Vol 1 1935-1940 was published by Arco in 1973 ISBN 0 668036 52 4 Luftwaffe Colours, 1935-1945 Michael
Ullmann, 2008 Much has been written about the Luftwaffe but no aspect has been more controversial than the question of
camouflage and markings of the aircraft Here author Michael Ullmann follows the development and use of many colors and
establishes the links between the then standard RAL colors and those adopted by the German Air Ministry He reveals how and
why these finishes were developed and applied to both military and Lufthansa aircraft Supplemented by more than 300
photographs drawings detailed color aircraft profiles and a highly accurate chart of real paint chips *Luftwaffe Colours* 1935

Years 1939-1942** Christophe Cony, Jean-Louis Roba, 2020-01-10 A photo packed look at the men and machines of one of
history's legendary air forces This remarkable work explores the Luftwaffe as it truly existed day to day underneath the
propaganda of their own regime and the stories of their enemies In Hitler's Germany color photography was primarily co-
opted for state purposes such as the military publication *Signal* or the Luftwaffe's own magazine *Der Adler* But a number of
men had cameras of their own and in this painstakingly acquired collection we can witness true life on Germany's airfields
during the period of the Luftwaffe's ascendancy Not only do we see famous planes such as the Me 109 Ju 87 and He 111 but
the wide variety of more obscure types with which the Germans began the war The array of Arados Dorniers Heinkels not to
mention elegant four engine Condors that were initially employed in the war are here in plain sight and full color providing
not only an insight into WWII history but a model maker's dream Just as fascinating are the shots of the airmen themselves
along with their ground crews full of confidence and cheer as they bested every other air force in Europe during these years
with the single exception of the RAF's Fighter Command in late summer 1940 But that was no big stumbling block to the
Luftwaffe which had bigger fish to fry in Russia and North Africa the following year Both volumes *The Victory Years* and
From Glory to Defeat are a fantastic addition to your aviation library The reproduction quality is superb War History Online
