Barton,2015-05-15 The hits keep coming for the American legal profession Law schools are churning out too many graduates depressing wages and constricting the hiring market Big Law firms are crumbling as the relentless pursuit of profits corrodes their core business model Modern technology can now handle routine legal tasks like drafting incorporation papers and wills reducing the need to hire lawyers tort reform and other regulations on litigation have had the same effect As in all areas of today s economy there are some big winners the rest struggle to find work or decide to leave the field altogether which leaves fewer options for consumers who cannot afford to pay for Big Law It would be easy to look at these enormous challenges and see only a bleak future but Ben Barton instead sees cause for optimism Taking the long view from the legal Wild West of the mid nineteenth century to the post lawyer bubble society of the future he offers a close

analysis of the legal market to predict how lawyerly creativity and entrepreneurialism can save the profession In every seemingly negative development there is an upside The trend towards depressed wages and computerized legal work is good for middle class consumers who have not been able to afford a lawyer for years The surfeit of law school students will correct itself as the law becomes a less attractive and lucrative profession As Big Law shrinks so will the pernicious influence of billable hours which incentivize lawyers to spend as long as possible on every task rather than seeking efficiency and economy Lawyers will devote their time to work that is much more challenging and meaningful None of this will happen without serious upheaval but all of it will ultimately restore the health of the faltering profession A unique contribution to our understanding of the legal crisis the unconventional wisdom of Glass Half Full gives cause for hope in what appears to be a hopeless situation *New Models to Assure Diversity, Fairness, and Appropriate Test Use in Law School Admissions* ,1999

Schulterbrandt Gragg III,Marissa C. Vasquez,Megan Covington,2021-07-07 In this sixty seventh anniversary year of the groundbreaking Supreme Court decision in the Brown v Board of Education case that outlawed segregation in the nation s public schools research reveals that schools have undergone significant re segregation The anguish that many of us feel about this incredible failure of public policy underscores the layered aspect of achieving racial equality in America In Florida and across the nation the steps that have been taken to implement affirmative action in higher education have been under constant attack by conservatives and a series of actions by various state and federal courts have resulted in reduced access and enrollment of students of color in several states In 1999 Governor Jeb Bush used his authority to redefine affirmative action in his state by issuing an executive order that established the One Florida Initiative OFI Bush s claim that the OFI was intended to increase diversity and opportunities for people of color in Florida s state university system appears to be contradicted by findings that minority representation actually decreased in most of the state universities after the policy was implemented Hilton and colleagues provide a cogent analysis of the effects of the OFI on enrollment patterns in the state s public law schools to help us understand how changes in public policy can have detrimental effects on particular communities The research is both enriched and complicated by the inclusion of the two law schools Florida A M and Florida International Universities both of which are minority serving institutions MSIs These schools were developed independently of the OFI but had a potential effect on the level of diversity that can be calculated across the system The use of critical race theory offers an approach that will prove unnerving to some readers but is one that provided insights that may not have been revealed through a different framework **Racial and Ethnic Preferences at the Three Virginia Public Law Schools**
