Putting Life Together Musings For The Modern Woman:

Putting Life Together Guin Tuckett Stemmler, 1987 **New Books on Women and Feminism**, 1988 **St. Louis Commerce**, 1987 **Press Woman**, 1988 **Genre and Women's Life Writing in Early Modern England** Michelle M. Dowd, Julie A. Eckerle, 2016-04-15 By taking account of the ways in which early modern women made use of formal and generic structures to constitute themselves in writing the essays collected here interrogate the discursive contours of gendered identity in sixteenth and seventeenth century England The contributors explore how generic choice mixture and revision influence narrative constructions of the female self in early modern England Collectively they situate women's life writings within the broader textual culture of early modern England while maintaining a focus on the particular rhetorical devices and narrative structures that comprise individual texts Reconsidering women's life writing in light of recent critical trends most notably historical formalism this volume produces both new readings of early modern texts such as Margaret Cavendish's autobiography and the diary of Anne Clifford and a new understanding of the complex relationships between literary forms and early modern women's selves This volume engages with new critical methods to make innovative connections between canonical and non canonical writing in so doing it helps to shape the future of scholarship on early modern women **Discipliana**, 1986 **Reading Early Modern Women** Helen Ostovich, Elizabeth Sauer, 2004-08-02 Much has been written about women of the English Renaissance but few examples of women's writing from that era have been readily available until now This remarkable anthology assembles for the first time 144 primary texts and documents written by women between 1550 and 1700 and reveals an unprecedented view of the intellectual and literary lives of women in early modern England The writings range from poetry to philosophical treatises addressing a wide array of subjects including law gender education motherhood medicine religion life writing and the arts Each selection is paired with a beautifully reproduced facsimile of the text's original source manuscript allowing a glimpse into the literary past that will lead the reader to truly appreciate the care and craft with which these women writers prepared their texts This essential anthology is a captivating guide to the legacy of early modern women's literature and its authors that must not be overlooked **The Woman's Book**, 1894 The eleven authors who contributed essays to this book on women in business education and the professions reflect the changing attitudes towards women at the end of the 19th century **The Cumulative Book Index**, 1989 A world list of books in the English language **Masculinity and Sexuality in Modern Mexico** Víctor M. Macías-González, Anne Rubenstein, 2012-08-31 In *Masculinity and Sexuality in Modern Mexico* historians and anthropologists explain how evolving notions of the meaning and practice of manhood have shaped Mexican history In essays that range from Texas to Oaxaca and from the 1880s to the present contributors write about file clerks and movie stars wealthy world travelers and ordinary people whose adventures were confined to a bar in the middle of town The Mexicans we meet in these essays lived out their identities through extraordinary events committing terrible crimes writing world famous songs and

ruling the nation but also in everyday activities like falling in love raising families getting dressed and going to the movies Thus these essays in the history of masculinity connect the major topics of Mexican political history since 1880 to the history of daily life Part of the Di logos Series of Latin American Studies *American Book Publishing Record* ,1987 **Women Writers of the Provincetown Players** Judith E. Barlow,2009-10-21 Thirteen short plays by women that were originally produced by the Provincetown Players Reattachment Theory Lee Wallace,2020-05-01 In *Reattachment Theory* Lee Wallace argues that homosexuality far from being the threat to traditional marriage that same sex marriage opponents have asserted is so integral to its reimagining that all marriage is gay marriage Drawing on the history of marriage Stanley Cavell s analysis of Hollywood comedies of remarriage and readings of recent gay and lesbian films Wallace shows that queer experiments in domesticity have reshaped the affective and erotic horizons of heterosexual marriage and its defining principles fidelity exclusivity and endurance Wallace analyzes a series of films Dorothy Arzner s *Craig s Wife* 1936 Tom Ford s *A Single Man* 2009 Lisa Cholodenko s *High Art* 1998 Laurel Canyon 2002 and *The Kids Are All Right* 2010 and Andrew Haigh s *Weekend* 2011 and *45 Years* 2015 that she contends do not simply reflect social and legal changes they fundamentally alter our sense of what sexual attachment involves as both a social and a romantic form **House of Fashion** Jess Berry,2018-07-12 Since Charles Fredrick Worth established his luxurious *Maison de Couture* in 1858 the interior has played a crucial role in the display of fashion *House of Fashion* provides a full historical account of the interplay between fashion and the modern interior demonstrating how they continue to function as a site for performing modern gendered identities for designers and their clientele alike In doing so it traces how designers including Poiret Vionnet Schiaparelli and Dior used commercial spaces and domestic interiors to enhance their credentials as connoisseurs of taste and style Taking us from the early years of haute couture to the luxury fashion of the present day Berry explores how the salon the atelier and the boutique have allowed fashion to move beyond the aesthetics of dress to embrace the visual seduction of the theatrical artistic and the exotic From the Art Deco allure of Coco Chanel s *Maison* to the luminous spaces of contemporary flagship stores *House of Fashion* sets out fashion s links with key figures in architecture and design including Louis S e Robert Mallet Stevens Eileen Gray and Jean Michel Frank Drawing on photographs advertisements paintings and illustrations this interdisciplinary study examines how fashionable interiors have shaped our understanding of architecture dress and elegance **The Publishers Weekly** ,1884 *Forever Stardust* Will Brooker,2017-01-30 Most of the many books about David Bowie track his artistic changes chronologically throughout his career This book uniquely examines Bowie s sameness his recurring themes images motifs and concepts as an artist across all his creative work from lyrics and music through to costumes storyboards films plays and painting To be published on Bowie s 70th birthday *Forever Stardust* looks at Bowie s work not as a linear evolution through calendar time to his tragic death in January 2016 but as a matrix a dialogue a network of ideas that echo back and forth across the five decades of his career interacting with each other and with the

surrounding culture It explores Bowie s creative output as a whole tracing the repetitions and obsessions that structure his work discovering what they tell us about Bowie in all his forms from Ziggy Stardust to David Jones David Bowie challenged cultural expectations from the early 1970s until his final masterpiece Blackstar Forever Stardust offers a new understanding of this remarkable significant artist

Crusoes and Other Castaways in Modern French Literature Joseph Acquisto,2012-08-31 Crusoes and Other Castaways in Modern French Literature Solitary Adventures by Joseph Acquisto examines the many ways in which the castaway particularly in the form of engagement with Robinson Crusoe has been reinterpreted and appropriated in nineteenth through twenty first century French literature The book is not merely a literary history of the robinsonnade in France rather Acquisto demonstrates how what he calls the genre of solitary adventure becomes a vehicle for exploration of much larger questions about the reception of texts modes of reading and the relationship between popular and serious literary traditions The heart of Crusoes and Other Castaways in Modern French Literature examines a crucial moment in the late nineteenth and early twentieth centuries when the history of cultural perspectives on reading and solitude intersect catalyzing a reconsideration of Defoe s tale Acquisto s philosophically inflected readings of works by writers from Rousseau to Balzac Verne to Gide Val ry to Tournier enhance intertextual and cultural approaches to the castaway myth and broaden our appreciation of the dynamic relation it has to modern French literature writ large
