Loyal Opposition Struggling With The Church On Homosexuality:

The Loyal Opposition Tex Sample, Amy E. DeLong, 2000 No issue more polarizes American Protestants today than the church's stance on homosexuality. In recent years a number of denominations have engaged in prolonged and divisive debates on the subject and it appears that these debates will continue to occupy their attention. The contributors to this volume call for the formation of a loyal opposition that is serious in its commitment to the difficult process of reconciliation and forgiveness. Faithfulness to the gospel they remind readers requires nothing less than that Christians will be committed to the full inclusion of all persons in the body of Christ not least of all those who disagree theologically and ethically. The book offers readers a multifaceted argument that the gospel requires a commitment to the full inclusion of all persons in the body of Christ. It focuses on how members of mainline denominations can respond to official denominational positions with which they disagree. Readers are offered an alternative response besides staying in the denomination and remaining silent or leaving the denomination because one disagrees with its official position on this issue. Contributors include J. Philip Wogaman, Roy Sano, Stanley Hauerwas, Jeanne Audrey Powers, Victor Paul Furnish, Dale Dunlap, Gil Caldwell, and Joretta Marshall. Foreword by Leontine Kelly.

We Shall Not Be Moved Jane Ellen Nickell, 2014-10-15 As Protestant denominations are fracturing over whether to ordain gays and lesbians, this work looks at The United Methodist Church's conversations about the issue in light of Methodism's historic contests over the leadership of African Americans and women to see what can be learned from these earlier periods of change. Using the uniform context of the Methodist General Conference where denominational policy is set, the book analyzes transcripts of floor debates in key years of these struggles, letting those who argued for and against the changes speak for themselves. Those arguments are read through the lens of French sociologist Pierre Bourdieu whose theory offers a sophisticated model that goes deeper than simple resistance to change in articulating a dialectic between social structures and agents that predisposes both to reproduce existing power relationships. This interdisciplinary historical study seeks to move beyond conscious motivations for the exclusion of these three groups and uncover deeply embedded misrecognized social dynamics. In exploring these groups' stories, this book examines who holds power in Methodist churches, how changes in authority structures occur, and why it is such a long and painful process.

Interpreting the Postmodern Rosemary Radford Ruether, Marion Grau, 2006-01-19 A collection of feminist historical liberation and constructive theological responses. *Radical Orthodoxy: Pastoral Care and Counseling in Sexual Diversity* Richard L. Dayringer, H. Newton Malony, 2014-01-27 Learn to reach out to these hidden Christians. Offering a wide variety of points of view from the welcoming to the traditional, *Pastoral Care and Counseling in Sexual Diversity* addresses one of the crucial issues facing the church in these shifting times. Thompson,Traci C. West,2006-12-30 Today we find ourselves at a crossroads of two powerful unrelenting currents that are completely at odds with one another The movement for legal recognition of same sex unions has gone beyond the separate but equal status of civil unions to demand equality in marriage for all couples Progress is being made on many fronts mayoral action clergy officiating at same sex marriage and union ceremonies state legislative responses and street protests to name a few Meanwhile opposition to same sex marriage has also been gathering strength The struggle is sure to continue unabated for some time to come pitting those who believe in the traditional definition of marriage as a union between a man and a woman and who seek to codify this belief in the U S Constitution against those who find the basis for marriage between two

loving committed individuals not only in the history of our civil rights legislation and court decisions but also in scripture and sacred religious traditions Those who believe in extending to same sex couples the 1 049 rights conferred by marriage as well as the supportive embrace of religious communities seek to strengthen the institution of marriage by making it inclusive and by passing laws and broadening doctrines to uphold marriage rights for all couples This three volume set clarifies the legal political religious cultural and social ramifications of same sex marriage for gay and lesbian couples and their families and friends and for the general public interested in the future of civil rights in the United States **The Goodness of God**

D. Stephen Long,2008-01-01 Stephen Long opens his erudite discussion of theology and ethics with the insistence that moral critique must emerge from a particular location rather than from the fluid values of any neutral observer Long sets out to put theology and ethics as well as the church in proper relation to one another Ethics must be based in theology not the other way around Our finite participation in the infinite makes possible participation in a goodness beyond us That goodness comes to us in the flesh of Jesus Christ and the church is indispensable in drawing all people toward God s goodness The church a social ethic in itself gives purpose and order to other social institutions including family government and the market

Reckoning Methodism Darryl W.
