para adolescentes con problemas de conducta y se utiliza en contextos clínicos que abordan trastornos emocionales complejos Manual para viajar a Japón y no morir en el intento Luis Antonio Rodríguez Gómez, Laura Tomàs

Avellana, 2023-05-04 Viajar a Japón nunca ha sido tan popular. Las imágenes de sus trenes ultrarrápidos, las geishas, el monte Fuji, la estética samurái, el manga y el anime o hasta el omnipresente sushi han ayudado a que Japón esté en la lista de países pendientes de visitar para muchos viajeros. Sin embargo, el hecho de que el idioma y la cultura sean tan diferentes a veces hace que muchos se echen atrás y descarten Japón como destino vacacional. Craso error. Con este manual nadie tendrá problemas a la hora de preparar su viaje con toda la información necesaria: consejos y un marcado estilo práctico. No dejes de visitar Japón ni mueras en el intento *Cuidados básicos domiciliarios a personas dependientes. Manual teórico* Antonio

Barranco Martos, 2015-02-17 El presente volumen incluye los contenidos fundamentales para la impartición del programa docente Cuidados básicos domiciliarios a personas dependientes. El material se ha diseñado para servir de apoyo en cualquier actividad destinada al aprendizaje de sus competencias profesionales. La estructura del manual es la siguiente: Objetivos generales y específicos, Desarrollo teórico del temario, Resumen por tema, Glosario de términos, Bibliografía *Manual de dramaturgia* Doménech, Fernando, 2016-05-17 El término Dramaturgia tiene ya carta de naturaleza en los estudios y en la práctica teatral contemporánea. Aunque a menudo se utiliza como sinónimo de adaptación de un texto para la representación, su sentido es más amplio y engloba toda la serie de decisiones y trabajos previos a la puesta en escena. A esta práctica responde en gran medida este Manual. Sin embargo, la tradición europea ha tendido siempre a primar el texto como la base de todo arte dramático, lo que ha generado una riquísima literatura crítica acerca de cómo se escriben las obras teatrales, cuáles son los criterios por los que una obra se puede considerar digna de estimación, cuáles son sus elementos fundamentales, qué engloba la poesía dramática, etc. Esta tradición de poéticas que han guiado la discusión sobre el arte dramático y han orientado a los escritores al componer sus obras para la escena no ha perdido su vigencia por más que hoy en día no consideremos el texto como la única base del hecho teatral. Una parte importante del trabajo dramático sigue siendo la del análisis de los textos dramáticos y en el Manual de Dramaturgia se le ha dado la debida importancia si bien los autores han procurado no quedarse en los estrechos límites de la poética clásica que tan a menudo se ven repetidos en manuales y obras de divulgación y han ampliado el campo de lo dramático a géneros tradicionalmente despreciados como el teatro breve, la danza contemporánea, el teatro de objetos o el teatro musical, así como a las nuevas formas que se han introducido en la dramaturgia contemporánea y al teatro oriental, depositario de una riquísima tradición demasiadas veces olvidada en los estudios sobre teatro.
