*Maadi* Annalise J.K. DeVries, 2021-03-23 A fresh perspective on the global economic influences that shaped modern Egypt through the history of an affluent Cairo suburb Maadi In the early years of the twentieth century a group of Egypt's real estate and transportation moguls embarked on the creation of a new residential establishment south of Cairo The development was to epitomize the latest in community planning merging attributes of town and country to create an idyllic domestic retreat just a short train ride away from the busy city center They called the new community Maadi after the ancient village that had long stood on the eastern bank of the Nile Over the fifty years that followed this new modern Maadi would be associated with what many believed to be the best of modern Egypt spacious villas lush gardens popular athleticism and most of all profitability Maadi The Making and Unmaking of a Cairo Suburb 1878-1962 explores Maadi's foundation and development identifying how foreign economic privileges were integral to fashioning its idyllic qualities While Maadi became home to influential Egyptians including nationalists and royalty it always remained exclusive too exclusive to appeal to the growing number of lower income Egyptians making homes in the capital Annalise DeVries shows how Maadi's history offers a fresh perspective on the global economic influences that shaped modern Egyptian history as they helped configure not only the country's politics but also the social and cultural practices of the well-to-do Ultimately the means of Maadi's appeal also paved the path for its undoing When foreign tax and legal privileges were abolished Maadi too became untethered from a vision for Egypt's future and instead appeared more and more as a figure of the country's past The Cairo Genizah and the Age of Discovery in Egypt Rebecca J. W. Jefferson, 2022-01-27 The Cairo Genizah is considered one of the world's greatest Hebrew manuscript treasures Yet the story of how over a quarter of a million fragments hidden in Egypt were discovered and distributed around the world before becoming collectively known as The Cairo Genizah is far more convoluted and compelling than previously told The full story involves an international cast of scholars librarians archaeologists excavators collectors dealers and agents operating from the mid nineteenth to the early twentieth century and all acting with varying motivations and intentions in a race for the spoils Basing her research on a wealth of archival materials Jefferson reconstructs how these protagonists used their various networks to create key alliances or to blaze lone trails each one on a quest to recover ancient manuscripts Following in their footsteps she takes the reader on a journey down into ancient caves and tombs under medieval rubbish mounds into hidden attic rooms vaults basements and wells along labyrinthine souks and behind the doors of private clubs and cloistered colleges Along the way the reader will also learn about the importance of establishing manuscript provenance and authenticity and the impact to our understanding of the past when either factor is in doubt *Edmond Jabes and the Hazard of Exile* Steven Jaron, 2017-12-02 For a man who no longer has a homeland writing becomes a place to live Theodor Adorno The Jewish writer Edmond Jabes born in Cairo in 1912 wrote explicitly from the perspective of exile once he arrived in France after the Suez crisis However Jaron argues exile was a predominant theme

even before Jabes left Egypt He brings to light the author s associations with other francophone writers in Egypt especially those affiliated with the Surrealists but shows that metropolitan France exerted a greater pull Drawing on unpublished archival and rare printed sources Jaron examines how Jabes opposed anti-Semitism during the 1930s and later placed the Shoah at the heart of his acclaimed *Livres des Questions* 1963 73 [The British in Egypt](#) Lanver Mak,2012-02-28 Egypt during the British occupation 1882 1922 was a strategically important site for securing British interests in the region Most studies of Britons in Egypt during the occupation focus on the lives and activities of law-abiding British military and political elites Using a variety of primary sources this book deepens our understanding of the hidden British community beyond these elites the lower and working classes and those engaged in crime and misconduct by bringing to light their demographic profile socio-occupational diversity criminal activities and varying responses to the crises represented by World War I and the revolutionary period of 1919 1922 It will be essential reading for historians of British imperialism Egypt and the Middle East

*The Politics and Practices of Cultural Heritage in the Middle East* Irene Maffi, 2014-04-21 During the nineteenth century cultural heritage became a dominant feature of the political ideology of the European states and of their colonies It became a new form of legitimization for the rising nation state cementing its inextricable link with that nation's politics and practices The set of concepts and practices defining cultural heritage were exported to and imposed over the colonized populations in North Africa and the Near East The legacy of the colonial period has proven very significant in the domain of cultural heritage which has become a crucial cultural arena in many Arab states

As in the majorities of post colonial states in the Arab world the inherited paradigm of cultural heritage has been subject to various forms of adaption and re elaboration that have made it a lively and complex space of negotiations between various actors Thus in *The Politics of Cultural Heritage in the Middle East* Irene Maffi and Rami Daher draw together expert scholars to unravel these complex processes that are involved in the definition production and consumption of heritage and its material culture in the Middle East and the dynamics of the key actors involved The variety of the cases analysed that cover the region from Morocco to Lebanon as well as the multiplicity of the actors concerned such as the state post colonial or colonial international organizations municipal councils local communities families and even exceptional personalities highlights and explores the complex processes where very local and specific dynamics intertwine with transnational economic political and cultural fluxes In its examination of the workings of cultural heritage in the Middle East this book is an important resource for students and scholars of Middle East Studies Cultural History History of Art and Architecture and for stakeholders involved in the field of cultural heritage
