Lost Between the Cracks, 1996-03 Books in Print, 1994 **Subject Guide to Books in Print**, 1991 *The Poems of Lincoln Kirstein* Lincoln Kirstein, 1987 The Cracks That Held B.H. Newton, 2024-08-14 July 1976 Instead of celebrating a bicentennial the former United States is on the verge of reuniting 100 years after a protracted Civil War that neither side seemed able nor willing to win Along the heavily patrolled border between The Northern and The Southern citizens of both sides are lined up waiting for the wall to fall so they can move freely and seek a new life within one nation A nation now stripped of its shared identity technology and culture bereft of soul But can a fledgling government succeed in bringing it all back together or will the shadowy forces of dissention reclaim the cracks that held B H Newton s **THE CRACKS THAT HELD IN THE LAST STALL OF BENNY S BORDER PETROL** is a thought provoking mystical epic set in an alternate past **Reading London in Wartime** William Cederwell, 2017-11-06 Reading London in Wartime Blitz the People and

Propaganda in 1940s Literature presents an expansive variety of writers and genres including non fiction and film approaches to build a comprehensive social picture of the atmosphere during wartime London From blitz and austerity to the nagging insistency of propaganda this volume examines the representation of London in wartime and early post war literature through each writer s unique perspective on the pressures of 1940s city life Exploring the use of London imagery this book considers how literature redirects attention to individual subjective experience at a time of enforced co operation uniformity and community Unlike government information films and news broadcasts which often used London to prop up prevailing clich s and stereotypes and encouraged patriotic support for the war literature had the freedom to express more recalcitrant truths London writing of the 1940s was not a literature of opposition or dissent but in offering more nuanced depictions of the period it was a counterweight to propaganda and the general war temperament In writing the city becomes a more complex place no longer the easy symbol of defiance and stoicism of the shared sacrifice of ration book and war work

The Graphic, 1922 **Border Transgression and Reconfiguration of Caribbean Spaces** Myriam Moïse, Fred Réno, 2020-09-28 A dividing line the border is usually perceived in terms of separation and rupture It is a site of tension par excellence at the origin of contestations negotiations and other conflicting patterns of inclusion exclusion This book takes us through an exploration of the border in the Caribbean region both geographically fragmented and strongly tied through its history culture and people This collection of scholarly articles interrogates the border within the specificities of the Caribbean context its socio political dynamics and its literary and artistic representations The transgression of borders and the consequent reconfiguring phenomena are thus applied to the Caribbean and its diasporas through a transdisciplinary approach The book combines a multiplicity of research fields including Social Sciences Cultural Geography Geopolitics Cultural and Literary Studies hence it offers a global perspective on the topic and transcends disciplinary categories The contents of the book also stretch beyond geographic and linguistic borders as the contributors come from diverse scholarly
