Serving The Disabled A Howtodoit Manual For Librarians

Courtney Deines-Jones, Connie Van Fleet

Serving The Disabled A Howtodoit Manual For Librarians:

Serving the Disabled Kieth C. Wright, Judith F. Davie, 1991 Practical guide to assisting persons with special needs both as patrons and employees of the library

Information Services for People with Developmental Disabilities Marilyn M. Irwin, Linda L. Walling, 1995-04-30 Developmental disabilities are the most numerous of disabilities and they are exceptionally complex This professional reference overviews developmental disabilities discusses the information needs of people with developmental disabilities and provides practical guidance to librarians and information professionals who serve them Particular attention is given to the ramifications of the Americans with Disabilities Act for librarians The first part of the book defines and describes developmental disabilities from perspectives relevant to librarians and information professionals The second part examines key life issues that have a major impact on people with developmental disabilities This section emphasizes the current trend toward the inclusion of people with developmental disabilities in mainstream society References to related information sources are included throughout The third part looks at disabilities from the perspective of the library or other information agency An appendix lists organizations agencies businesses and libraries that provide additional materials

Creating Inclusive Library Environments Michelle Kowalsky, John Woodruff, 2016-10-31 Librarians are continually faced with challenges of how to best meet the needs of patrons with disabilities whether those patrons have physical or intellectual disabilities differing learning styles or even temporary problems which impact their access and may change over time And because planning considerations range from policies and organizational culture to facilities technologies and beyond librarians need a guide that covers everything areas that can be addressed quickly and easily as well as those that require long term strategies That guide is here Packed with research based best practices and handy checklists applicable to all types of libraries this comprehensive resource defines what makes environments barrier free whether physical or virtual and talks about how libraries can develop a user centered culture includes techniques for writing policies and procedures that are clear realistic and flexible provides strategies for setting up facilities training staff and maintaining daily operations discusses collaboration and outreach through community partnerships including ways to connect patrons with nonprofits and disability organizations offers programming and workshop ideas such as open houses tutorials and tours of the library delves into assistive technology website design making vendor purchased products accessible and other information technology issues and shares ideas for library assessment realigning strategies and staying current This planning guide will enable libraries to create and maintain a truly inclusive environment for all patrons

Including Families of Children with Special Needs Carrie Scott Banks, Sandra Feinberg, Barbara A. Jordan, Kathleen Deerr, Michelle Langa, 2014 More than 6 5 million children in the US receive special education services in any given community approximately one child out of every six will get speech therapy go to counseling attend classes exclusively with other children with disabilities or receive some other service that allows him or her to learn This new revised edition is a step

by step guide to serving children and youth with disabilities as well as the family members caregivers and other people involved in their lives The authors show how staff can enable full use of the library s resources by integrating the methods of educators medical and psychological therapists social workers librarians parents and other caregivers Widening the scope to address the needs of teens as well as preschool and school age children this edition also discusses the needs of Spanish speaking children with disabilities and their families looking at cultural competency as well as Spanish language resources Enhanced with checklists stories based on real experiences descriptions of model programs and resources and an overview of appropriate internet sites and services this how to gives thorough consideration to Partnering and collaborating with parents and other professionals Developing special collections and resources Assessing competencies and skills Principles underlying family centered services and resource based practices The interrelationship of early intervention special education and library service This manual will prove valuable not only to children s services librarians outreach librarians and library administrators but also early intervention and family support professionals early childhood and special educators childcare workers daycare and after school program providers and policymakers **Library and Information Science** Michael Bemis,2014-03-03 This unique annotated bibliography is a complete up to date guide to sources of information on library science covering recent books monographs periodicals and websites and selected works of historical importance

Preparing Staff to Serve Patrons with Disabilities Courtney Deines-Jones,Connie Van Fleet,1995 This manual provides the library manager with the background techniques and tools needed to prepare frontline staff to meet the challenge of providing one on one and general service excellence to patrons with disabilities in compliance with the Americans with Disabilities Act ADA Electronic Resources Librarianship and Management of Digital Information Mark Jacobs,2013-10-18 Understand better how the role of ER librarian has changed through the years The advent of online information has not only changed tremendously the way that resources are stored and accessed but has caused the evolution of the library and information science profession itself Electronic Resources Librarianship and Management of Digital Information Emerging Professional Roles takes a comprehensive look at the position of electronic resources ER librarians the other people who work with e content what training and skills are needed the managing of e resources and what the proliferation of online information means for the future of libraries Respected experts provide a timely broad based analysis of the impact of the digital age on the profession libraries and the people in libraries who manage the information Electronic Resources Librarianship and Management of Digital Information Emerging Professional Roles is a concise and informative signpost on the way the library profession has responded to the advent of the digital information age This revealing volume explores where these professionals have gained their knowledge and skills what initiatives they have undertaken and made manifest how do or don t e resources fit in the scope of the traditional work that is performed in an academic library and the latest issues encountered with the new format The text is extensively referenced includes figures to illustrate concepts and tables

to clearly present data Topics discussed in Electronic Resources Librarianship and Management of Digital Information Emerging Professional Roles include essential and preferred characteristics of electronic resources librarian the evolution of ER librarians duties the role of ER librarian in hybrid collections research on how well schools train ER librarians providing access to users with disabilities ER librarian role in corporate libraries altering workflows to accommodate the new electronic information format in academic libraries a comparison of the natures of print based and online resources and the cataloging maintenance and access issues a review of the resources and tools that license practitioners use issues involving effective collaboration formal usability testing challenges in making the transition to digital factors affecting the handling of usage data the Government Printing Office s dissemination of electronic government information and more Electronic Resources Librarianship and Management of Digital Information Emerging Professional Roles is a valuable resource for librarians administrators educators and students considering this aspect of librarianship as a profession *Improving Library Services to People with Disabilities* Courtney Deines-Jones,2007-02-28 The book takes account of the key fact that to maximize their potential people must have lifelong access to the information and services offered through books and libraries Whether to address concerns of an ageing population or to enable all citizens to contribute fully through meaningful education and work opportunities more emphasis is being given to promoting library services to people who have disabilities This book is a compendium of articles focused on serving adults with disabilities in an international setting From this book librarians policy makers and constituents will understand the importance of serving all potential patrons will be exposed to best practices and model programs and will learn techniques and strategies for improving the services their libraries offer Pragmatic approach gives librarians tools they can use immediately to improve their services Policy overviews help librarians understand advocacy issues Emphasis on universal access helps librarians and decision makers understand how improving services for people with disabilities improves services for all patrons Communicating Professionally, Third Edition Catherine Sheldrick Ross,Kirsti Nilsen,2013-07-17 An updated and expanded version of the training guide Booklist called one of the most valuable professional publications to come off the presses in a long time the new third edition of Communicating Professionally is completely revised with new sections outlining the opportunities offered by contemporary communication media With more resource information on cross cultural communication including new applications of communication principles and the latest research based material on communication in general this comprehensive manual covers Fundamental skills such as listening speaking and writing Reading others nonverbal behavior How to integrate skills with tips for practicing Sense making a theory of information as communication Common interactions like speaking one on one working in groups and giving presentations Training others in communication skills including a special section on technology based training **Library and Information Services to Individuals with Disabilities** ,2002
