Mabacre Of Truth:

Katyn and the Soviet Massacre of 1940 George Sanford,2007-05-07 Examining the Soviet massacre of Polish prisoners of war at Katyn and other camps in 1940 one of the most notorious incidents of the Second World War this book sheds new light on what took place and how the memory of the massacres long affected and continues to affect Polish Russian relations

The Aftermath of the Cassinga Massacre Amukwaya Shigwedha,2017-03-27 It took the former South African Defence Force SADF less than four hours to kill more than eight hundred Namibian refugees at Cassinga on May 4 1978 Thousands of survivors were left with irreparable physical and emotional injuries The unhealed trauma of Cassinga a Namibian civilian camp in southern Angola before the massacre is beyond the worst that the victims of the attack experienced on the ground Unacceptable layers of pain and suffering continue to grow and multiply as the victims grievances and other issues arising out of the aftermath of the massacre have been ignored particularly following Namibias political independence In this book the afterlife of the victims traumatic memories and their aspiration for justice vis vis the perpetrators enjoyment of blanket impunity from prosecution in spite of their ongoing denial of killing and maiming innocent civilians at Cassinga are explored with the aim to create public awareness about the unfortunate circumstances of the Cassinga victims **The Syrian**

Information and Propaganda War Ben Cole,2022-02-22 This book focuses on the propaganda war between the Syrian government and the opposition movement which excludes the Islamic State and the Kurdish led SDF Drawing on international relations psychology and media studies the book encourages readers to question the dominant discourse on the war The core of the book outlines the propaganda battles over the main paradigms and narratives that framed the war exploring the shortcomings of those paradigms and narratives identifying who won the propaganda war and why and assessing what impact it had on the military side of the war In particular it focuses on the role of cognitive bias amongst primary and secondary sources in determining the outcome of the propaganda war and whether the influence of this propaganda is best explained by effects or limited effects theory Through explaining the dynamics of the propaganda war the book encourages readers to critically question the dominant discourse on the war assists them in understanding primary and secondary reporting on the war and shows that the impact of the propaganda war is best understood in terms of limited effects theory The book s main findings are that i the opposition won the international propaganda war but failed to win the propaganda war inside Syria ii propaganda had relatively little effect on shaping attitudes either inside Syria or internationally instead its main effect was to reinforce attitudes that had already been shaped by other factors and iii the reality of the war lies between the conflicting paradigms and narratives being promoted by each side **Truth in the**

The Whiskey Au Go Go Massacre Geoff Plunkett,2018-05-05 This is a work of non fiction The quoted conversations are taken verbatim from police eyewitness statements court transcripts coroners reports and other archival material Unless otherwise stated the narrative is based on the original police murder investigation files The Whiskey Au Go Go nightclub massacre was a defining moment in 1970s Australia the horrific epicentre of all the crime and filth the corruption and deaths that came before and followed that tragic night in March 1973 when 15 innocent people lost their lives Despite the quick arrest and subsequent conviction of John Stuart and his sidekick James Finch the ashes have never stopped smouldering Rumours have swirled around that horror filled night for decades were Stuart and Finch framed Were others involved Were further atrocities committed to hide the truth behind the outrage For decades it was impossible to uncover the truth behind the tragedy That changed in 2012 when the author had the privilege of being the first person to view the files created by the original lead detectives These files reveal what occurred prior to during and after the conflagration They reveal unsettling facts They reveal that the full story of that night has never been told until now

book challenges many widely held assumptions based on hundreds of interviews and a sweeping review of the literature This book will help to define how these issues are addressed in the future **Pretext for Mass Murder** John Roosa, 2006-09-05 In the early morning hours of October 1 1965 a group calling itself the September 30th Movement kidnapped and executed six generals of the Indonesian army including its highest commander The group claimed that it was attempting to preempt a coup but it was quickly defeated as the senior surviving general Haji Mohammad Suharto drove the movement's partisans out of Jakarta Riding the crest of mass violence Suharto blamed the Communist Party of Indonesia for masterminding the movement and used the emergency as a pretext for gradually eroding President Sukarno's powers and installing himself as a ruler Imprisoning and killing hundreds of thousands of alleged communists over the next year Suharto remade the events of October 1 1965 into the central event of modern Indonesian history and the cornerstone of his thirty two year dictatorship Despite its importance as a trigger for one of the twentieth century's worst cases of mass violence the September 30th Movement has remained shrouded in uncertainty Who actually masterminded it What did they hope to achieve Why did they fail so miserably And what was the movement's connection to international Cold War politics In *Pretext for Mass Murder* John Roosa draws on a wealth of new primary source material to suggest a solution to the mystery behind the movement and the enabling myth of Suharto's repressive regime His book is a remarkable feat of historical investigation Finalist Social Sciences Book Award the International Convention of Asian Scholars **Storia della storiografia**, 1997 **Guatemala, the Question of Genocide** Elizabeth A. Oglesby, Diane M. Nelson, 2018-12-07 In Guatemala it was called the trial of the century the 2013 prosecution of former de facto head of state 1982-1983 General Jos Efra n R os Montt and his intelligence chief General Jos Mauricio Rodr guez S nchez on charges of genocide and crimes against humanity against the Maya Ixil people R os Montt's seventeen month reign was one of the bloodiest periods in Guatemala's history with scorched earth massacres the destruction of hundreds of Maya communities and militarized resettlement of Mayas into model villages R os Montt was convicted on all charges Ten days later a higher court vacated the verdict on dubious procedural grounds Nevertheless Guatemala's genocide trial held in the domestic courts in the country where the crimes were committed was precedent setting In this volume Guatemalan and international scholars rigorously explore the complexities of the Guatemala experience and reflect upon the case's implications for understanding and prosecuting the category of genocide more broadly Topics include the nexus of racism and counterinsurgency in explaining Guatemala's genocide the politics of Maya collective memory the intersections of gender sexuality and ethnicity in genocide the decades long interconnections of national and transnational justice processes that brought the case to trial and the limits and contributions of tribunal justice This book was originally published as a special issue of the *Journal of Genocide Research* *The Deaths of Others* John Tirman, 2011-05-15 Americans are greatly concerned about the number of our troops killed in battle 33 000 in the Korean War 58 000 in Vietnam 4 500 in Iraq and rightly so But why are we so indifferent often oblivious to the far greater number of casualties suffered by

those we fight and those we fight for This is the compelling largely unasked question John Tirman answers in *The Deaths of Others* Between six and seven million people died in Korea Vietnam and Iraq alone the majority of them civilians And yet Americans devote little attention to these deaths Other countries however do pay attention and Tirman argues that if we want to understand why there is so much anti Americanism around the world the first place to look is how we conduct war We understandably strive to protect our own troops but our rules of engagement with the enemy are another matter From atomic weapons and carpet bombing in World War II to napalm and daisy cutters in Vietnam and beyond our weapons have killed large numbers of civilians and enemy soldiers Americans however are mostly ignorant of these methods believing that American wars are essentially just necessary and good Trenchant and passionate *The Deaths of Others* forces readers to consider the tragic consequences of American military action not just for Americans but especially for those we fight against

Witnessing Torture Alexandra S. Moore, Elizabeth Swanson, 2018-06-11 This book demonstrates a new interdisciplinary approach to life writing about torture that situates torture firmly within its socio political context as opposed to extending the long line of representations written in the idiom of the proverbial dark chamber By dismantling the rhetorical divide that typically separates survivors suffering from human rights workers expertise contributors engage with the personal professional and institutional dimensions of torture and redress Essays in this volume consider torture from diverse locations the Philippines Argentina Sudan and Guant namo among others From across the globe contributors witness both individual pain and institutional complicity the challenges of building communities of healing across linguistic and national divides and the role of the law art writing and teaching in representing and responding to torture *The Katyn Forest Massacre* United States. Congress. House. Select Committee to Conduct an Investigation and Study of the Facts, Evidence, and Circumstances on the Katyn Forest Massacre, 1952 Authenticity and Victimhood after the Second World War Randall Hansen, Achim Saupe, Andreas Wirsching, Daqing Yang, 2021-10-01 The Second World War was filled with many terrible crimes such as genocide forced migration and labour human made famine forced sterilizations and dispossession that occurred on an unprecedented scale *Authenticity and Victimhood after the Second World War* examines victim groups constructed in the twentieth century in the aftermath of these experiences The collection explores the concept of authenticity through an examination of victims histories and the construction of victimhood in Europe and East Asia Chapters consider how notions of historical authenticity influence the self identification and public recognition of a given social group the tensions arising from individual and group experiences of victimhood and the resulting sometimes divergent interpretation of historical events Drawing from case studies on topics including the Holocaust the siege of Leningrad American air raids on Japan and forced migrations from Eastern Europe *Authenticity and Victimhood after the Second World War* demonstrates the trend towards a victim centred collective memory as well as the interplay of memory politics and public commemorative culture **White Spots—Black Spots** Adam Daniel Rotfeld, Anatoly V. Torkunov, 2015-07-18 Poland and Russia have a long relationship that

encompasses centuries of mutual antagonism war and conquest The twentieth century has been particularly intense including world wars revolution massacres national independence and decades of communist rule for both countries Since the collapse of communism historians in both countries have struggled to come to grips with this difficult legacy This pioneering study prepared by the semi official Polish Russian Group on Difficult Matters is a comprehensive effort to document and fully disclose the major conflicts and interrelations between the two nations from 1918 to 2008 events that have often been avoided or presented with a strong political bias This is the English translation of this major study which has received acclaim for its Polish and Russian editions The chapters offer parallel histories by prominent Polish and Russian scholars who recount each country s version of the event in question Among the topics discussed are the 1920 Polish Russian war the origins of World War II and the notorious Hitler Stalin pact the infamously shrouded Katyn massacre the communization of Poland Cold War relations the Solidarity movement and martial law and the renewed relations of contemporary Poland and Russia The Church's lessons for the Christian year, 120 new sermons Alfred Garnett Mortimer,1903 **The Maamtrasna massacre. Impeachment of the trials** Timothy Charles Harrington,1884
