Lucky Legs Steve Gurney, 2010-05-01 The keys to success in a motivational autobiography by New Zealand's top multisport athlete Steve Gurney is an exceptional athlete. He has been in 19 of the epic Coast to Coast races in a row and he has won nine of them. He has represented New Zealand twice at the World Mountain Bike champs and has spent a lot of time adventure racing in far flung jungles, caves, mountains and deserts. This motivational, funny and frank autobiography covers Steve's multisport career and his life in general. It's aimed at business sports people wanting to know the keys to success, people interested in mental health issues, people who want to be inspired and to get motivated and driven, people who want to understand themselves better. Have really enjoyed the read. A number of my training mates are also reading it and it has created quite a lot of discussion while running, cycling and over coffees/ beers. We have definitely picked up some training tips and also probably made us reflect on why we do this type of sport personally. I think his honesty makes it a book well beyond multisport. Matt Cowie, Weekend Warrior.

**Rohnert Park** Tim Danisi, 2012 Fifty five years ago there was no Rohnert Park, only a vision in Paul Golis's mind. In 1962, just five years after construction of the first homes on land between Cotati and Santa Rosa, the community of Rohnert Park was incorporated. With a population of 40,000 today, the city has matured into more than simply a bedroom community. The planned neighborhoods Paul Golis and Maurice Fredericks designed for the first two sections, known as A and B, each included a school, pool and park. These designs inspired many future city planners.

Damn Lucky Kevin Maurer, 2022-04-19 From Kevin Maurer, the #1 New York Times bestselling award-winning coauthor of *No Easy Day*, comes the true story of a World War II bomber pilot who survived twenty-five missions in *Damn Lucky*, an epic, thrillingly written, utterly immersive account of a very lucky, incredible survivor of the war in the skies to defeat Hitler. New York Times bestselling author Alex Kershaw: "We were young citizen soldiers, terribly naive and gullible about what we would be confronted with in the air war over Europe and the profound effect it would have upon every fiber of our being for the rest of our lives. We were all afraid, but it was beyond our power to quit. We volunteered for the service and, once trained and overseas, felt we had no choice but to fulfill the mission assigned. My hope is that this book honors the men with whom I served by telling the truth about what it took to climb into the cold blue and fight for our lives over and over again." John Lucky Luckadoo, Major USAF, Ret. 100th Bomb Group, H. Pearl Harbor, Hawaii, was a world away from John Luckadoo's hometown of Chattanooga, Tennessee. But when the Japanese attacked the American naval base on December 7, 1941, he didn't hesitate to join the military. Trained as a pilot with the United States Air Force, Second Lieutenant Luckadoo was assigned to the 100th Bomb Group, stationed in Thorpe, England. Between June and October 1943, he flew B-17 Flying Fortresses over France and Germany on bombing runs devised to destroy the Nazi war machine. With a shrapnel-torn Bible in his flight jacket pocket and his girlfriend's silk stocking around his neck like a scarf as talismans, Luckadoo piloted through Luftwaffe machine gun fire and anti-aircraft flak while enduring subzero temperatures to complete twenty-five missions and his combat

service The average bomber crew rarely survived after eight to twelve missions Knowing far too many airmen who wouldn't be returning home Luckadoo closed off his emotions and focused on his tasks to finish his tour of duty one moment at a time realizing his success was more about being lucky than being skilled Drawn from Luckadoo's firsthand accounts acclaimed war correspondent Kevin Maurer shares his extraordinary tale from war to peacetime uncovering astonishing feats of bravery during the bloodiest military campaign in aviation history and presenting an incredible portrait of a young man's coming of age during the world's most devastating war

**Last Stands from the Alamo to Benghazi** Frank Wetta, Martin Novelli, 2016-12-08 Last Stands from the Alamo to Benghazi examines how filmmakers teach Americans about the country's military past Examining twenty three representative war films and locating them in their cultural and military landscape the authors argue that Hollywood's view of American military history has evolved in two phases The first phase extending from the very beginnings of filmmaking to the Korean War projected an essential patriotic triumphalism The second phase from the Korean and Vietnam Wars to the present reflects a retreat from consensus and reflexive patriotism In describing these phases the authors address recurring themes such as the experience of war and combat the image of the American war hero race gender national myths and more With helpful film commentaries that extend the discussion through popular movie narratives this book is essential for anyone interested in American military and film history
