Low Income Self-employment Tony Eardley, Anne Corden, 1996 Focuses on self employed parents claiming means tested family credit Describes how self employment is combined with family responsibilities Examines social policy implications

Handbook of Work-Family Integration Karen Korabik, Donna S. Lero, Denise L. Whitehead, 2011-04-28 In today's industrialized societies the majority of parents work full time while caring for and raising their children and managing household upkeep trying to keep a precarious balance of fulfilling multiple roles as parent worker friend child Increasingly demands of the workplace such as early or late hours travel commute relocation etc conflict with the needs of being a parent At the same time it is through work that people increasingly define their identity and self worth and which provides the opportunity for personal growth interaction with friends and colleagues and which provides the income and benefits on which the family subsists The interface between work and family is an area of increasing research in terms of understanding stress job burn out self esteem gender roles parenting behaviors and how each facet affects the others The research in this area has been widely scattered in journals in psychology family studies business sociology health and economics and presented in diverse conferences e.g. APA SIOP Academy of Management It is difficult for experts in the field to keep up with everything they need to know with the information dispersed This Handbook will fill this gap by synthesizing theory research policy and workplace practice organizational policy issues in one place The book will be useful as a reference for researchers in the area as a guide to practitioners and policy makers and as a resource for teaching in both undergraduate and graduate courses

Gender, Power and the Household L. McKie, S. Bowlby, S. Gregory, 1999-05-17 The chapters in this book illustrate from a number of different perspectives the ways in which power is located and articulated through gendered negotiations and acted out within the changing and differing setting of the household The book is divided into four sections The first section provides a theoretical historical and philosophical setting whilst the following three sections provide empirical contributions which examine aspects of Gendered Care dimensions of Gendered Time and Space and straddling work and home Gendered Work Income and Power

Solidarity First Robert O'Brien, 2009-01-01 Debates about social cohesion reflect the unease of contemporary society as we face growing inequality and economic restructuring Solidarity First examines the concept and practice of social cohesion from the perspective of its impact on and significance for workers Contributors examine the functioning of social cohesion at multiple levels Standard approaches are challenged by highlighting the experiences of women and non Canadians Attempts to construct corporate forms of cohesion and community efforts to forge cohesion via the new cultural economy are investigated while the relationship between cohesion in Canada and the international environment is examined by considering the international activity of Canadian civic actors the failure of Canada to live up to international labour obligations and the

implications of International Labour Organization reforms for informal sector workers Solidarity First concludes by arguing that reinvigorated worker solidarity is a prerequisite to moving toward a more worker friendly form of social cohesion

Changing Work Relationships in Industrialized Economies Isik U. Zeytinoglu, 1999-01-01 This book examines changing work relationships in industrialized economies within the context of economic restructuring and demographic variables The goal of this book is to examine experiences of industrialized economies in dealing with changing work relationships and discuss policy implications of creating such work relationships The thesis of the book is that non standard employment forms in restructuring economies affected all workers but particularly females and the youth Other demographic variables of education level race ethnicity immigrant status ability and economic class were also underlying forces in the construction and arrangements of non standard work Research shows both positive and negative effects of changing work relationships on workers though there is no conclusive result whether one or the other affect is stronger The discussion in this book pays attention to this debate and sheds light on it This book differs from others in its comprehensiveness of the coverage of work relationships referring to part time temporary casual telework and self employment without employees in its examination of a variety of variables including gender age race ethnicity immigrant status ability education level and economic class in the analysis of the topic in relation with the economic restructuring and in its initiative in collaboration of researchers from a variety of backgrounds and regions of the world that have expertise on changing work relationships Economic Policy, Crisis and Innovation Maria Cristina Marcuzzo, Antonella Palumbo, Paola Villa, 2019-11-21 This book is a Festschrift to Annamaria Simonazzi and embraces the themes that she has contributed to over the years through her insightful and inspiring works It brings together contributions from a number of distinguished European economists which pay tribute to her by engaging in a dialogue with her research simultaneously reflecting on the process of growing economic disintegration in the European Union its causes and its possible remedies The book shows the deep interrelations between macroeconomic issues and the social sphere and points to the need to rethink the very foundations of European economic policies as an effective antidote to growing imbalances and disintegration In particular the effects of austerity are assessed alongside the dimensions of inequality gender discrimination poverty and unemployment broadening the perspective also beyond the Eurozone The authors envision a progressive society in which investments in research and intelligent industrial policies govern the processes of technological change and drive the economy towards a more efficient and more equal model of development characterized by high productivity and high wages While some chapters deal directly with policy issues policy suggestions and proposals are scattered throughout the whole book This volume will appeal to academics economists and policy makers interested in understanding the policy response of European institutions to the challenges posed by both the Great Recession and subsequent developments in the European economies The book is written in an engaging and accessible way and the themes are broad enough to generate interest from the international public Introduction to Social Security

John Ditch, 2012-10-12 Social Security forms a major area of government policy and social expenditure Government activity in this area impacts directly on all citizens and consequently social security policy is the focus for much debate People are affected by social security whether by funding it through taxation or using it when claiming unemployment or other benefits Introduction to Social Security is an up to date text on this important and complex social policy issue It provides a second introduction for students of social policy and administration and includes contributions from some of the best known and most respected names in the field Introducing Employment Relations Steve Williams, 2017 The most trusted and thought provoking introduction to employment relations this book examines key employee relations issues from a critical perspective using contemporary research and a wealth of real life examples and carefully designed learning features **Cross National Research Methods** Linda Hantrais, Stephen P. Mangen, 1996-01-01 This is a resource book for social scientists engaged in cross national comparative research It critically examines the methodological and managerial issues which arise from such work with a particular focus on the economic and social policy agenda of the European Union Experts from across Europe and from different disciplinary backgrounds draw upon their own experience of conducting cross national comparisons to offer well informed guidance on how to overcome the pitfalls and problems they have encountered On the margins of inclusion Smith, David M., 2005-09-21 On the margins of inclusion explores the notion of social exclusion from the perspective of those deemed to be socially excluded and provides a compelling and vivid portrait of lives at the insecure low paid end of the labour market The ethnography is used to illuminate key issues in sociology and social policy and to tackle debates and controversies that are central to current discussions on the appropriate role and function of state welfare A thorough discussion of current policies to address social exclusion and area regeneration is woven into the fieldwork analysis On the margins of inclusion is essential reading for researchers academics and higher level students in sociology and social policy and will also be of interest to policy makers in the field Working Poverty in Europe N. Fraser, R. Gutierrez, R. Pena-Casas, 2011-06-13 Offering a comparative perspective this book examines working poverty those in work who are still classified as poor It argues that the growth in numbers of working poor in Europe is due to the transition from a Keynesian Welfare State to a post fordist model of production **Risk and Citizenship** Rosalind Edwards, Judith Glover, 2002-09-11 Contemporary welfare provision poses serious challenges for social policy Large and rapid changes are said to be taking place in the way we live work and relate to each other characterised by anxiety and insecurity Risk and Citizenship explores how new and different forms of citizenship are evolving in the context of this risk society and the implications for the development of social policy at both the macro and micro level This spirited and informed collection of papers by leading analysts addresses key questions related to welfare citizenship and risk including the nature of insecurity and social protection the balance between inequality and egalitarianism the relationship between governments and citizens the parameters of citizenship and the impact of risk assessment and risk management Risk and Citizenship offers a thought
