S. Crawford, 2012-08-01 Soon after the start of the Great War work hastily began on a series of huttred camps in Wiltshire for more than 100 000 men and during the course of the war it became home to troops from Canada Australia and New Zealand as well as Britain With soldiers forming a third of the population the effect on the businesses farms and indeed the morals of the county was dramatic Even after the Armistice peace did not return with mutinies and rioting in the camps because of frustration at delays in demobilization Wiltshire and the Great War describes this turbulent fascinating period in depth It describes pre war training showing how inappropriate it was to future warfare outlines the pioneering of military aviation in the county and describes the role of railways in moving tens of thousands of troops There are accounts of shirkers spies escaped prisoners of war prostitutes the landship that clanked across the county and the wireless station that pinpointed the position of Zeppelins Also described are advances in military technology the camp building scandals that led to an inquiry by a Royal Commission press censorship and the blighting of the Stonehenge landscape **Turkey and India in the Shadow of the Great War** Burcu Çevik-Compiègne, 2024-12-30 What do Turkey and India have in common Burcu evik Compi gne brings sources from two apparently separate contexts into conversation to offer fresh insights into the Great War and its ongoing legacy highlighting the perspectives of people in two post imperial nation states She uses public discourses literature oral histories memorials and other material as entry points into histories of writing overwriting and erasing the shadows of an imperial war The connections and parallels between Turkey and India are traced in the narratives of self and the nation from the war to the present and across the globe all the way to contemporary Australia **No Man's Land** Eric J. Leed, 1979-05-31 Based on the firsthand accounts of German French British and American front line soldiers No Man s Land examines how the first modern industrialized war transformed the character of the men who participated in it Ancient myths about war eroded in the trenches where the relentless monotony and impotence of the solder s life was interrupted only by unpredictable

moments of annihilation Professor Leed looks at how the traumatic experience of combat itself and the wholesale shattering of the conventions and ethical codes of normal social life turned ordinary civilians into liminal men men living beyond the limits of the accepted and the expected He uses the concept of liminality to illuminate the central features of the war experience the separation from home the experience of pollution death comradeship and the uncanny and the ambivalence of returning veterans about civilian society In a final chapter Professor Leed assesses the long term political impact of the front experience He finds that the end of hostilities did not mean the end of the war experience as much as the beginning of a process by which that experience was framed institutionalized celebrated and relived in political action as well as in fiction

The Great War Rakhshanda Jalil, 2021-12-30 It is very hard to endure the bombs Father It will be difficult for anyone to survive and come back safe and sound from the war The son who is very lucky will see his father and mother Extract from a letter by an Indian soldier serving in France written on 14 January 1915 to his father The Great War as the First World War was referred to saw the service of over 1.3 million Indians of whom 74,000 never made it back home For their families the War was something they could not fully fathom Soldiers from the Indian subcontinent won over 12,908 awards for bravery including 11 Victoria Crosses Yet this unprecedented show of valour by Indian soldiers remains largely unsung and unrecognised particularly in India Commemorating hundred years of the end of the First World War this volume brings together diverse voices Rabindranath Tagore Mulk Raj Anand Sarojini Naidu Mohamed Ali Chandradhar Sharma Guleri and many more that reflect a variety of attitudes among Indians towards the War Included too are Rakhshanda Jalil's original translations of the works of Urdu poets of the time capturing their responses to the War This volume of writings originally written in Urdu Hindi Bengali and English attempts to recognise and remember the contribution of the unknown soldiers to the Great War

Trial by Fire Nikolas Gardner, 2003-08-30 While existing accounts of this period have elevated the exploits of the British soldiers on the battlefield to almost legendary status the operations of the British Expeditionary Force in the dramatic opening campaign of the First World War remain poorly understood Based on official unit war diaries as well as personal papers and memoirs of numerous officers this study sheds significant new light on the retreat from Mons in August 1914 the advance to the River Aisne in September and the climactic First Battle of Ypres in October and November In addition Gardner provides important insights into the ideas and values of British officers in the initial stages of the war Beyond explaining the conduct of the 1914 campaign Gardner analyzes the initial stages of the learning curve experienced by British officers as they grappled with an unaccustomed type of warfare including the unprecedented scale and intensity of the conflict as well as the advent of trench warfare He also demonstrates the impact of rivalries among senior officers on the operations of the army As a whole the study adds depth to our understanding of command in European armies during the First World War
