River Journal Volume 2 4 1994 Pere Marquette River:

Pere Marquette River Matthew A. Supinski, 1994 Outside Magazine's Urban Adventure, Chicago Lynn Schnaiberg, 2003 The very best Chicagoland spots for running biking kayaking and other outdoor or gym activities are revealed by an ETHS graduate from the class of 1987 **The Imperial Church** Katherine D. Moran, 2020-05-15 Through a fascinating discussion of religion's role in the rhetoric of American civilizing empire The Imperial Church undertakes an exploration of how Catholic mission histories served as a useful reference for Americans narrating US settler colonialism on the North American continent and seeking to extend military political and cultural power around the world Katherine D Moran traces historical celebrations of Catholic missionary histories in the upper Midwest Southern California and the US colonial Philippines to demonstrate the improbable centrality of the Catholic missions to ostensibly Protestant imperial endeavors Moran shows that as the United States built its continental and global dominion and an empire of production and commerce in the Gilded Age and Progressive Era Protestant and Catholic Americans began to celebrate Catholic imperial pasts She demonstrates that American Protestants joined their Catholic compatriots in speaking with admiration about historical Catholic missionaries the Jesuit Jacques Marquette in the Midwest the Franciscan Junípero Serra in Southern California and the Spanish friars in the Philippines Comparing them favorably to the Puritans Pilgrims and the American Revolutionary generation commemorators drew these missionaries into a cross confessional pantheon of US national and imperial founding fathers In the process they cast Catholic missionaries as gentle and effective agents of conquest uplift and economic growth arguing that they could serve as both origins and models for an American civilizing empire The Imperial Church connects Catholic history and the history of US empire by demonstrating that the religious dimensions of American imperial rhetoric have been as cross confessional as the imperial nation itself Documents Accompanying the Journal of the House Michigan. Legislature, 1889 *The Waterways Journal*, 2001 *Archaeological Survey in the Lower Mississippi Alluvial Valley, 1940-1947* Philip Phillips, James A. Ford, James B. Griffin, 2003-10-08 Documents prehistoric human occupation along the lower reaches of the Mississippi River A Dan Josselyn Memorial Publication The Lower Mississippi Survey was initiated in 1939 as a joint undertaking of three institutions the School of Geology at Louisiana State University the Museum of Anthropology at the University of Michigan and the Peabody Museum at Harvard Fieldwork began in 1940 but was halted during the war years When fieldwork resumed in 1946 James Ford had joined the American Museum of Natural History which assumed co sponsorship from LSU The purpose of the Lower Mississippi Survey LMS a term used to identify both the fieldwork and the resultant volume was to investigate the northern two thirds of the alluvial valley of the lower Mississippi River roughly from the mouth of the Ohio River to Vicksburg This area covers about 350 miles and had been long regarded as one of the principal hot spots in eastern North American archaeology Phillips Ford and Griffin surveyed over 12 000 square miles identified 382 archaeological sites and analyzed over 350 000 potsherds in order to define

ceramic typologies and establish a number of cultural periods The commitment of these scholars to developing a coherent understanding of the archaeology of the area as well as their mutual respect for one another enabled the publication of what is now commonly considered the bible of southeastern archaeology Originally published in 1951 as volume 25 of the Papers of the Peabody Museum of American Archaeology and Ethnology this work has been long out of print Because Stephen Williams served for 35 years as director of the LMS at Harvard succeeding Phillips and was closely associated with the authors during their lifetimes his new introduction offers a broad overview of the work s influence and value placing it in a contemporary context
