Lucys Legacy:

Lucy's Legacy Dr. Donald Johanson, Kate Wong, 2009-03-03 Lucy is a 3.2 million year old skeleton who has become the spokeswoman for human evolution. She is perhaps the best known and most studied fossil hominid of the twentieth century, the benchmark by which other discoveries of human ancestors are judged. From *Lucy's Legacy* In his New York Times bestseller *Lucy: The Beginnings of Humankind*, renowned paleoanthropologist Donald Johanson told the incredible story of his discovery of a partial female skeleton that revolutionized the study of human origins. Lucy literally changed our understanding of our world and who we come from. Since that dramatic find in 1974, there has been heated debate and most important, more groundbreaking discoveries that have further transformed our understanding of when and how humans evolved. In *Lucy's Legacy*, Johanson takes readers on a fascinating tour of the last three decades of study, the most exciting period of paleoanthropologic investigation thus far. In that time, Johanson and his colleagues have uncovered a total of 363 specimens of *Australopithecus afarensis*, Lucy's species, a transitional creature between apes and humans spanning 400,000 years. As a result, we now have a unique fossil record of one branch of our family tree, that family being humanity, a tree that is believed to date back a staggering 7 million years. Focusing on dramatic new fossil finds and breakthrough advances in DNA research, Johanson provides the latest answers that post-Lucy paleoanthropologists are finding to questions such as: How did *Homo sapiens* evolve? When and where did our species originate? What separates hominids from the apes? What was the nature of Neandertal and modern human encounters? What mysteries about human evolution remain to be solved? Donald Johanson is a passionate guide on an extraordinary journey from the ancient landscape of Hadar, Ethiopia, where Lucy was unearthed, and where many other exciting fossil discoveries have since been made, to a seaside cave in South Africa that once sheltered early members of our own species and many other significant sites. Thirty-five years after Lucy, Johanson continues to enthusiastically probe the origins of our species and what it means to be human.

[The Bulletin of the Massachusetts Audubon Society](#) Massachusetts Audubon Society, 1925 **Lady Lucy Houston DBE** Miles Macnair, 2016-10-31 The life story of Lady Lucy Houston DBE must surely be one of the most romantic and dramatic epics of the last one hundred and fifty years yet nowadays she is a woman unknown. She was a renowned beauty with a sharp intelligence and over the years she would exploit her charismatic charm first as a teenager to entice a wealthy lover and subsequently to lead three husbands to the altar. She was an ardent and productive campaigner for women's rights, conducting outstanding works of charity during the Great War such as providing a convalescent home for nurses returning from the front line. In recognition of these endeavours, she was made a Dame of the British Empire in 1917. After the death of her third husband, a known misogynist, under mysterious circumstances, she was temporarily certified mad, but his Will was to make her the richest woman in England. During the rest of her eventful and eccentric lifetime, she spent her fortune on a vast number of charitable causes whilst waging a feisty political campaign against weak British politicians of all parties. As a great admirer of how Mussolini had restored Italy's patriotic self-esteem, she championed men like Winston Churchill as the future saviour of her own beloved country. But her greatest legacy arose from her steadfast support for the Royal Air Force, whose finances were being crippled. She funded the 1931 Schneider Trophy Race as well as the Houston Mount Everest Expedition of 1933. This funding had a crucial bearing on the development of the Merlin engine and the Spitfire aircraft, essentially kick-starting the chain of events that would ultimately end in allied victory during the Battle of Britain. She died before the cataclysmic war that she so accurately predicted, however, her death being precipitated by an infatuation with Edward Prince of Wales. In spite of her many eccentricities, the enchanting, infuriating, inspiring, and endlessly controversial Lucy Houston deserves to be remembered as a very patriotic lady indeed.
