Revolutionary Saints Heidegger National Socialism And Antinomian Politics:

Revolutionary Saints: Heidegger, National Socialism, and Antinomian Politics, 2002 *Heidegger, Žižek and Revolution* Tere Vadén, 2014-08-07 Why did Martin Heidegger the giant of continental philosophy believe in 1933 that Hitler is the future of Europe And why does Slavoj i ek the most dangerous philosopher in the West support Heidegger s right wing militancy Heidegger and i ek are not only erudite thinkers on human being but also incorrigible revolutionaries who even after the catastrophic failures of their favourite revolutions the October revolution for i ek and the National Socialist revolution for Heidegger want to overcome capitalism undemocratically if necessary The two share a spirited and sophisticated rejection of the liberalist worldview and the social order based on it The problem is not that liberalism is factually wrong but rather that it is ethically bad Both argue for building and educating a new collective based on human finitude and communality In the tradition of the Enlightenment i ek advocates a universalist revolution whereas Heidegger sees the transformation rooted in particular historical existence inviting a bewildering array of mutually exclusive criticisms and apologies of his view The crisis that Heidegger and i ek want to address is still here but their unquestioned Europocentrism sets a dark cloud over the whole idea of revolution Heidegger and Politics Alexander S. Duff, 2015-11-19 This book traces Heidegger s influence on a variety of political movements to fundamental ambiguities in his understanding of everydayness and nihilism **Heidegger on Ontotheology** Iain Thomson, 2005-07-11 This book discusses much of Heidegger s later thought on metaphysics as ontotheology education and National Socialism **The Heart of Judgment** Leslie Paul Thiele, 2006-09-04 The Heart of Judgment explores the nature historical significance and continuing relevance of practical wisdom Primarily a work in moral and political thought it also relies extensively on research in cognitive neuroscience to confirm and extend our understanding of the faculty of judgment Ever since the ancient Greeks first discussed practical wisdom the faculty of judgment has been an important topic for philosophers and political theorists It remains one of the virtues most demanded of our public officials The greater the liberties and responsibilities accorded to citizens in democratic regimes the more the health and welfare of society rest upon their exercise of good judgment While giving full credit to the roles played by reason and deliberation in good judgment the book underlines the central importance of intuition emotion and worldly experience **Levinas's Rhetorical Demand** Ronald C. Arnett, 2017-03-15 This book provides an introduction to the importance of Levinas s work and an explication of the manner in which the practicality of his insights can assist ethical judgment within the human community *Nature, History, State* Martin Heidegger, 2013-10-10 *Nature History State* 1933 1934 presents the first complete English language translation of Heidegger s seminar On the Essence and Concepts of Nature History and State together with full introductory material and interpretive essays by five leading thinkers and scholars Robert Bernasconi Peter Eli Gordon Marion Heinz Theodore Kisiel and Slavoj i ek The seminar which was held while Heidegger was serving as National Socialist rector of the University of Freiburg represents important

evidence of the development of Heidegger's political thought The text consists of ten protocols on the seminar sessions composed by students and reviewed by Heidegger The first session's protocol is a rather personal commentary on the atmosphere in the classroom but the remainder have every appearance of being faithful transcripts of Heidegger's words in which he raises a variety of fundamental questions about nature history and the state The seminar culminates in an attempt to sketch a political philosophy that supports the Führer state The text is important evidence for anyone considering the tortured question of Heidegger's Nazism and its connection to his philosophy in general

Heidegger and the Jews Donatella Di Cesare, 2018-08-23 Philosophers have long struggled to reconcile Martin Heidegger's involvement in Nazism with his status as one of the greatest thinkers of the twentieth century The recent publication of his Black Notebooks has reignited fierce debate on the subject These thousand odd pages of jotted observations profoundly challenge our image of the quiet philosopher's exile in the Black Forest revealing the shocking extent of his anti-Semitism for the first time For much of the philosophical community the Black Notebooks have been either used to discredit Heidegger or seen as a bibliographical detail irrelevant to his thought Yet in this new book renowned philosopher Donatella Di Cesare argues that Heidegger's metaphysical anti-Semitism was a central part of his philosophical project Within the context of the Nuremberg race laws Heidegger felt compelled to define Jewishness and its relationship to his concept of Being Di Cesare shows that Heidegger saw the Jews as the agents of a modernity that had disfigured the spirit of the West In a deeply disturbing extrapolation he presented the Holocaust as both a means for the purification of Being and the Jews' own self-destruction a process of death on an industrialized scale that was the logical conclusion of the acceleration in technology they themselves had brought about Situating Heidegger's anti-Semitism firmly within the context of his thought this groundbreaking work will be essential reading for students and scholars of philosophy and history as well as the many readers interested in Heidegger's life work and legacy

Heidegger's Confessions Ryan Coyne, 2015-05-04 Although Martin Heidegger is nearly as notorious as Friedrich Nietzsche for embracing the death of God the philosopher himself acknowledged that Christianity accompanied him at every stage of his career In *Heidegger's Confessions* Ryan Coyne isolates a crucially important player in this story Saint Augustine Uncovering the significance of Saint Augustine in Heidegger's philosophy he details the complex and conflicted ways in which Heidegger paradoxically sought to define himself against the Christian tradition while at the same time making use of its resources Coyne first examines the role of Augustine in Heidegger's early period and the development of his magnum opus *Being and Time* He then goes on to show that Heidegger owed an abiding debt to Augustine even following his own rise as a secular philosopher tracing his early encounters with theological texts through to his late thoughts and writings Bringing a fresh and unexpected perspective to bear on Heidegger's profoundly influential critique of modern metaphysics Coyne traces a larger lineage between religious and theological discourse and continental philosophy

A Companion to Heidegger Hubert L. Dreyfus, Mark A. Wrathall, 2008-04-15 The Blackwell Companion to Heidegger is

a complete guide to the work and thought of Martin Heidegger one of the most influential philosophers of the twentieth century Considers the most important elements of Heidegger s intellectual biography including his notorious involvement with National Socialism Provides a systematic and comprehensive exploration of Heidegger s work One of the few books on Heidegger to cover his later work as well as Being and Time Includes key critical responses to Heidegger s philosophy Contributors include many of the leading interpreters of and commentators on the work of Heidegger Heidegger's Religious Origins Benjamin D. Crowe,2006 Sheds new light on Heidegger s early theological development **The Duplicity of Philosophy's Shadow** Elliot R. Wolfson,2018-04-24 Martin Heidegger 1889 1976 is considered one of the most influential philosophers of the twentieth century in spite of his well known transgressions his complicity with National Socialism and his inability to show remorse or compassion for its victims In The Duplicity of Philosophy s Shadow Elliot R Wolfson intervenes in a debate that has seen much attention in scholarly and popular media from a unique perspective as a scholar of Jewish mysticism and philosophy who has been profoundly influenced by Heidegger s work Wolfson sets out to probe Heidegger s writings to expose what remains unthought In spite of Heidegger s explicit anti Semitic statements Wolfson reveals some crucial aspects of his thinking including criticism of the biological racism and militant apocalypticism of Nazism that betray an affinity with dimensions of Jewish thought the triangulation of the concepts of homeland language and peoplehood Jewish messianism and the notion of historical time as the return of the same that is always different inclusion exclusion and the status of the other the problem of evil in kabbalistic symbolism Using Heidegger s own methods Wolfson reflects on the inextricable link of truth and untruth and investigates the matter of silence and the limits of speech He challenges the tendency to bifurcate the relationship of the political and the philosophical in Heidegger s thought but parts company with those who write off Heidegger as a Nazi ideologue Ultimately The Duplicity of Philosophy s Shadow argues the greatness and relevance of Heidegger s work is that he presents us with the opportunity to think the unthinkable as part of our communal destiny as historical beings **Celebricities** Anthony Curtis Adler,2016-07-01 What becomes of life experience and truth in the hyperconsumeristic culture of the twenty first century What happens to the phenomenological call to go back to the things themselves when these things to an ever greater degree involve a televised life that is not ours to live celebrities who are utterly like us yet infinitely untouchable and uncannily pluripotent electronic gadgets Combining sustained philosophical inquiry with fragmentary and experimental theoretical interventions Anthony Curtis Adler rethinks Marxist materialism and the Heideggerian project in terms of the singular experiences of late capitalism In doing so he reveals how the disarticulation of life via the commodity fetish demands at once a new notion of phenomenological method and an ontology oriented toward the radical contingency of being itself as transcendental ground **Heidegger and Kabbalah** Elliot R. Wolfson,2019-10-01 While many scholars have noted Martin Heidegger s indebtedness to Christian mystical sources as well as his affinity with Taoism and Buddhism Elliot R Wolfson expands connections between Heidegger s thought and kabbalistic material By

arguing that the Jewish esoteric tradition impacted Heidegger Wolfson presents an alternative way of understanding the history of Western philosophy Wolfson's comparison between Heidegger and kabbalah sheds light on key concepts such as hermeneutics temporality language and being and nothingness while yielding surprising reflections on their common philosophical ground Given Heidegger's involvement with National Socialism and his use of antisemitic language these innovative readings are all the more remarkable for their juxtaposition of incongruent fields of discourse Wolfson's entanglement with Heidegger and kabbalah not only enhances understandings of both but more profoundly serves as an ethical corrective to their respective ethnocentrism and essentialism Wolfson masterfully illustrates the redemptive capacity of thought to illuminate common ground in seemingly disparate philosophical traditions

Paul in the Grip of the Philosophers Peter Frick, 2013-11-01 One of the remarkable developments in the contemporary study of Paul is the dramatic interest in his thought amongst European philosophers This collection of leading scholars makes accessible a discussion often elusive to those not already conversant in the categories of European philosophy Each scholar addresses systematically what major philosophers have made of Paul and why it matters

Herder's Political Thought Vicki A. Spencer, 2012-04-28 Johann Gottfried Herder was a philosopher and important intellectual presence in eighteenth century Germany Herder's Political Thought examines the work of this significant figure in the context of both historical and contemporary developments in political philosophy Vicki A. Spencer reveals Herder as one of the first Western philosophers to grapple seriously with cultural diversity without abandoning a commitment to universal values and the first to make language and culture an issue of justice As Spencer argues both have made Herder a source of inspiration for the pluralist turn of contemporary political philosophy Contending that in an era of globalization it is no longer possible to ignore Herder's crucial insights on the relationship between cultural membership and individual identity Spencer demonstrates how these ideas can help us understand and perhaps resolve the linguistic and cultural political struggles of our times

Nocturnal Seeing Elliot R. Wolfson, 2024-10-29 In this erudite new work Elliot R. Wolfson explores philosophical gnosis in the writings of Susan Taubes Gillian Rose and Edith Wyschogrod The juxtaposition of these three extraordinary albeit relatively neglected philosophers provides a prism through which Wolfson scrutinizes the interplay of ethics politics and theology The bond that ties together the diverse and multifaceted worldviews promulgated by Taubes Rose and Wyschogrod is the mutual recognition of the need to enunciate a response to the calamities of the twentieth century based on an incontrovertible acknowledgment of the decadence and malevolence of human beings without however succumbing to acrimony and despair The speculation of each of these philosophers on melancholia and the tragicomedy of being is unquestionably intricate exhibiting subtle variations and idiosyncrasies but we can nevertheless identify a common denominator in their attempt to find the midpoint positioned between hope and hopelessness As Wolfson articulates Taubes Rose and Wyschogrod exemplify a philosophical sensibility informed by a nocturnal seeing which is not merely a seeing in the night but rather a seeing of the

night Ultimately the book reveals the potential for these thinkers ideas to enhance our moral sensitivity and to encourage participation in the ongoing struggle for meaning and decency in the present *Mediating Piety* Francis Khok Gee Lim,2009-09-29 A timely and groundbreaking work here is a comprehensive analysis of the interactions between religion and technology in Asia today How does the use of technology affect people s experience of spirituality and the formation of religious identity and community How do developments in the latest technological breakthroughs such as the Internet influence the ways people constitute themselves as social beings and how does it shape their experience of the sacred and the divine Conversely to what extent and in what ways do religious beliefs and practices shape people s attitude towards new technology and its deployment Combining wide ranging empirical investigations and sophisticated theoretical reflections this book demonstrates how the technological and the religious often intersect with the political thereby elucidating the complex relationships between spirituality social and identity formation sovereignty and power **Aspect Perception after**

Wittgenstein Michael Beaney,Brendan Harrington,Dominic Shaw,2018-01-03 This volume brings together new essays that consider Wittgenstein s treatment of the phenomenon of aspect perception in relation to the broader idea of conceptual novelty that is the acquisition or creation of new concepts and the application of an acquired understanding in unfamiliar or novel situations Over the last twenty years aspect perception has received increasing philosophical attention largely related to applying Wittgenstein s remarks on the phenomena of seeing as found in Part II of *Philosophical Investigations* 1953 to issues within philosophical aesthetics Seeing as however has come to occupy a broader conceptual category particularly in philosophy of mind and philosophical psychology The essays in this volume examine the exegetical issues arising within Wittgenstein studies while also considering the broader utility and implications of the phenomenon of seeing as in the fields of aesthetics philosophical psychology and philosophy of mathematics with a thematic focus on questions of novelty and creativity The collection constitutes a fruitful interpretative engagement with the later Wittgenstein as well as a unique contribution to considerations of philosophical methodology Phenomenological Interpretations of Ancient Philosophy

Kristian Larsen,Pål Rykkja Gilbert,2021-05-03 Ancient philosophy has from the outset inspired phenomenological philosophers in a special way *Phenomenological Interpretations of Ancient Philosophy* offers fresh perspectives on the manner in which ancient Greek thought has influenced phenomenology and traces the history of this reception Unlike various related treatments the present volume offers a broad account of this topic that includes chapters on Edmund Husserl Martin Heidegger Hans Georg Gadamer Jacob Klein Hannah Arendt Eugen Fink Jan Pato ka Emmanuel Levinas and Jacques Derrida This collection of essays edited by Kristian Larsen and P l Rykkja Gilbert is addressed to students of ancient philosophy and the phenomenological tradition as well as to readers who have a general interest in the fascinating yet complex connection between ancient Greek thought and phenomenological philosophy Contributions by Jussi Backman P l Rykkja Gilbert Burt Hopkins Filip Karf k Alexander Kozin Kristian Larsen Arnaud Mac Claudio Majolino Hans Ruin Thomas Schwarz Wentzer

Revolutionary Saints Heidegger National Socialism And Antinomian Politics Introduction

In today's digital age, the availability of Revolutionary Saints Heidegger National Socialism And Antinomian Politics books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Revolutionary Saints Heidegger National Socialism And Antinomian Politics books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Revolutionary Saints Heidegger National Socialism And Antinomian Politics books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Revolutionary Saints Heidegger National Socialism And Antinomian Politics versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation.

Furthermore, Revolutionary Saints Heidegger National Socialism And Antinomian Politics books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Revolutionary Saints Heidegger National Socialism And Antinomian Politics books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Revolutionary Saints Heidegger National Socialism And Antinomian Politics books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books,

including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Revolutionary Saints Heidegger National Socialism And Antinomian Politics books and manuals for download have transformed the way we access information.
