in Motion argues that the emergence of motion pictures constituted a defining moment in U.S. literary history Author Sarah

Gleeson White discovers what happened to literary culture both popular and higher brow when inserted into the spectacular world of motion pictures during the early decades of the twentieth century How did literary culture respond to and how was it altered by the development of motion pictures literature s exemplar and rival in narrative realism and enthrallment Gleeson White draws on extensive archival film and literary materials and unearths a range of collaborative cross media expressive and industrial practices to reveal the manifold ways in which early twentieth century literary culture sought both to harness and temper the reach of motion pictures

On the Divide David H.
