Douglas Keeney, 2018-10-01 Military tourism has exploded Last year more than 30 million Americans bought a ticket to visit a military destination setting visitation records from New York to California But what destinations and where did they go The truth is that there are uncounted military sites you can see and visit some on and some off the beaten path There are secret missile sites life sized dioramas outdoor tank ship and bomber parks and incredible exhibits with stories to tell that will astound you All you ll need is this book and a driver s license to find and visit them and perhaps a map for the most hidden of them all Did you know that the Coast Guard mounted a rescue effort on 9 11 and evacuated more than 100 000 New Yorkers from Manhattan by boat Go to the little known Naval Air Station Wildwood Museum in Cape May New Jersey to discover that story How about the remnants of the helicopter from Blackhawk Down or the lifeboat from Captain Phillips or even the Airbus pulled from the Hudson River that was piloted by Sully Sullenberger We ll tell you where to go to find all of these objects and many many more Perhaps intrigue is more your suit You can t go into Area 51 but the government now acknowledges that it exists so we can suggest a drive near the perimeter that lets your imagination go wild And while you re in Nevada we ll tell you how to join an almost secret caravan of cars that goes out to the exact spot where atomic bombs were once detonated that and all the info you need to see a fantastic museum in Las Vegas that features all of

Brown,2018-04-10 An emotionally charged debut novel of a family on the brink an autistic child his determined mother and her distant father who learn that when your world changes you find out who you really are While she was growing up Piper s father Lance the Silver Eagle Whitman became a national hero piloting a plane through an emergency landing But at home he was a controlling and overbearing presence in her life raining emotional and verbal abuse upon the entire family It s no surprise then that as an adult Piper has poured all of her energy into creating a warm and loving home for her own family while catering to her son Fred s ever growing idiosyncrasies Then Lance has a heart attack leaving him with a brain injury and dependent upon Piper for his care just before tests confirm Piper s suspicions that Fred is on the autism spectrum A powerful and extraordinary novel *Flying at Night* gives voice to Fred trying to find his place in a world that doesn t quite understand him to Lance who s lost what made him the man he was for better and worse and to Piper who while desperately trying to navigate the shifting landscape around her watches as her son and father start to connect in the most miraculous ways *USMC M4A2 Sherman vs Japanese Type 95 Ha-Go* Romain Cansière,Ed Gilbert,2021-02-18 The different national tank doctrines of the United States and Imperial Japan resulted in a terrible mismatch of the predominant tank types in the crucial Central Pacific campaign A flawed Japanese doctrine emphasized light infantry support tanks often used in small numbers Tactically tanks were often frittered away in armored versions of the familiar banzai attacks Meanwhile the Americans saw the tank as an infantry support weapon but developed a more systematic tactical doctrine They settled upon a larger medium tank in the case of most Marine Corps tank battalions the diesel powered M4A2 unwanted by the US Army This superbly detailed title reveals how both the two sides tactical and technical differences in the approach to armored warfare soon became apparent over a series of deadly engagements from the first tank fight at the battle of Tarawa in November 1943 through to engagements on Parry Island Saipan and Guam before ending with Peleliu in September 1944 Subject Guide to Books in Print ,1971

**Rolling Thunder Against the Rising Sun** Gene Eric Salecker,2008-04-16 First work dedicated solely to the use of Army tanks in the Pacific Theater Covers armor battles in the Philippines Makin the Solomons Rabaul New Guinea Saipan Guam and Okinawa *You're a Good Man, Sergeant* Paul S. Porter,2024-09-12 Sergeant Paul S Porter experienced combat like few soldiers have lived to write about Serving with the Fourth Armored Division in Company B 53rd Armored Infantry Battalion Porter and his light machine gun squad entered the front line of World War II on July 17 1944 and were soon in the thick of the action The Fourth fought through the hedgerows of Normandy before leading Patton s Third Army in its breakout and pursuit toward the German border The slugfests that followed as the Fourth advanced through the mud and battered

villages of the Alsace Lorraine region were Porter's most difficult of the war. For his heroic actions in combat on December 4, 1944, Sergeant Porter was awarded the Distinguished Service Cross. This memoir presents the full story of Porter's extraordinary service in his own candid words, illustrated with family photographs. He paints a vivid portrait of a young man coping with the unique pressures of the battlefield. His candor when describing his officers and fellow soldiers provides a sober view of the dynamics within a team when comprised of individuals with diverse backgrounds and motives. Sergeant Porter has an intense desire to survive yet possesses a resolve to enter the fray and engage in combat eye to eye with the enemy.

*Bastogne* Michael Tolhurst, 2011-06-12 By Christmas 1944 the Allies were on the threshold of victory, having remorselessly rolled the Germans back to the very borders of The Fatherland. The shock of a massive Nazi counter attack through the Ardennes in the depth of winter threw the Allies into confusion. Bastogne was at the very centre of this dramatic and most dangerous setback.

Two Fronts, One War Charles W. Sasser, 2014-02-10 War is the story of individuals painted into a broader tapestry of overpowering events. While examining the wider historical perspective to lay the foundation, this book relates the individual stories of the Second World War: Allied bomber pilots shot down over Germany; American dogfaces fighting to grip a toehold on Iwo Jima; men struggling for survival during the Bataan Death March; tankers in Europe; and pilots who flew the first B-29s against Japan's mainland. It tells of incredible feats of heroism and self-sacrifice, even of great wartime romances. The author interviewed more than two dozen U.S. veterans for this book. Most of these stories have never before been published. Together they provide a true account of what the war was really like for those individuals who actually fought it on the two main fronts of the war: Europe and the South Pacific.

*Patton at the Battle of the Bulge* Leo Barron, 2015-11-03 December 1944. For the besieged American defenders of Bastogne, time was running out. Hitler's forces had pressed in as their ammunition dwindled and the weary paratroopers of the 101st Airborne could only hope for a miracle, a miracle in the form of General George S. Patton and his Third Army. Here, Army veteran and historian Leo Barron explores one of the most famous yet little understood clashes of the war, a vitally important chapter in one of history's biggest battles.
