You Dr. Alexandre Rushenas, 2018-06-23 In his second book *Cancer I Love You*, Dr. Rushenas presents a groundbreaking perspective that revolutionizes how we perceive and interact with cancer. By introducing a new theory and illuminating the existence of a profound communication channel between our bodies and cancer cells, Dr. Rushenas equips readers with an extraordinary tool to transform the very meaning of cancer and eradicate its negative associations. The book redefines the experience of living with cancer, including undergoing treatments such as chemotherapy, radiotherapy, and alternative therapies. No longer viewed as battles to be fought with frustration and anger, these moments become opportunities for boundless emotions infused with joy, fulfillment, and harmony, ultimately expediting the healing process. Through Dr. Rushenas' insights, readers discover that they possess an untapped well of power beyond imagination, forever altering their perspective on their own potential. *Cancer I Love You* invites readers to embrace a paradigm shift, fostering a deep connection between mind, body, and cancer. By embracing this holistic approach, individuals can unleash their inherent healing capabilities, propelling them forward on a transformative journey of empowerment and self-discovery. The book assures readers that once they realize their true potential, there is no turning back; the path to healing and well-being becomes illuminated with infinite possibilities.

Rumi and the Whirling Dervishes Alberto Fabio Ambrosio, 2019-12-31 This brings together in English, for the first time, a number of articles in one volume that have been published in various books and journals and are reprinted with permission. Through this work, Rumi and his poetry, as well as the whirling dervishes, will hopefully become more widely known in Western countries than they are at present. The whirling dervishes are famous for their ecstatic dance, and but here it is hoped that their role within Sufism will become more clearly understood. The book is an attempt to suggest a renewed manner of thinking about one of the most celebrated trends in the mystical dimension of the Islam, the religion of love of Rumi and the cosmic dance of the dervishes. The theology is at the back of all the itinerary, and the all five chapters represent the possibility to rethink the dynamic relation between disciples and their Founder, institution and charisma, politics and mysticism.

But the Greatest of These Is Love Edward M. Vigeant,2014-03-05 This new Thought System emphasizes application rather than theology It specifically states that a universal religion is impossible but a Universal Experience is not only possible but also necessary This Universal Experience is Love Universal means that all of the billions of people who have passed through this world since time began and all of the people who are here now seven billion would know God God is Love To know God's Love within is to know God Where learning ends there is Love Love is not learned There was never a time in

which you knew it not Once this new perception of God is accepted then everything changes The quiet Voice of Love will help you to reinterpret everything you have been taught as fearful and that makes you feel guilty and will change them to only what is loving is true There are no rules and regulations to obey You need do nothing The Power of Love will set you free It is not through any of your efforts Here is the ultimate release which everyone will one day find in his own way at his own time Think about this If Love is the primary focus of your life what are you going to do wrong Fear God and keep His commandments becomes Know God and accept His Certainty According to Wikepedia it is estimated that there are approximately 4 200 religions in the world today I say But the Greatest of These is Love
