With an encyclopedic knowledge of opera and a delightful dash of irreverence Sir Denis Forman throws open the world of opera its structure composers conductors and artists in this hugely informative guide *A Night at the Opera* dissects the eighty three most popular operas recorded on compact disc from Cilea's *Adriana Lecouvreur* to Mozart's *Die Zauberflöte* For each opera Sir Denis details the plot and cast of characters awarding stars to parts that are worth looking out for really good or occasionally stunning He goes on to tell the history of each opera and its early reception Finally each work is graded from alpha to gamma although the Ring cycle gets an X and Sir Denis has no qualms about voicing his opinion the first act of *Fidelio* is a bit of a mess while the last scene of *Don Giovanni* towers above the comic finales of *Figaro* and *Cos* and whether or not it is Mozart's greatest opera it is certainly his most powerful finale The guide also presents brief biographies of the great composers conductors and singers A glossary of musical terms is included as well as *Operatica* or the essential elements of opera from the proper place and style of the audience's applause and boos to the use of subtitles *A Night at the Opera* is for connoisseurs and neophytes alike It will entertain and inform delight and perhaps infuriate providing a subject for lively debate and ready reference for years to come
