The tower is composed of many rectangular blocks and has a complex, multi-tiered design. The sky is filled with soft, white clouds. The overall scene is one of grandeur and mystery.

Serving God Not Babel:

Serving God Not Babel David C. Blackman, 2005-06-01 This book was started about five years ago following a debate with a Jehovah Witness and the words David said to that person At the time that person made excuses and left David realised he had received a revelation It was the answer to questions he had asked and prayed about If there is one God then why did many nations once believe in more than one God If all the ancient religions are false then how can we be sure that what we now believe is true and not also false Why is religion to some a dirty word which can turn people away from God rather than bring them to God In this book David provides answers to these questions He examines the importance of belief and language in our civilizations How language and belief is the essence of our culture He suggests that a certain event in our distant past lead to the creation of many different religions and caused us to believe in many different Gods David explains how God choose one individual whose descendents would become a nation of priests A nation destined to be ruled by God via his son He examines what has gone wrong and is wrong with all religions since the birth of Jesus and how we all continue to serve Babel and not God
