golfers have gone to gain access to golf's premier venues. The proliferation of golf course ratings by magazines combined with the expanded information about golf courses and golf architecture that the Internet age has brought to the fore has created a new and expanding group of golf aficionados who dream of playing at exclusive golf courses and are eager to learn the secrets of doing so. This book's coverage of more than 125 global clubs will be perfect for any player. Skyhorse Publishing as well as our Sports Publishing imprint is proud to publish a broad range of books for readers interested in sports books about baseball, pro football, college football, pro and college basketball, hockey, or soccer. We have a book about your sport or your team. In addition to books on popular team sports, we also publish books for a wide variety of athletes and sports enthusiasts including books on running, cycling, horseback riding, swimming, tennis, martial arts, golf, camping, hiking, aviation, boating, and so much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to publishing books on subjects that are sometimes overlooked by other publishers and to authors whose work might not otherwise find a home.

THE LUCKIEST MAN IN THE WORLD Carl W. Meisterlin, 2014-05-01 The story of one man's extraordinarily lucky life explores the core questions of the true value and meaning of success. **Playing All 50 - Golf & More** Christopher R. Blum, 2014-05-23 Playing All 50 Golf More is one man's quest to play golf in all fifty states while telling of the many adventures he encountered along his journey. Most of the pictures in this book were taken by the author as he played the courses. Hopefully you'll agree he captured the beauty of nature in the pictures and in the descriptions of his golf outings across America. His passion for the game can be described as Golf is a game you can never win. You always think you could have done better. **The Physics of Golf** Theodore P. Jorgensen, 2013-11-27 Improve your golf game by learning the underlying fundamentals of the golf swing in this acclaimed, unique contribution to the sport. Finally, you'll understand why shortening your backswing doesn't substantially decrease clubhead velocity, what components contribute to the optimal swing, and what variations are acceptable. How and why properly shifting your weight adds to distance, why a golf ball behaves and spins as it does, and much more. Written by a physicist after some twenty years of research, Physics of Golf is the only book devoted exclusively to explaining the science behind a successful golf game. Technical appendices offer details for the so inclined. The revised and expanded second now offers you new material on high-tech club designs, a complete new chapter on short putts, additional applications of physics to the problems every player faces. Jorgensen tells golfers what they ought to be doing and why, the correct technique according to the principles of physics. Golf Weekly gives new insights and precise views into the forces and torques developed in the downswing. Thank you, Dr. Jorgensen. We will all treasure your book. American Golf Pro. The heart of golfer Ted Jorgensen's delightful book lies in his analysis of the swing of the golf club and how, armed with insights from that analysis, you, he, and I might all swing the club better and play better golf. The book is designed to be accessible to the casual reader while satisfying the critical student. But first word or last for anyone who has swung a golf club: the book is fun to read. Physics Today. This very enjoyable book covers most aspects of golf from the swing
