Luomo Romano:

Aufstieg und Niedergang der römischen Welt: Principat. v Hildegard Temporini, Wolfgang Haase, 1992 *The Destruction and Recovery of Monte Cassino, 529-1964* Kriston R. Rennie, 2025-10-01 Between the sixth and twentieth centuries the Benedictine Abbey of Monte Cassino est 529 experienced a cycle of atrocities which forever transformed its identity This book examines how such a tumultuous history has been constructed remembered and represented from the Middle Ages to the present day It uses this singular and pivotal case to analyse the historical process of remembering and its impact on modern representations of the past Exactly how Monte Cassino is remembered is distinctive and diagnostic The abbey is recognizable today as a beacon of western civilization culture and learning precisely because of its destruction tradition over fourteen centuries The Destruction and Recovery of Monte Cassino 529 1964 asks how the abbey s fragmented past has been ideologically politically and culturally constituted and preserved how its experience with destruction and suffering and recovery and rebirth has become incorporated into a modern narrative of progress and triumph **A Twentieth-Century Crusade** Giuliana Chamedes, 2019-06-17 The first comprehensive history of the Vatican s agenda to defeat the forces of secular liberalism and communism through international law cultural diplomacy and a marriage of convenience with authoritarian and right wing rulers After the United States entered World War I and the Russian Revolution exploded the Vatican felt threatened by forces eager to reorganize the European international order and cast the Church out of the public sphere In response the papacy partnered with fascist and right wing states as part of a broader crusade that made use of international law and cultural diplomacy to protect European countries from both liberal and socialist taint A Twentieth Century Crusade reveals that papal officials opposed Woodrow Wilson s international liberal agenda by pressing governments to sign concordats assuring state protection of the Church in exchange for support from the masses of Catholic citizens These agreements were implemented in Mussolini s Italy and Hitler s Germany as well as in countries like Latvia Lithuania and Poland In tandem the papacy forged a Catholic International a political and diplomatic foil to the Communist International which spread a militant anticommunist message through grassroots organizations and new media outlets It also suppressed Catholic antifascist tendencies even within the Holy See itself Following World War II the Church attempted to mute its role in strengthening fascist states as it worked to advance its agenda in partnership with Christian Democratic parties and a generation of Cold War warriors The papal mission came under fire after Vatican II as Church state ties weakened and antiliberalism and anticommunism lost their appeal But as Giuliana Chamedes shows in her groundbreaking exploration by this point the Vatican had already made a lasting mark on Eastern and Western European law culture and society *How Peripheral is the Periphery? Translating Portugal Back and Forth* João Ferreira Duarte, Rita Bueno Maia, Marta Pacheco Pinto, 2015-09-18 This volume is a result of the need to reflect upon Portugal s position from the viewpoint of the literary assets imported and exported through translation It brings together a number of scholars working in

the field of Translation Studies directly concerned with the Portuguese cultural system in order to analyse this question from various theoretical perspectives and from case studies of translation flows and movements in Portuguese culture By Translating Portugal Back and Forth the articles discuss issues such as how can one draw the borderline between a peripheral and a semi peripheral system Is this borderline useful or necessary How peripheral is the Portuguese cultural system as far as translation transfers are concerned How stable or pacific has this positioning been Does the economic and historical perception of Portugal as peripheral entail that from the viewpoint of translation it would behave similarly By addressing some of these questions and as shown by the second subtitle Essays in Honour of João Ferreira Duarte the volume pays homage to one of the most prominent Translation Studies scholars in Portugal who has extensively reflected on the binary discourse on translation its metaphors and images

A Preface to Romans Christopher Bryan, 2000 Bryan approaches St Paul's letter to the Romans with a number of aims in view First he wants to show which literary type or genre would have been seen by Paul's contemporaries as being exemplified in the letter He also attempts to determine what we can surmise of Paul's attitude and approach to the Jewish bible The study involves discussion of and comparison with other literature from Paul's time place and milieu including other writings attributed to Paul

Tre millenni di interazione con l'uomo** Jacopo De Grossi Mazzorin,Claudia Minniti,2022-06-30 In passato gli animali hanno avuto un ruolo fondamentale nella vita dell'uomo fornendogli cibo protezione compagnia svago agevolazione nel movimento e di questa lunga interazione uomo animale rimangono tracce nei documenti letterari epigrafici archivistici e iconografici ma soprattutto negli scavi archeologici che ne restituiscono i resti Il libro racconta tre millenni di storia di animali e uomini a Roma partendo dai resti animali studiati in quarant'anni di ricerche e rinvenuti nei numerosissimi scavi archeologici che sono stati effettuati nell'area urbana e nel territorio limitrofo integrando le conoscenze che ne derivano con quelle ricavate dalle altre fonti **Sacre impronte e oggetti "non fatti da mano d'uomo" nelle religioni** Adele Monaci Castagno,2011 **Ecocriticism, Ecology, and the Cultures of Antiquity** Christopher Schliephake,2016-12-07 Although current environmental debates lay the focus on the Industrial Revolution as a sociopolitical development that has led to the current environmental crisis many ecocritical projects have avoided historicizing their concepts or have been characterized by approaches that were either pre historic or post historic while the environmental movement has harbored the dream of restoring nature to a state untouched by human hands there is also the pessimistic vision of a post apocalyptic world exhausted by humanity's consumption of natural resources Against this background the decline of nature has become a narrative template quite common among the public environmental discourse and environmental scientists alike The volume revisits Antiquity as an epoch which witnessed similar environmental problems and came up with its own interpretations and solutions in dealing with them This decidedly historical perspective is not only supposed to fill in a blank in ecocritical discourse but also to question problematize and inform our contemporary debates with a completely different take on nature and humanity's place in the world Thereby a productive dialogue between contemporary ecocritical theories and the classical tradition is established that highlights similarities as well as differences This volume is the first book to bring ecocriticism and the classical tradition into a comprehensive dialogue It assembles recognized experts in the field and advanced scholars as well as young and aspiring ecocritics In order to ensure a dialogic exchange between the contributions the volume includes four response essays by established ecocritics which embed the sections within a larger theoretical and practical ecocritical framework and discuss the potential of including the pre modern world into our environmental debates Valeria e l'uomo dal cappello girevole Vanda Teodonno,2015-10-02 In questo romanzo l'autrice affronta un tema oggi molto diffuso che si verifica in seguito alla separazione infatti spesso i figli vengono usati come strumento contro l'altro genitore Questo tipo di violenza di solito non tende a scemare ma peggiora nel tempo come in questo racconto Parallela a questa amara storia si sviluppa quella di una donna corrotta arrogante senza arte e parte che all'improvviso non si sa come riesce ad avere un ottimo impiego ma non contenta della fortuna capitale ruba viene
