Lost Fathers The Politics Of Fatherlessness In America:

Lost Fathers Cynthia R. Daniels, 2000-04 This book brings together the voices of a highly diverse group of scholars to reflect on the culturally and politically charged concept of fatherlessness in contemporary American politics **The Myth of the Missing Black Father** Roberta L. Coles, Charles St. Clair Green, 2010 Common stereotypes portray black fathers as being largely absent from their families Yet while black fathers are less likely than white and Hispanic fathers to marry their child's mother many continue to parent through cohabitation and visitation providing caretaking financial and other in kind support This volume captures the meaning and practice of black fatherhood in its many manifestations exploring two parent families cohabitation single custodial fathering stepfathering noncustodial visitation and parenting by extended family members and friends Contributors examine ways that black men perceive and decipher their parenting responsibilities paying careful attention to psychosocial economic and political factors that affect the ability to parent Chapters compare the diversity of African American fatherhood with negative portrayals in politics academia and literature and through qualitative analysis and original profiles illustrate the struggle and intent of many black fathers to be responsible caregivers This collection also includes interviews with daughters of absent fathers and concludes with the effects of certain policy decisions on responsible parenting **Fatherhood Politics in the United States** Anna Gavanas, 2010-10-01 Are fathers being marginalized in the contemporary family Responding to fears that they are the self proclaimed fatherhood responsibility movement FRM has worked since the mid 1990s to put fatherhood at the center of U S national politics Anna Gavanas's Fatherhood Politics in the United States analyzes the processes reveals the internal struggles and traces the myths that drive this powerful movement Unlike previous investigations that rely on literary or other secondary sources Fatherhood Politics works from primary ethnographic material to represent a wider range of voices and actors Interacting with and interviewing members of the most powerful and well known national fatherhood organizations Gavanas observed Promise Keeper rallies men's workshops and conferences on masculinity fatherhood and marriage Providing a detailed overview of the different organizations involved and their various rhetorical strategies Gavanas breaks down the FRM into two major wings The pro marriage wing sees marriage as the key to solving all social problems while the fragile family organizations worry about unemployment racism and discrimination Gavanas uses her extensive anthropological fieldwork as the basis for discussions of gender sexuality and race in her analysis of these competing voices Taking us inside the internal struggles tensions and political machinations of the FRM Gavanas offers a behind the scenes look at a movement having real impact on current social policy Fatherhood Politics is an essential work for anyone interested in the politics of masculinity parenthood marriage race and sexuality Essential Dads Jennifer M. Randles, 2020-10-13 In Essential Dads sociologist Jennifer Randles shares the stories of more than 60 marginalized men as they sought to become more engaged parents through a government supported responsible fatherhood program Dads experiences serve as a unique window into long standing controversies

about the importance of fathering its connection to inequality and the state's role in shaping men's parenting. With a compassionate and hopeful voice Randles proposes a more equitable political agenda for fatherhood one that carefully considers the social and economic factors shaping men's abilities to be involved in their children's lives and the ideologies that rationalize the necessity of that involvement.

The Black Male in White America Jacob U. Gordon, 2004 This book explores twelve related research topics each constituting a chapter. These chapters reflect the magnitude of the problems facing the African American male. The book also documents the success stories of African American men and how they have lived beyond stereotypes and other odds. These issues are not likely to go away in the 21st century. They require government action and individual initiative toward a civil society in which America's promise can be a reality for all Americans thus making sure that no single American will be left behind.

Towa *The Father* Luigi Zoja, 2003-09-02 Luigi Zoja views the origin and evolution of the father from a Jungian perspective. He argues that the father's role in bringing up children is a social construction that has been subject to change throughout history and looks at the consequences of this along with the crisis facing fatherhood today. The Father will be welcomed by people from a wide variety of disciplines including practitioners and students of psychology sociology and anthropology and by the educated general reader.

Rebuilding Catholic Culture Ryan Nathan Scott Topping, Ryan Topping, 2013-01-18 Rarely does a book come along that so succinctly explains the decline of modern culture articulates a defense of the Church's teachings and offers a hope-filled path for building a civilization grounded in Catholic truth. In these pages Dr. Ryan Topping does all three pulling back the curtain on the false philosophies of the secularists and showing that in the West today the most formidable threat to freedom is not failing economies or Islam but secularism. Our best defense, he claims, is a vibrant Catholic culture and our best hope for creating it lies in the principles found in the Catechism of the Catholic Church. In *Rebuilding Catholic Culture* you'll discover sensible ways to begin restoring Catholic culture right now in your own life and family and in our larger communities as well in the theater in the classroom in our hospitals and even in the public square. This profoundly accessible book will renew your confidence in the world transforming character of our Creed and in the potency of our Faith to shape and redefine the culture of the West.

Book jacket *Rights, Gender and Family Law* Julie Wallbank, Shazia Choudhry, Jonathan Herring, 2009-12-04 There has been a widespread resurgence of rights talk in social and legal discourses pertaining to the regulation of family life as well as an increase in the use of rights in family law cases in the UK the US Canada and Australia.

Rights Gender and Family Law addresses the implications of these developments and in particular the impact of rights based approaches upon the idea of welfare and its practical application There are now many areas of family law in which rights and welfare based approaches have been forced together But whilst to many they are premised upon different ethics respectively of justice and of care for others they can nevertheless be reconciled In this respect a central concern is the gender blind character of rights based approaches and the ontological and practical consequences of their employment in the gendered context of the family Rights Gender and Family Law explores the tensions between rights based and welfare based approaches explaining their differences and connections considering whether if at all they are reconcilable and addressing the extent to which they can advantage or disadvantage the interests of women children and men It may be that rights based discourses will dominate family law at least in the way that social policy and legislation respond to calls of equality of rights between mothers and fathers This collection however argues that rights cannot be given centre stage without thinking through the ramifications for gendered power relations and the welfare of children It will be of interest to researchers and scholars working in the fields of family law gender studies and social welfare *Vulture Culture* Christine M.

Quail, Kathalene A. Razzano, Loubna H. Skalli, 2005 *Vulture Culture* presents a new and complex way of thinking about daytime television talk shows *Vulture culture* is the process by which the media scavenge the personal narratives and popular discourses that make up everyday knowledge and commonsense and re present them back to us as spectacle entertainment and information This book explores these nuances through a probing analysis of the vast landscape of daytime television talk shows and their relation to important political social and economic problems Using an approach that takes into account the multiple perspectives of political economy cultural studies and cultural pedagogy *Vulture Culture* provides an in depth and well rounded examination of this mainstay of television and media culture **Redefining Fatherhood** Nancy E.

Dowd, 2000-07-01 Most fathers parent less than most mothers Those fathers who do parent equally or more so than mothers are poorly supported by our society For children this means a loss of adult care as well as an ongoing and sharply defined differentiation between fathers and mothers Fathers are not present in children s lives to a significant degree if at all or when they are present they are often rendered socially invisible For many men their parenthood is defined as biological or economic while a minority of men struggle against the presumption that they are not caregivers In *Redefining Fatherhood* Nancy Dowd argues that this skewed social pattern is mirrored and supported by law Dowd makes the case for reenvisioning fatherhood away from genes and dollars and toward nurture Integrating economic social and legal aspects of fathering she makes the case for focusing on social nurturing behavior as the core meaning of fatherhood In this nuanced and complex analysis she explores the barriers to redefinition including concepts of masculinity the interconnections between fathers and mothers male violence and homophobia *Redefining Fatherhood* offers a progressive view on how men and society at large can change understandings and practices of fatherhood Engaging and Working with African American Fathers Latrice

Rollins,2020-12-30 Engaging and Working with African American Fathers Strategies and Lessons Learned challenges traditional and historic practices and policies that have systematically excluded fathers and contributed to social and health disparities among this population With chapters written primarily by African American women drawing on years of research interviews and practical experience with this demographic each section explores current evidence on engagement approaches descriptions of agencies programs addressing specific issues fathers face and case studies documenting typical clients and approaches to addressing their diverse needs Offering an expansive overview of issues affecting African American fathers the book explores such important topics as public child and mental health education parenting employment and public initiatives among others Engaging and Working with African American Fathers is a key resource for social work public health education students researchers practitioners policymakers and members of communities who are challenged by meeting the diverse needs of African American fathers

Postfeminism and Paternity in Contemporary US Film

Hannah Hamad,2013-10-15 This book interrogates representations of fatherhood across the spectrum of popular U S film of the early twenty first century It situates them in relation to postfeminist discourse identifying and discussing dominant paradigms and tropes that emerge from the tendency of popular cinema to configure ideal masculinity in paternal terms It analyses postfeminist fatherhood across a range of genres including historical epics war films westerns bromantic comedies male melodramas action films family comedies and others It also explores recurring themes and intersections such as the rejuvenation of aging masculinities through fatherhood the paternalized recuperation of immature adult masculinities the relationship between fatherhood in film and 9 11 culture post racial discourse in representations of fatherhood and historically located formations of fatherhood It is the first book length study to explore the relationship between fatherhood and postfeminism in popular cinema

Voices of African-American Teen Fathers

Angelia M Paschal,2013-01-11 Find out what it s like to be young African American and a father Voices of African American Teen Fathers is an insightful look at adolescent pregnancy and parenthood through the eyes of fathers aged 14 to 19 This unique book features candid interviews with thirty teens who talk about doing what I got to dohandling their responsibilities as best they can given their perceptions limitations and life experiences Teens talk about how and why they became fathers how they handle being a parent their perceptions of fatherhood the relationships they have with their parents and the mothers of their children and how they deal with the everyday struggles demands and concerns they face Nearly one million girls between the ages of 15 and 19 become pregnant each year in the United States and most of the available research on adolescent parenthood focused on them We know little about African American adolescent fathers or about their perspectives on the cultural and socioeconomic conditions that define their experience Voices of African American Teen Fathers provides an understanding of these young fathers on their own terms and suggests theoretical frameworks assessment tools and effective interventions to develop a plan of action to help African American adolescent fathers fulfill their roles Helpful appendixes including an interview guide

and biographies of the participants are included as are six tables that make complex information easy to access and understand Voices of African American Teen Fathers examines tough issues including intimate amicable or antagonistic relationships with their children s mothers relationships with their own mothers and fathers racism and discrimination child support loss of independence transportation problems drugs socioeconomic issues and much more Voices of African American Teen Fathers is an invaluable resource for counselors family educators social service organizations community practitioners and social scientists

Contemporary Fathering Brid Featherstone,2009-04-15 APPROVED BY AUTHOR Since 1997 child welfare services have been faced with new demands to engage fathers or to develop father inclusive services This book emerges from work by the author as a researcher and educator over many years on the issues posed by this agenda for child welfare practitioners in a variety of contexts In locating fathers fathering and fatherhood within historical and social landscapes the book addresses issues seldom taken up in practice settings It explores diversity and complexity in fathering in different disciplines such as psychoanalysis sociology and psychology and analyses contemporary developments in social policies and welfare practices The author employs a feminist perspective to highlight the opportunities and dangers in contemporary developments for those wishing to advance gender equity A key strength of Contemporary fathering is its interdisciplinary focus It will be required reading for graduate and postgraduate students of social work social policy sociology and child and family studies Academic researchers will also find the book invaluable because of its breadth of scholarship

Gender, Identity & Reproduction S. Earle,G. Letherby,2003-10-31 Gender Identity and Reproduction draws on a variety of perspectives relevant to an understanding of reproduction across the life course Through a consideration of the representation of reproductive identities and experiences the book highlights difference and diversity in relation to contemporary reproductive choices The book focuses on women s and men s experiences of agency control and negotiation within the context of cultural medical political theoretical and lay ideologies of the reproductive process in contemporary Western societies

Fragmenting Fatherhood Richard Collier,Sally Sheldon,2008-09-05 Debates about the future of fatherhood have been central to a range of conversations about changing family forms parenting and society Law has served an important yet often neglected role in these discussions serving as an important focal point for broader political frustrations playing a central role in mediating disputes and operating as a significant symbolic state sanctioned account of the scope of paternal rights and responsibilities Fragmenting Fatherhood provides the first sustained engagement with the way that fatherhood has been understood constructed and regulated within English law Drawing on a range of disparate legal provisions and material from diverse disciplines it sketches the major contours of the figure of the father as drawn in law and social policy tracing shifts in legal and broader understandings of what it means to be a father and what rights and obligations should accrue to that status In thematically linked chapters cutting across substantive areas of law the book locates fatherhood as a key site of contestation within broader political debates regarding the family and gender equality

Multiple visions of fatherhood evolving unevenly over time across diverse areas of law emerge from this analysis. Fatherhood is revealed as an essentially fragmented status and one which is intertwined in complex ways with the legal, cultural, and political contexts in which discourses of parenthood are produced. *Fragmenting Fatherhood* provides an important and unique resource speaking to debates about fatherhood across a range of fields including law and legal theory, sociology, gender studies, social policy, marriage and the family, women's studies, and gender studies. Male Femininities Dana Berkowitz, Elroi J. Windsor, C. Winter Han, 2023-02-14 Innovative essays that explore how men perform femininity and what femininity looks like without women. What counts as male femininity? Is it simply men behaving in effeminate ways or is it the absence of masculinity? *Male Femininities* presents a nuanced critical collection of essays that highlight the extent to which male femininities are neither an imitation of femaleness nor an emptying of masculinity. These innovative essays focus on both gay and straight men and transmasculine and genderqueer people in their construction and performance of femininity, thereby revealing the possibilities that open up when we critically examine femininity without women. *Male Femininities* asks: What does femininity look like for men? The contributors, highly regarded scholars and rising stars, cover a range of topics including drag queens, cosmetic enhancements, trans fertility, and gender-nonconforming childhoods. *Male Femininities* illuminates what happens when we decouple femininity from female bodies and how even the smallest cracks and fissures in the normative order can disrupt, challenge, and in some cases reaffirm our existing sex/gender regime. This volume pluralizes the concept of male femininities and leads readers through an exploration of how gender, sex, and sexuality are manifested in the United States today.

Retrospect and Prospect in the Psychological Study of Families James P. McHale, Wendy S. Grolnick, 2001-10 This volume is designed to review the knowledge base of family psychologists from a broader perspective than that of specific research programs. Intended readers include family psychologists as well as sociologists, anthropologists, clinicians, and policymakers.

Healthy Work Namir Khan, Nina Nakajima, Willem H. Vanderburg, 2004-11-08 The latest in a series focused on improving health conditions, this volume addresses work environments, bringing together diverse sources of literature that support preventive approaches to work design and organization. This reference provides an overview of relevant literature to engineers, managers, accountants, occupational health and safety specialists, and industrial hygienists so that they and other professionals can understand what has caused our workplaces to become primary sources of physical and mental illness. By focusing on diagnostic and prescriptive approaches, managers can implement designs and decisions that prevent or greatly reduce undesired and harmful effects. Other titles in the series include *Healthy Cities*, *Sustainable Production*, *Sustainable Energy*.
