Frayser, 1987 **SER PADRES GESTALTICOS** Antonio Sellés, Amparo Estevan, Carmen Vázquez, Gemma García, Guillermo Feo, Harumi Duhanet Odo, Loretta Zaira Cornejo, Manuel Ramos, Milagros Sanz, Pilar Ocampo, Toña Sala, Yaro Starak, Evelyn Lowenstern, Ana Cecilia Sáenz, 2012-12-09 En este libro el lector encontrará historias genuinas especiales emotivas en definitiva las experiencias personales de cada autor El proceso de Ser Padre o Madre es una etapa en la vida en la que se pone a prueba todo el arsenal de adaptación ante las nuevas situaciones y vivencias ante la pérdida de hijos ante encuentros y desencuentros y las diferentes edades de los mismos en la creación de ajustes creativos en los momentos de reflexión y autoevaluación en las proyecciones confluencias bloqueos y el fluir con lo que va aconteciendo Además están incluidas aportaciones de profesionales que aunque no tienen hijos propios comparten sus experiencias con las relaciones de amor y amistad con otras personas como si fueran hijos propios El rol de ser padre y/o madre e hijos puede ser entendido desde diferentes ángulos y relaciones independientemente de los lazos sanguíneos Processing Varieties in English Marcia Macaulay, 2011-11-01 This study of oral and written speech in English examines media as processing varieties and looks at their interaction with genre To date the study of orality and literacy in English has been unsystematic findings in turn have been inconsistent and contradictory In this treatment clear methodological parameters have been set up to ensure accurate and significant findings All texts used are parallel texts arising out of the same or similar context of situation With this methodology ideational meaning is clearly distinguished from textual meaning Moreover media and genre two aspects of textual meaning are distinguished so that representative features of each are isolated Lastly all texts are naturally occurring across representative genres With such distinctions and criteria in place the important

interaction of media with genre is examined while the character of oral and written speech as processing varieties is revealed. Above all, this study demonstrates the non-neutrality of oral and written speech as language varieties. Especially important is the resultative causative split between them in the representation of events. Written speech is not oral speech written down as Bloomfield and de Saussure originally claimed but a very different system of syntactic and discourse organization which influences how we represent and see the world. Both varieties strongly influence the semantic content and generic function of any text they convey, indicating very significant interplay of semantic variables in the processing of language. Processing Varieties in English contributes to a wide range of linguistic areas and topics including discourse analysis, socio-linguistics, psycholinguistics, and cognitive science.

**Building Great Relationships** B. K. Trehan, B K, 2010-06-29 Building Great Relationships All About Emotional Intelligence

*Mindless Body, Endless Soul* 1 Amar J Singh MD DFAPA, Danvir Singh, 2018-02-16 As human beings, we have an ultimate desire to understand the soul and its relationship to the physical world. Dr Amar Singh relies on his experience as a physician and psychiatrist to explain the anatomy and physiology of consciousness and unconsciousness as it relates to the soul. While detailing why our consciousness, thoughts, and feelings have a neurological basis, Dr Singh dissects all aspects of the soul, including its history, definition, motivation, and related emotions. In addition to sharing personal stories and applicable references, Dr Singh examines personality disorders, details electrical and electromagnetic assessments of the brain and the soul, and guides others through the six primary steps to attaining wisdom and spirituality that will help all of us live a happy life. *Mindless Body Endless Soul* shares a medical professional's comprehensive examination of the soul and its relationship to the physical world. Dr Singh has opened the door to understand, on the basis of neuroscience, the reality of life.

Udaya K Shetty MD Enjoy reading this significant contribution to our world and understanding of the soul.

David Kammerer and Cindy Fernandez *Spreading the Light* Archie Crawford, 2004 This book is about life and is written in plain, everyday language. The author boldly faces up to those fundamental questions rankling at the back of one's mind, such as: Is there really a God? Where is He? What is the nature of the soul? What is truth? Is reincarnation true? Is there any purpose in the universe? Does God cause suffering? Do angels exist? Who am I? Can effect become cause? Does space and time really exist, etc. He probes deep into the structure of your mind and, with great clarity, shows you how your mind works and how you can use it to find success in everything you do. He shows how we attract our present circumstances and how emotionally intense events are not only registered in our psychic memory but

also in the memories of the cells of our body and what this means for us He devotes a chapter in which he advocates going within through meditation to find solutions to our problems Religion is examined with candor He explains the many positive benefits of religion examines its dark side and points out that like individuals some religions must resolve and get rid of the baggage of past evil deeds before they and their followers can step into the light The author shows how in spite of itself science through its quantum theories is currently making discoveries which lead to a new view of the universe more in line with that of the essence of the religions and the experiences of the mystics of this world He shows how science and religion are at last beginning to merge For example there is now scientific proof of the value of prayer proof that the mind is non local that is it is not located in the brain and also can cause actions over distance that there is no solid matter in the universe it is all energy in one form or another He further states that a field of energy outside the material universe has been discovered where speeds exceed that of light It has also been found that our human consciousness is directly connected with matter and influences at least its microscopic particles The nature of the universe as being holographic is explored These scientific findings have profound spiritual significance He quotes experts on the future of mankind including Arthur C Clark Nobel physicist Brian Josephson Stephen Hawking etc and many more Reading this book will prepare you for the new age that is fast enveloping the earth The author s message is that in spite of the terrorism and devastation of the earth currently going on there is powerful hope There are powerful spiritual forces at work which will overcome the present chaos and lead us into a life of enlightenment and eventually of love

*Getting to Agape* Al Mozingo,2012-05-29 Do you fear being alone Death The unknown Do you fear the lack of love with someone special What does fear do for you Does fear cause you to worry or get angry at times God s Word tells us there is no fear in God As we allow the Holy Spirit to dwell within our hearts he helps us to eliminate our fears The Holy Spirit replaces it with love Love can overcome fear Author Al Mozingo knows that everyone needs a message of hope understanding and wisdom and he knows that absolutely nothing encompasses all three of these things but agape love from the Father Most of us want to love and be loved but many of us do not know how to do that very well *Getting to Agape Lessons on Love* provides readers with what they need in order to gain a greater understanding of agape They will learn how to delve more deeply into their personal spirituality how to truly encounter God s real love and ultimately how to exhibit the traits and actions of great love themselves

*Coping+Plus* Frank M Robinson,Doe West,Dwight Woodworth Jr.,1995-03-24 Everyone can learn new or more effective coping skills and strategies to deal with times of loss crisis and disability Being aware of possible options or of how others fare in coping with difficult situations is better than groping in the dark It is hoped that the real life experiences and coping skills presented here will help others in dealing with similar issues and challenges

**The Mafia** Roberto M. Dainotto,2015-04-15 What is it about Tony Soprano that makes him so amiable For that matter how is it that many of us secretly want Scarface to succeed or see Michael Corleone as ultimately a hero What draws us into the otherwise horrifically violent world of the mafia In The

Mafia Roberto M Dainotto explores the irresistible appeal of this particular brand of organized crime its history and the mythology we have developed around it Dainotto traces the development of the mafia from its rural beginnings in Western Sicily to its growth into a global crime organization alongside a parallel examination of its evolution in music print and on the big screen He probes the tension between the real mafia its violent often brutal reality and how we imagine it to be a mythical potpourri of codes of honor family values and chivalry But rather than dismiss our collective imagining of the mafia as a complete fiction Dainotto instead sets out to understand what needs and desires or material and psychic longing our fantasies about the mafia the best kind of the bad life are meant to satisfy Exploring the rich array of films books television programs music and even video games portraying and inspired by the mafia this book offers not only a social economic and political history of one of the most iconic underground cultures but a new way of understanding our enduring fascination with the complex society that lurks behind the sinister Omert of the family business
