Loves Far Horizon:

Far Horizons James J. White, 2013 Hello my dear take a seat were the kind words spoken by the doctor His quiet manner exuded a self assurance and efficiency and his office radiated the warmth of a cheerfully decorated Christmas Eve Kathy I have the results of your tests here They indicate that you have MDS Myelodysplasia Syndrome 5q What does this mean doctor In layman s terms you have a rare form of leukemia a blood cancer he said And so began my journey to Far Horizons

Far Horizons Andrew Earnshaw, 2013-07-01 Stalked by a black bear encountering a close shave with a bull buffalo having his tent eaten by an elk and being mugged by a gang of racoons these are just a few of the adventures the author experiences as he attempts to circumnavigate North America by motorcycle in 2009 In doing so he discovers a land and two countries that feature a number of different divides political national cultural and geographical The early chapters describe the minimal planning that took place and the doubts that hit him when he begins his journey finding his motorcycle impounded by US Customs but then gradually transform with the release of the bike into a classic road trip as he delves down the Appalachians into Alabama meeting kindred spirits from the biking world on the way and warming mile by mile into a deep appreciation of the splendour of the landscape and the warmth of the inhabitants Later into the journey he travels through the First Nation reservations and looks into the history surrounding the demise of the Great Plains culture describing the victory of the Sioux and their allies at Little Bighorn then the massacre at Wounded Knee meeting descendants of those involved The book is light hearted and written in the spirit of gentle adventure by someone who admits to being a pretty slow rider and a navigational incompetent to boot If he manages to get back to Baltimore it will be a small miracle and hopefully by the time he gets there he will have finally found out what the Great Divide really is **Love's Reflections** Dudley (Chris)

and anarchist the events of that Paris spring form the backdrop against which their love affair is played Annie sees the world through an artist's eyes she is reckless in her passions wanting and needing love with other people There is none of this fanciful nonsense for Julian an anarchist disdainful of the entire human race who thinks even the enraged students storming the streets of Paris with their posters proclaiming open the windows of your heart and revolution is the ecstasy of history to be hopelessly naive and sheeplike Ferlinghetti charts the progress of love unfolding against those heady and momentous days when the pampered children of the bourgeoisie tried to find common cause with workers who despised them when Julian and Annie were in the heat of their love and reason
