Love Thy Brother

David W. T. Brattston

Love Thy Brother:

Love your Brother Dean Reed, 1979 Hier erh ltlich ist die Notenausgabe des Titels f r Klavier und Gesang *Love Thy Neighbor as Thyself* Lenn E. Goodman, 2008-01-02 In this book Lenn E Goodman writes about the commandment to love thy neighbor as thyself from the standpoint of Judaism a topic and perspective that have not often been joined before Goodman addresses two big questions What does that command ask of us and what is its basis Drawing extensively on Jewish sources both biblical and rabbinic he fleshes out the cultural context and historical shape taken on by this Levitical commandment In so doing he restores the richness of its material content to this core articulation of our moral obligations which often threatens to sink into vacuity as a mere nostrum or rhetorical formula Goodman argues against the notion that we have this obligation simply because God demands it a position that too readily makes ethics seem arbitrary relativistic dogmatic authoritarian contingent or just unpalatable Rather he proposes that we learn much about how we ought to think about God from what we know about morals He shows that natural reasoning and appeals to scripture tradition and revelation reinforce one another in ethical deliberation For Goodman ethics and theology are not worlds apart connected only by a kind of narrow one way passage the two realms of discourse can and should inform each other Engaging the philosophers including Aristotle Spinoza and Kant and assembling three thousand years worth of Jewish textual masterpieces Goodman skillfully weaves his Gifford Lectures which he delivered in 2005 into an indispensable work **Love Thy Neighbor...?** Aaron D Davis, 2005-04 In John 17 20 21 Jesus prayed My prayer for all of them is that they will be one just as you and I are one Father that just as you are in me and I am in you so they will be in us and the world will believe you sent me NLT The Christian church continues to find points of contingency by which they justify their divisions Many do not realize that it is not the Spirit of God under which they operate but a subtle counterfeit named Religion The Spirit of Religion has been the greatest opposition of the Christian Church since its inception It was the religious leaders of Jesus day who were influenced by this spirit and continually sought to discredit Christ and his teachings Those who were bound by this spirit sought to silence Christ and eventually found cause to kill Him This same spirit at work today continues to cause division among Christians as well as between Christians and non Christians This book has been written to expose the evil influence that Satan has had upon the Christian church under the guise of religion and to release those who have been bound by religions chains by establishing a true relationship with God Issues addressed in this book include What is the Spirit of Religion What is the difference between church doctrine and sin Why do Christians judge What does it mean to be ye separate What does the Bible say about those who are Tattooed or Pierced What is the difference between having a religion and experiencing a relationship with God and much more **The Mystery Revealed** Sidney A. Weltmer, 1993-02 1901 The reader of this book will see that the central doctrine of Weltmerism is the doctrine of agreement and the power which heals is not the power of the healer nor of the patient but the great Law of Being the Father inherent in everything that *The Seduction of the Church* Malcolm C.

J. H. ... With his Funeral Sermon on 2 Tim. iii. 14 by Mr Spademan. To which are prefix'd, Memoirs of the life of the Author, collected by E. Calamy** John Howe,1832 **Traditional Christian Ethics** David W. T. Brattston,2014-10-01 Traditional Christian Ethics features two exhaustive alphabetical lists of affirmative

commandments and prohibitions from the earliest Christian ethics as found in writers before the mass apostasy of 249-251 AD. The affirmatives or positives list consists of what Christians are were commanded or encouraged to do. The other list is of negatives or prohibitions i.e. what Christians are were discouraged from doing similarly arranged. The source material for the work encompasses far more than the ten volume Ante Nicene Fathers edited by Roberts and Donaldson. It also draws from all writings of the period Christian Jewish and pagan available in English or French translation plus a few Latin translations. Some translations have been published only in scholarly journals and some only in the twenty first century. Volumes Two and Three form a single exhaustive alphabetical list of affirmative commandments or precepts including mental attitudes i.e. what Christian ethics commanded or encouraged according to writers on Christian ethics before 250 AD. Using earlier drafts of this set of books Dr Brattston's articles and booklets synthesizing early and contemporary Christianity have been published by a wide variety of denominations and ministries in every major English speaking country. He hopes readers will use them as a starting point for writing articles papers and sermons of their own.
