Lost Millennium:

The Lost Millennium Florin Diacu, 2005 A chance conversation at a conference in Mexico started mathematician Florin Diacu on an amazing journey to make sense of one of the strangest and if true most revolutionary theories you'll ever encounter To understand how scientists could be sceptical about what year it is Florin Diacu explores the fascinating history of chronology from Egyptian horoscopes to the work of Isaac Newton with cameos by Voltaire and Edmund Halley making the startling discovery that our calendar is far from ironclad It all depends rather on the dating of ancient events about which there is real controversy At once accessible and profound *The Lost Millennium* examines the arguments of present day chronological revisionists such as the Russian scholar Anatoli Fomenko who claims that our system of dating is horribly askew Fomenko cites evidence from ancient astronomy linguistics and cartography and a crucial manuscript by Ptolemy staking his scientific prestige on a theory so controversial that it will change the way you think about time history and the calendar on your wall pub website

Maps of the Ancient Sea Kings Charles H. Hapgood, 1966 Hapgood utilizes ancient maps as concrete evidence of an advanced worldwide civilization existing many thousands of years before ancient Egypt Hapgood concluded that these ancient mapmakers were in some ways much more advanced in mapmaking than any people prior to the 18th century Hapgood believes that they mapped all the continents This would mean that the Americas were mapped thousands of years before Columbus Antarctica would have been mapped when its coasts were free of ice Hapgood supposes that there is evidence that these people must have lived when the Ice Age had not yet ended in the Northern Hemisphere and when Alaska was still connected with Siberia by the Pleistocene Ice Age land bridge

Biblical Studies on the Prophecies of the Rapture and Revelation Larry Phillip Russell,2017-11-16 Biblical Studies on the Prophecies of the Rapture and Revelation is an

introduction to and exploration of the Bible's teachings on the Second Advent of Jesus Christ. It distinguishes the Rapture from the Revelation. It affirms the Premillennial Pre-tribulation Rapture and Dispensational views. Explored are various theological positions of the Return of Christ. Biblical history, Church history, and insights from key Scripture passages. Russell writes for inquiring laity, clergy, and seminarians. This work provides edification, inspiration, a wealth of Biblical knowledge, working together strands of history, theology, Biblical studies, statistics, and even humor. The book addresses the Unconditional Covenant God made with Israel, kindly refutes Replacement theology, the Amil and Postmil views, defines Daniel's 70th Week, considers the future Tribulation Millennium, reminds of God's Sovereignty and Providence, warns of sensationalism, date setting, presents signs of the times, and touches on Apostasy. The book is a comprehensive eschatological work with significant amounts of doctrine, Biblical history, the history of Christianity, and interrelated eschatological considerations. It also admonishes practical Christian living and encourages seeking paths of holy living. If you desire to understand the distinctions between the Rapture and the Revelation, seek a challenging and rewarding journey of study, and if you would find your faith strengthened and your understanding increased, this book will be a helpful guide to your exploration.
