gritty and glimmering **Convicts and the Arts** Professor Max Howell, Dr Lingyu Xie, 2013-11-01 There are a considerable number of books on the art of the convicts so Convicts Art has been covered reasonably well but art is only once facet of the arts that has been examined to any extent This book concerns itself with Convicts the Arts This book then endeavors to look at the convicts contribution to the arts and demonstrates without doubt that the convicts made a significantly broader contribution to the culture of Australia than previously thought There is a common misconception that all convicts were immediately institutionalised in a cell and convict culture was solely a prison culture It needs reinforcing that when the First Fleet arrived there were no prisons in Australia no cells where they could put the convicts The early governors and principal authorities quite logically endeavoured to use whatever skills the convicts had So artists generally forgers were placed with those who were interested in recording a visual history of this new land Among the convicts were bricklayers house painters jewelers silversmiths goldsmiths and so on and some of them made significant contributions to the emerging society Some of these contributions will be developed herein This work endeavors to examine the convicts contribution to the arts in Australia in areas like the writing of novels poetry autobiographies sculpture theatre music architecture jewelry the press decorative arts and pottery **Valentine's Day Gr. 5-8 , Poetry of L.I.G.H.T and Songs** Gerald W. Femininities in Medieval German Literature Karina Marie Ash, 2016-05-23 Drastic changes in lay religiosity during the High Middle Ages spurred anxiety about women forsaking their secular roles as wives and mothers for religious ones as nuns and beguines This anxiety and the subsequent need to model an ideal of feminine behavior for the laity is particularly expressed in the German versions of Latin and French narratives Using thirteenth century penitentials monastic exempla and sermons Karina Marie Ash clarifies how secular wifehood was recast as a quasi religious role and in German epics and romances from the late twelfth and early thirteenth centuries how female characters are adapted to promote the salvific nature of worldly love in ways that echo the pastoral reevaluation of women at that time Then she argues that mid and late thirteenth century German literature not only reflects this impulse to idealize women's roles in lay society but also to promote an alternative model of femininity that deploys ways of privileging secular roles for women over religious ones These continuously evolving readaptations of female protagonists across cultures and across centuries reflect fictive solutions for real historical concerns about women that not only complement contemporary pastoral and legal reforms but are also unique to medieval German literature *Faking It!* , 2022-12-28 *Faking It* collects eleven chapters which explore the question of forgery from different disciplinary angles literary historical and art historical contributions share space with discussions of jewels architecture and coinage The various case studies take as their focus developments in Renaissance Italy and early modern England as well as

in France Germany Malta Denmark Sweden Iceland Russia and Australia While each chapter contributes to a better understanding of the local context of cultural production together they suggest new answers to how we can understand forgery The concept of performance allows us to see beyond normative approaches and gain insight into some of the ambiguities concerning the nature of forgery Contributors to this volume Brian J Boeck Federica Boldrini Patricia Pires Boulhosa Laurent Curelly Helen Hughes Jacqueline Hylkema Philip Lavender Lorenzo Paoli Ingrid Rowland Camilla Russo and Ksenija Tschetschik Hammerl
