Dickinson's writings While providing an overview of their topic the essays also present groundbreaking research and original arguments treating the poet's local environments literary influences social cultural political and intellectual contexts and reception A resource for scholars and students of American literature and poetry in English the collection is an indispensable contribution to the study not only of Dickinson's writings but also of the contexts for poetic production and circulation more generally in the nineteenth century United States Vienna Waltz Teresa Grant, 2011-04-01 With Napoleon Bonaparte exiled to Elba the elite of Europe have gathered at the glittering Congress of Vienna princes ambassadors the Russian tsar negotiating the fate of the Continent by day and flirting and waltzing by night But on one of those candle warmed evenings Princess Tatiana the most beautiful and talked about woman in Vienna is found murdered during an ill timed rendezvous with three of her most powerful conquests Suzanne Rannoch has tried to ignore rumors that her new husband Malcolm is also one of Tatiana's lovers As a protégé of France's Prince Talleyrand and an attaché for Britain's Lord Castlereagh Malcolm sets out to investigate the murder He needs Suzanne's unique skills and knowledge if he is to succeed The complex dance between husband and wife in the search for the truth tests their marriage their liberty and their very lives No one's secrets are safe and the future of Europe may hang in the balance Glittering balls deadly intrigue sexual scandals the next best thing to actually being there Lauren Willig A perfect blend of history mystery romance and suspense Deborah Crombie *Selected Works of Gertrude Franklin Horn Atherton* Gertrude Franklin Horn Atherton, 2020-09-28 Countess Gisela Niebuhr sat in the long dusk of Munich staring over at the beautiful park that in happier days had been famous in the world as the Englischer Garten and deliberately recalled on what might be the last night of her life the successive causes that had led to her profound dissatisfaction with her country as a woman She was so thoroughly disgusted with it as a German that personal grievances were far from necessary to fortify her for the momentous role she was to play with the dawn but in this rare hour of leisure it amused her naturally introspective mind to rehearse certain episodes whose sum had made her what she was When she was fourteen and her sisters Lili and Elsa sixteen and eighteen they had met in the attic of their home in Berlin one afternoon when their father was automatically at his club and their mother taking her prescribed hour of rest and solemnly pledged one another never to marry The causes of this vital conclave were both cumulative and immediate Their father the Herr Graf a fine looking junker of sixty odd with a roving eye and a martial air despite a corpulence which annoyed him excessively had transferred his lost authority over his regiment to his household The boys were in their own regiments and rid of parental discipline but the countess and the girls received the full benefit of his military and Prussian relish for despotism In his essence a kind man and fond of his women he balked their every individual wish and allowed them practically no liberty They never left the house unattended like the American girls and those fortunate beings of the student class Lili had a charming voice and was consumed with ambition to be an operatic star She had summoned her courage upon one memorable occasion and broached the subject to her father All the terrified family had expected his instant dissolution from apoplexy and in spite

of his petty tyrannies they loved him The best instructor in Berlin continued to give her lessons as nothing gave the Graf more pleasure of an evening than her warblings The household quite apart from the Frau Gräfin's admirable management ran with military precision and no one dared to be the fraction of a minute late for meals or social engagements They attended the theater the opera court functions dinners balls on stated nights and unless the Kaiser took a whim and altered a date there was no deviation from this routine year in and out They walked at the same hour drove in the Tiergarten with the rest of fashionable Berlin started for their castle in the Saxon Alps not only upon the same day but on the same train every summer and the electric lights went out at precisely the same moment every night the count's faithful steward manipulated a central stop They were encouraged to read and study but not oh by no means to have individual opinions The men of Germany were there to do the thinking and they did it Perhaps the rebellion of the Niebuhr girls would never have crystallized for after all their everyday experience was much like that of other girls of their class merely intensified by their father's persistence of executive ardors had it not been for two subtle influences quite unsuspected by the haughty Kammerherr they had an American friend Kate Terriss who was finishing her voice in Berlin and their married sister Mariette had recently spent a fortnight in the paternal nest The count despised the entire American race as all good Prussians did but he was as wax to feminine blandishments outside of his family and Miss Terriss was pretty diplomatic alluring and far cleverer than he would have admitted any woman could be She wound the old martinet round her finger subdued her rampant Americanism in his society and amused herself sowing the seeds of rebellion in the minds of those poor Niebuhr girls As the countess also liked her she had been in and out of the house for nearly a year The young Prussians had alternately gasped and wept at the amazing stories of the liberty the petting the procession of good times enjoyed by American girls of their own class to say nothing of the invariable prerogative of these fortunate girls to choose their own husbands who according to the unprincipled Miss Terriss invariably spoiled their wives and permitted them to go and come to spend their large personal allowances as they listed Gisela closed her beloved volume of Grimm's fairy tales and never opened it again
